Emerald-Hodgson Hospital (EHH) in Sewanee is joining with Southern Tennessee Medical Center (STMC) in Winchester, Hillside Hospital in Pulaski and Crockett Hospital in Lawrenceburg to form Southern Tennessee Regional Health System.

The four hospitals, all affiliated with LifePoint Hospitals of Brentwood, will work together to share best clinical practices for quality care, achieve operational efficiencies, create organizational scale to enable the addition and expansion of important services, and expand access to primary care services in the southern middle Tennessee region.

The combined system has 382 licensed beds, more than 300 affiliated physicians, 1,250 employees and serves more than 160,000 people in rural communities in the region.

Phil Young, chief executive officer of STMC and EHH, will continue to oversee the operations of these facilities and serve as president of the new regional health system.

This organizational move is designed to address unprecedented changes in the healthcare industry. The changing healthcare landscape has prompted LifePoint and its southern Tennessee facilities to create this

## Vogel Creates Naturally Dyed Yarns for SACA

When you walk toward Lynne Vogel's studio in Sewanee, you pass by a number of Dutch ovens, stock pots and buckets that look as if they've been set out to catch rain or debris. But what is actually happening in those containers is something a bit mysterious and very beautiful.

Vogel, a longtime hand-spinner of yarn and knitter extraordinaire, has moved to dyeing her wool using only native plants to achieve luminous colors that reflect the palette of this Mountain.

"I am intrigued by trying to evoke colors from objects in nature," she said recently at her studio. From a suitcase filled with skeins of wool she pulls out one dyed to a rich, warm brown color, created by soaking the yarn in water steeped with black walnuts from her neighbor's yard. She gently fingers a blue-gray skein dyed with elderberries and gathers skeins of a soft green dyed with Queen Anne's Lace. Coreopsis flowers turned the water orange, but yielded apricot-colored wool that will become fingerless gloves or a fluffy scarf.

Together with Jan Quarles, Vogel will be displaying and selling her hand-dyed wools, knitting patterns and some knitted objects at the upcoming Sewanee

## DREMC to Pass Through TVA Rate Increase

Duck River Electric Membership Corporation (DREMC) members will see a rate increase Oct. 1 due to the rising cost of wholesale electricity from the Tennessee Valley Authority (TVA). DREMC's board of directors voted last week to pass through the TVA's recent wholesale power increase. On Aug. 22, the TVA board approved a 1.5 percent hike in the cost of electricity provided to distributors in the region. It was the first such increase since 2011.

At the retail level, the effect of the wholesale rate increase will be around 1.5 percent, according to Michael Watson, president and chief executive officer of DREMC.

Residential members can expect to see their electric bills for 1,000 kilowatt-hours (kWh) go up \$1.42 per month on average.

"All the additional revenue derived from this wholesale rate adjustment goes to TVA in the power bill," Watson pointed out.

In the past fiscal year, more than 75 cents of every dollar paid to DREMC for electricity went to purchase wholesale power.

"The wholesale cost is the largest component of what we must charge our members," Watson said.

"While we never like to see rates increase for those we serve, this was TVA's decision. Our board passed along the adjustment in order to keep our revenues in line with the cost of service," he said.

Watson noted that DREMC will launch a residential demand response program this winter to help members offset the higher cost of electricity. The voluntary program, called Beat the Peak, aims to reduce demand on the system during extremely cold and hot periods when the cost of wholesale power can soar to \$9.50 per kWh from an average of 7 to 8 cents.

TVA blamed declining demand for electricity, a continued slow economic recovery in the region and higher

## Franklin Co. School Board Member Offers View on PTO Prayer

by Chris McDonough  
Special to the Messenger

As has been reported in the past week, the Franklin County School Board was contacted on Sept. 10 by the Wisconsin-based Freedom From Religion Foundation. In its letter FFRF reported that, according to a parent, "during the last academic year, teachers at North Lake Elementary took it upon themselves to express their religious, particularly Christian, viewpoints." These included, they go on to say, memos sent home at Christmas claiming "Jesus is the reason for the season," and candy canes distributed with a Christian interpretation attached.

At the same time, the president of the Parent-Teacher Organization at North Lake also received a letter from FFRF, in which they allege that PTO meetings are opened with a Christian-based prayer, led by the president. They ask that this practice be stopped. As they write, "These prayers inappropriately alienate those that do not believe in the religious views expressed in the prayers. North Lake Elementary parents that do not share those beliefs are adversely affected by these prayers, which turn non-believers into outsiders of their children's school."

Based upon this information, Director of Franklin County Schools Rebecca Sharber directed the North Lake principal to make certain that all such activities in the school come to an end. In doing so, the director pointed to long-standing court rulings to the effect that matters of religion be kept out of public education.

It is not so clear whether the court rulings about prayer and public schools cover the activities of a Parent-Teacher Organization, which is a voluntary association. Because it is unclear, Sharber solicited the advice

of the school system's legal counsel. It was his opinion that, in order to minimize possible liability, the PTO be requested to substitute a moment of silence for an opening prayer at the start of their meetings. On this advice, Sharber and the principal met with the PTO officers and advised them not to pray aloud, but they indicate they will do so at their next meeting.

The Franklin County School Board has regularly scheduled meetings at 6:30 p.m. on Monday, Oct. 7, and Monday, Oct. 14, and because of the extraordinary interest in this topic, will meet at the FCHS auditorium. Large crowds, mostly pro-prayer, are expected to be in attendance.

My own feeling is that Sharber has acted appropriately in this matter, and in fact, I urged her to take the actions that she has. To my mind, the point of a PTO is to facilitate interaction between parents and teachers for the benefit of children in the school. I believe that FFRF has a point when they say that non-Christian parents feel alienated by the PTO officers' actions, and it was hearing from one such parent that they became involved. More importantly, I believe the FFRF is looking for a reason to bring a lawsuit against a PTO on the matter of prayer.

While there are far more important matters before us—chief among them, the new 105-minute Reading Street program now in use in all county elementary schools—the issue has captured wide attention, and will need to be addressed by the school board. If these matters are of interest to you, I urge you to attend one or both of the meetings this month at Franklin County High School.

McDonough is the elected representative from the Fifth District (Sewanee, Sherwood and Keith Springs) to the Franklin County School Board.

## Community Chest Spotlight Scouting in Sewanee

The 2013-14 Sewanee Community Chest Fund Drive is underway. The power of people helping people makes a difference in the life of the community. Sponsored by the Sewanee Civic Association, the Community Chest raises money yearly for local charitable organizations serving the area. This year's goal is \$108,000. For the next few weeks, the Sewanee Mountain Messenger will focus on some of the organizations supported by the Community Chest. This week we shine the spotlight on local Scouting organizations.

The Sewanee Civic Association is the sponsoring organization of Cub Scout Pack 152. The purpose of the Cub Scout Pack is to prepare young people to make ethical and moral choices by instilling in them the values of the Scout oath and law. Cub Scout Pack 152 uses support from the Community Chest to provide a high quality scouting program. Funds are used to buy awards, finance the annual Pinewood Derby and hold the Blue and Gold Banquet. In addition to money from the Community Chest, the Cub Scouts receive money from popcorn sales and den dues. The Cub Scouts are requesting \$600, which is half of the pack's income.

St. Andrew's-Sewanee School is the chartering organization of Boy Scout Troop 14. The mission of the troop is to provide leadership training, outdoor recreation opportunities and skill development for boys in the community. The troop is requesting funds to replace worn-out camping equipment and to help underwrite travel and canoe rental costs for the outing trip in the spring. The Boy Scout troop receives additional funds through annual dues and fund-raising events. The Boys Scouts have requested \$300, all of which will be used for their annual outing trip.

Girl Scout Troop 2107 builds girls of courage, confidence and character. They are requesting funds from the Community Chest to buy supplies, badges and take field trips. The Girl Scout Troop receives other funds from cookie sales and troop dues. They are requesting \$200, which is 10 percent of the troop's income.

Girl Scout Troop 621 helps girls build confidence and courage and believe in themselves by doing. They are requesting funds from the Community Chest to help buy camping equipment and craft materials. The Girl Scout troop receives money from cookie sales and troop dues. They are requesting \$200, which is 10 percent of the troop's income.

The goal of the Sewanee Community Chest is to help citizens by funding the community. The Community Chest is a 501(c)(3) nonprofit organization, and donations are tax-deductible. Send your donation to Sewanee Community Chest, P.O. Box 99, Sewanee, TN 37375.

## IONAJOY

### To the Editor:

Once again at IONA: Art Sanctuary, two painters stirred us with their separate visions: Charlie Watkins with his subtle hues of earth and Bob Askew with Sewanee's architectural wealth, both with art as fluid as their individual histories and reasons for painting. To John Shackelford: I heard a woman speak three times of the wonder in your verse, of how you integrate your love of sports with love of family. We are all an appreciative audience and grateful for your conversations in the written word.

Robin Lee shared with gentle voice the fabric of her poetry born in observation and reflection with a tinge of irony. The Whites: Jerry reading with power and emotion the stories of her daughter, Susan, and Phil offering tales of humans being human delighted their listeners, on the same evening that Christopher Bryan read from his fantasy novel, opening his imagination to engage our imagination. David Coe stirred us with his interlocking of our history with his unique understanding, detailing his rich characters' lives.

Sunday past, Peter Trenchi shared his brilliant intelligence through an analysis of analysis and the boxes we build with our concepts. Luann Landon's haiku were each a philosophical seasonal shift into poetic beauty, and the narration created by the poetry of Sally Hubbard unleashed time's

secrets, and as with Luann, offered meaning for those unique moments in succession. What amazing artistry this Mountain holds, enlivened with generous creativity. Our gifted neighbors risk sharing their hearts and minds. How fortunate we are.

## YARD SALE BENEFIT

### To the Editor:

We all know this is a very caring community, and there is one more way to show we care. Let's draw together as a community to help someone who grew up here and whose mom, Lula, taught our children at Otey's nursery school back in the day.

There will be a yard sale at the American Legion Hall, 1:30–3:30 p.m., Saturday Oct. 12, to benefit Charliss Burnett, daughter of Lula and James Burnett, who needs help with her medical expenses. There will be a variety of items available, including artwork, jewelry, household items (such as crockpots and dishes), books, movies on DVD and video, purses, a salt-and-pepper shaker collection, and more.

If you would rather make a donation, you can make a check out to the Charliss Burnett Fund and give it to Connie Kelley or Marilyn Davidheiser or mail it to Louise Irwin, P.O. Box 55, Sewanee, TN 37375. Thank you!

## ANGELFEST THANK YOUS

### To the Editor,

The children who filled the streets on Sept. 20 at the third annual Sewanee AngelFest brought smiles and pride to our village. The Sewanee Business Alliance's vision to build Angel Park and add the legacy of signatures in the permanent form of bricks for residents, students, visitors and businesses is becoming a reality.

A hearty thank-you to Joseph's Remodeling Solutions team for planning and hosting the successful children's activities and Treasure Hunt. Thanks to the Sewanee police for their services, and to Louise Irwin and Lizzie Duncan, the emcees for Donna's School of Dance and the Phil White Dog Park Canine Costume Contest. Thanks also to Ivy Wild, the Blue Chair Tavern and Julia's Fine Food, the evening's food vendors.

Thank you to the Franklin County

Library, Ken Taylor's brightly colored balloons, Keri Moser's wonderful face painting, Crossroads Café for cookie-making, Southern Community Bank for the bounce house, Rotary for the basketball shoot, Woody's and all the other Treasure Hunt stamping stations.

The Civic Association raised \$500 and is well on its way to a goal of \$108,000 for the Sewanee Community Chest. The Community Action Committee raised about \$200 and canned goods for the people they serve. Animal Harbor has about 20 families competing to win a hot air balloon ride by raising donations for the new shelter. The Sewanee Children Center's glow bracelets lit up the streets.

Thank you to the event sponsors: Southern Community Bank, Woody's Bicycles, Taylor's Mercantile, the Blue Chair, Myers Point, Big A Designs and Printing, Blue Oak Projects, Citizens State Bank, the Sewanee Mountain Messenger, Reliable Rental, Sewanee Community Chest, Joseph's Remodeling Solutions, the Sewanee Arts Festival and the Sewanee Business Alliance.

Finally, thank you to Towson Engsberg and Friends and the Stagger Moon Band for the music this year. We have so many people to thank and a lot to build on. It really does take a village and this one is pretty special. Looking forward to next year!

John Goodson, president

## RECOVERY MONTH

### To the Editor:

A cardboard testimony and candlelight vigil was held on Sept. 28 at the Tracy City Mini-Park to recognize September as National Recovery Month and to celebrate with recovering persons, friends and families. This year's theme was "Prevention Works—Treatment is Effective—People Recover."

The crowd was welcomed by David Hodges of the Grundy County Safe Coalition. Emily Partin, Grundy County Schools family resource center director, acknowledged the importance of seeking mental health while recovering from addictions. The Rev. John Ross reminded us of the importance of spirituality in recovery. Candles were lit in remembrance of those who have lost their battle and hurting people who are still battling with the disease of addiction. I encour-

## MEDICAL HELP NEEDED

### To the Editor:

Helen Logaglio-Studtmann, former owner of Mountain Breeze Ice Cream Shoppe in Sewanee and the gift shop next door, has been battling cancer for more than three years. For most of this period, Helen was without health insurance and has had tremendous expenses related to treatments, surgery and transportation to and from Chattanooga for cancer services.

Her niece established a YouCaring link at <[www.youcaring.com/medical-fundraiser/hope-for-helen/87237](http://www.youcaring.com/medical-fundraiser/hope-for-helen/87237)> for people to make donations to help Helen. This is a medical fund-raising online service available to help people in need who are experiencing medical bills/expenses which they are having difficulty meeting.

regional system to improve healthcare delivery in Tennessee's rural communities.

The four hospitals included in the new health system have been meeting the unique needs of their respective communities for many years. The new health system brings together the combined strengths and resources of the four hospitals to continue to improve quality care and enhance access to important healthcare services to a growing number of Tennesseans. By joining forces, the hospitals will have the scale to expand and improve services, while bringing about efficiencies to minimize cost.

STMC and EHH operate together to serve the communities of Franklin and Grundy counties. With 705 employees, more than 100 affiliated physicians and 52 volunteers, STMC-EHH is committed to delivering quality healthcare services to the communities they serve.

## Police News

On Sept. 26, Franklin County Sheriff's Office investigators discovered a marijuana growing in the Sherwood area of Franklin County, reported Sgt. Chris Guess, public information officer for the sheriff's office.

Acting on information obtained through an investigation, investigators initiated a search and discovered what are believed to be 10 marijuana plants ranging from 6 to 8-feet in height. The estimated street value of the plants is approximately \$10,000. There is an ongoing investigation concerning this matter, and investigators anticipate criminal charges in the future.

The Sewanee Police Department continues its investigation of vandalism around campus. More incidents were reported in the large parking lot behind Benedict Dorm, as well as in the Trezevant parking lot.

## Grundy County Tax Update

At a special called meeting of the Grundy County Commission on Sept. 20, the commissioners voted to approve an increase in the tax rate for Grundy County. By a vote of five to four, the commissioners set the new rate at \$2.5054 per \$100, the first tax increase in Grundy County in about 18 years. The previous rate was \$2.10 per \$100.

Franklin County's property tax rate is \$2.6736 per \$100; Marion County's property tax rate is \$2.1686 per \$100.

operating costs for the need to adjust wholesale rates.

TVA President and CEO Bill Johnson pledged that his priority is for the multi-state generation-and-transmission utility to live within its means, but sales and revenue are declining at a faster rate than cost reductions can stabilize the budget.

He said the wholesale power increase was necessary to meet 2014 revenue requirements and ensure the safe and reliable operation of the TVA system.

"We will also make critical capital investments to keep reliability high and meet environmental standards and contribute to paying down debt," Johnson said.

TVA's fiscal year 2014 budget anticipates 4.6 percent lower sales year-over-year and is about 6 percent less than 2013. It includes capital expenditures of \$3.3 billion for Watts Bar 2 nuclear plant and clean air controls at Gallatin Fossil Plant.

Duck River Electric Membership Corporation, headquartered in Shelbyville, Tenn., is a Touchstone Energy Cooperative serving 72,000 residences, businesses and farms. District offices are located in Columbia, Manchester, Decherd, Sewanee, Shelbyville, Lynchburg and Lewisburg.

## DREMC/TVA Plan Outages

Tennessee Valley Authority (TVA) has scheduled two outages for Duck River Electric Membership Cooperative members living in Sherwood and Anderson.

The first outage is scheduled for Saturday morning, Oct. 5, from 6:30 a.m. until 10:30 a.m. The second outage is scheduled for Saturday morning, Oct. 19, from 6:30 a.m. until 10:30 a.m.

These outages are necessary for TVA to replace damaged utility poles on a cross-country section of line that feeds Sherwood and Anderson substations. This outage will affect all consumers in the Sherwood and Anderson area but will not affect consumers in Sewanee, Cowan and Sinking Cove.

In the event of inclement weather, the outage will be rescheduled for Saturday, Oct. 26, from 6:30 a.m. until 10:30 a.m.

Duck River Electric appreciates the cooperation and understanding of its members during this planned outage as it strives to improve the reliability of the electric system.

## More Information about the Affordable Care Act

*[Editor's Note: On Oct. 1, Affordable Care Act went into effect. This is the second in a series of Messenger articles about how the law will be implemented, with citations for additional information.]*

**Who qualifies for purchasing insurance through the public health insurance exchange and what kind of coverage is available?**

The Affordable Care Act includes a provision for every state to have a public health insurance exchange. U.S. citizens and legal permanent residents or green-card holders are eligible to purchase insurance through the state marketplaces and are eligible for tax credits to cover premium costs if they earn between 100 percent and 400 percent of the Federal Poverty Level. In states that accept ACA funding to expand Medicaid, U.S. citizens and legal permanent residents or green-card holders who earn less than 133 percent of the FPL will qualify for Medicaid, beginning in 2014.

Currently, Medicaid and CHIP (the Children's Health Insurance Program) only provide health coverage to children, pregnant women and individuals with disabilities. Some states charge relatively small income-based premiums and enrollment fees for Medicaid. In other states, Medicaid is free.

Legal immigrants in the country for fewer than five years or in the country temporarily, such as students and work-visa holders, will not qualify for Medicaid under the ACA, although they are eligible to purchase insurance through the state marketplaces and for tax credits to cover premium costs if they earn between 100 percent and 400 percent of the Federal Poverty Level.

Tennessee declined ACA funding to expand Medicaid. In Tennessee, except in the case of those who already qualify for Medicaid or CHIP, no provisions have been made to provide healthcare for individuals and families earning less than 100 percent of the FPL. Those below 100 percent of the FPL can purchase insurance on the Tennessee state marketplace, but they do not qualify for tax credit premium subsidies.

Policies purchased through the exchange have no lifetime or annual maximum and must offer essential health benefits: hospitalization, doctor's office visits, outpatient services, emergency services, maternity and newborn care, mental health and substance abuse services, prescription drugs, lab tests, chronic disease management, preventative services, and pediatric services including dental and vision, and rehabilitative and habilitative services.

## SES Walk to School Day on Wednesday

Sewanee Elementary School will join with schools around the world to celebrate International Walk to School Day on Wednesday, Oct. 9. Parents, teachers and community members are invited to join SES students in front of the University Book & Supply Store starting at 7:30 a.m. The walk from the bookstore down University Avenue to the elementary school should begin at around 7:40 a.m.

Last year more than 200 participants joined together for the walk that has become a tradition at SES. This event is part of an international week of festivities to encourage physical activity, health, safety and concern for the environment.

The walk is organized by David Gilliam, SES physical education teacher. For more information about the local event, call 598-5951. To learn more about national events associated with International Walk to School Day, go to <www.walktoschool-usa.org>.

Civil War-era clothing will be on display Saturday in Monteagle.

## Civil War Living History Event Saturday

The third annual Civil War Living History program, hosted by the Town of Monteagle, will be from 10 a.m. to 5 p.m., Saturday, Oct. 5, at Hannah Pickett Park. This event will include cannon shooting on the hour, history of flags and uniforms, as well as a display of signboards throughout the park with information about landmark events during the Civil War.

Folks can step back in time and experience a walk through history as they are escorted by Confederate soldiers; moving from station to station, people can interact with one man's family and fellow soldiers as they "walk" in his shoes and see the war's effect on the lives that it touched.

There will be displays of swords and relics, as well as live music, food vendors and period and area craft vendors.

## A College Representative for Each SAS Senior

Representatives from dozens of colleges and universities across the country will visit St. Andrew's-Sewanee School in the coming weeks. In an average year, the school will welcome 50 admissions representatives. That's just about one college representative for each member of the senior class.

The college representatives travel from as far away as the University of Puget Sound and St. Andrew's, Scotland, to visit with SAS students.

Their visits are an opportunity for the students to learn more about the colleges and for the representatives to learn more about St. Andrew's-Sewanee.

“We encourage our students to visit the colleges and universities they are considering, but it's tremendously valuable to have representatives from those schools visit us, as well,” according to Christine Asmussen, SAS's director of college counseling.

“When a college representative comes to our campus they get a better sense of what goes on here. They see the

quality of the school and its facilities. It is a real benefit to our students to have someone at the college who can put their application into context,” said Asmussen.

Each year, SAS seniors are accepted into some of the country's most selective institutions, including Bryn Mawr College, Carleton College, University of Chicago, Cornell University, Mount Holyoke College, Oberlin College and Wake Forest University.

In recent years graduates have enrolled at some of the finest universities and liberal arts colleges in the U.S., including Boston University, Bowdoin College, University of California-San Diego, Carnegie Mellon University, Colorado College, Davidson College, Emory University, Georgetown University, Georgia Tech, Johns Hopkins University, Kenyon College, Middlebury College, New York University, University of Richmond, Sewanee, Smith College, Vassar and Wellesley.

Arts and Crafts Association's (SACA) Fall Fair on Saturday, Oct. 12, in Shoup Park. Quarles, who has collaborated with Vogel for many years on spinning and knitting projects, is a professor of communication at MTSU but has spent her free time "spinning and playing with color since the 1970s."

Vogel described her interest in dying with found objects. "This was a good summer for gathering things to dye," she said, noting that the abundant rains meant fertile vegetation.

"All these are natural dyes on natural fibers," Vogel said. After using synthetic dyes for most of her career, she is delighted to be using the plants and fibers she can find in her backyard.

At the crafts fair Quarles will showing her eco-dyed scarves and fabric that have been dyed by binding the flora directly to fabric, simmering together to transfer the color from the leaf to the fiber.

Vogel is well-known beyond the Mountain for her knitting patterns, often described as "elegant with an edge." She said, "My designs are artful yet classic enough to cross fashion barriers."

The hand-spinning Vogel has long practiced has influenced her pattern design. "Spiraling patterns especially intrigue me because the spiral is a symbol of the vortex of creation," she said. "Every time I spin yarn I hold the tiny vortex of the point of twist between my fingertips. Hand spinning is all about the point of twist, how fibers are pulled into this vortex to become yarn."

Vogel is the author of two books about knitting: "The Twisted Sisters Sock Workbook" and "The Twisted Sisters Knit Sweaters." Her knitting patterns can be found at <www.ravelry.com>.

## A VIEW FROM THE DUMP

by Francis Walter

### Not Breaking (is) Bad

Tommy is a gentle man. He keeps watch over the culture of our Dump with grace and forbearance. A rule of the Dump is that all pasteboard going into the pasteboard bins should be flattened, or in the words of our Dump, "broken down." Tommy encourages this.

When new, the pasteboard bins had secure steel covers on top, with slots 6 or 8 inches high set into the fronts of the bins so that only broken-down boxes could fit through the slots. Now, however, the steel covers are long gone, and the bins are gaping open at the tops until they become full and then are covered with hog wire by Tommy.

Until a few weeks ago, the presence of hog wire covering a bin signaled to those with eyes to see that the bins were full, waiting for a truck to empty them. But if the truck is broken down (as it was a few weeks back), the bins stay full until the truck is fixed. Until that time, the bins are off limits, and covered by the wire attached by Tommy. This irritates people who want to dump intact boxes, Devil take the hindmost.

As I said, until a few weeks ago the hog wire only went on when bins were full. Inevitably, this allowed self-serving folk to toss whole boxes into the bins, quickly using up all the space. As they heaved whole microwave-size boxes in, they were sometimes checking to see if Tommy was looking.

Recently Tommy decided to leave the wire on permanently, removing it only when the truck arrived. Now with the wire on all the time, these brazen solipsists actually roust him from his small office demanding he remove the wire so they can deposit their huge, intact boxes. Tommy explains with exasperation that boxes must be broken down. Tommy told me:

"This man the other day said, 'I don't have to [break down the boxes].'"

"I said, 'Won't be any room for anyone else.'"

"He said, 'I don't care.'"

"I said, 'Well, at least take 'em over to the compactor.'"

"He wouldn't do it. Left 'em on the ground by the bins.'"

Tommy only has the power to take down the license plate numbers of such scofflaws. Between you and me, do you believe the Franklin County sheriff has the time to hunt down whole-box malefactors? I hope not. How sad.

I don't really believe in works of supererogation. The Anglican Church frowns on such doctrine. Still, when I flatten the little grey cardboard tube in the toilet paper rolls and slip it through the slot, it's fun to imagine such small works of piety are accumulating. Then, when my tank is full up, maybe they can be transferred to the account of poor souls in Purgatory who never broke down a box.

## Sewanee Students Make the Guinness Book of Records

The Alpha Phi Omega (APO) service fraternity at Sewanee participated in an anti-hunger event on Sept. 28 that is now in the Guinness Book of World Records.

Members of APO traveled to the Municipal Auditorium in Nashville, where they joined with more than 1,500 people to package 530,064 nonperishable meals that will be sent to orphans in Haiti. What put the event in the record books was that they packed all the meals in 40 minutes. One organizer said, "They could likely have reached 600,000 meals in an hour, but the event ran out of beans."

The meal-packing event was part of the 30 Abes campaign, designed to help alleviate hunger among orphans in Haiti. 30 Abes represents 30 cents, which is the cost of one life-sustaining meal. Working with the nonprofit organization Numana, they can provide a meal of rice soy, dried pinto beans and a vitamin/mineral substance. Also, included in the 30 cents is the packaging and international shipping of the food.

The APO members that participated were Maria Stratienko, Elise McCullough, Savannah Rose, Fleming Beaver, Nate Chapman, Joseph Memory, Antinea Cole, Revel Lannom, Emily Ruger, Kierston Satterwhite, Georgia Skerman, Sarah Anne Herbert, Elizabeth Beilharz and Josh Hirakawa. After the event, APO participants were in agreement that working with 30 Abes was an exciting experience and immensely rewarding.

"Being part of providing that many nutritious meals to hungry kids in Haiti is something we can all rejoice about and that Sewanee can be proud of," said McCullough.

## AT THE MOVIES

### SEWANEE UNION THEATRE

Friday–Sunday, Oct. 4–6, 7:30 p.m.

*This is the End* (2013)

Rated R • 107 minutes

"This is the End" imagines what would happen if the apocalypse came and James Franco, Seth Rogan and their buddies were left behind. Along for the ride are Jonah Hill, Danny McBride and Craig Robinson, with cameos by Michael Cera, Emma Watson and Mindy Kalin. When the rating description is longer than the film plot, you know to be warned. If you love the Franco-Rogan gang, then you know what to expect. Some reviewers loved this movie, but I didn't share their passion for it. Rated R for crude and sexual content throughout, brief graphic nudity, pervasive language, drug use and some violence.

### CINEMA GUILD

Wednesday, Oct. 9, 7:30 p.m.

*Bonnie and Clyde* (1967)

Rated R • 112 minutes • Free

With an all-star cast and keen direction, "Bonnie and Clyde" is one of the great movies of the 20th century and now's your chance to see it on the big screen. "Bonnie and Clyde" is loosely based on a true story. But the movie is far more than just bank robbers in love. Director Robert Benton uses the 1930s story as a jumping off point to comment on the turbulent 1960s. Actor-producer Warren Beatty was the driving force behind getting this film made; he is joined on-screen by Faye Dunaway, Gene Hackman and Estelle Parsons. Pauline Kael called it "the most excitingly American American movie since 'The Manchurian Candidate.'" Rated R for violence.

### SEWANEE UNION THEATRE

Thursday–Sunday, Oct. 10–13, 7:30 p.m.

*Much Ado About Nothing*

Rated PG-13 • 109 minutes

What happens when a well-known director invites some friends over and reads a little Shakespeare? If you are Joss Whedon, you pull out the video camera and start shooting as the party begins. Whedon used the original text, but set Beatrice and Benedick in modern times. One reviewer wrote, "Joss Whedon's take on Shakespeare's classic tale is swanky, sexy and sophisticated, as bracing as a dry martini poured from a silver shaker on a summer night." Rated PG-13 for some sexual-ity and brief drug use.

"What Man Has Made Of Man, II," by Bob Short, 1991

## Bob Short Show Opens in Nashville

The paintings of Sewanee artist Bob Short are the subject of a new one-man show at the Tennessee State Museum in Nashville. The show opens on Thursday, Oct. 11. Short is considered an "outsider" artist, as he's never been trained as a painter. He was a farmer and a lawyer before retiring in 1991.

Lois Riggins-Ezzell, executive director of the museum, said she was pleased to have a show of Short's work.

"We are delighted to present the incomparable work of painter Bob Short at the State Museum for the next several months. Not only is Short an outstanding painter, but he is a true visionary artist as well."

Riggins-Ezzell came to Sewanee recently to look at his paintings.

"From the moment we first saw his work, we were incredibly impressed with the way in which he creates such thought-provoking pictures with universal overtones—they subtly encourage viewers to consider moral issues more deeply without being intimidating," she said. The museum is hosting a preview and reception for Short as part of the show at 6 p.m., Thursday, Oct. 10. For more information go to <<http://www.tnmuseum.org/>>.

A 5K run will kick off the events at 8 a.m. Registration starts at 7:30 a.m.

A pancake breakfast will be held from 9 to 10:30 a.m. at Altamont Community Center with flapjacks, bacon, sausage and coffee. Tickets are \$5 for ages 12 and up, \$2.50 for ages 7-11, and children under 7 eat free.

At 7 p.m. the Florence Scruggs auditorium will feature storytelling hour. The evening ends with a street dance in front of the courthouse and a haunted hayride.

## SAS MS Soccer Ends Season

The St. Andrew's-Sewanee middle school girls' soccer team made the trip to Fayetteville on Sept. 24 to play in its first post-season match-up. The first half was a tense and physical battle. Fayetteville however, put away two quick goals from set pieces before the half. SAS came out of the halftime break fast and created a few goal-scoring opportunities, but could not find the finishing touch. Fayetteville scored a final goal before the final whistle to get a 3-0 win.

### Attention Consumers of Duck River Electric Membership Corporation

The Tennessee Valley Authority (TVA) has scheduled two outages for DREMC members living in the communities of Sherwood and Anderson in Franklin County.

The first outage is scheduled for Saturday morning, October 5th, from 6:30 a.m. until 10:30 a.m. The second outage is scheduled for Saturday morning, October 19th, from 6:30 a.m. until 10:30 a.m.

These outages are necessary for TVA to replace damaged utility poles on a cross-country section of line that feeds Sherwood and Anderson substations. This outage will affect all consumers in the Sherwood and Anderson area but will not affect consumers in Sewanee, Cowan and Sinking Cove.

In the event of inclement weather, the outage will be rescheduled for Saturday, October 26th, from 6:30 a.m. until 10:30 a.m.

Duck River Electric appreciates the cooperation and understanding of its members during this planned outage as we strive to improve the reliability of the electric system.

## Strong Third Quarter Pushes W&L Past Sewanee

A strong third quarter helped long-time rival Washington & Lee defeat the Sewanee football team, 35-24, on Sept. 28.

With the Generals leading 21-17 at halftime, W&L came out and scored 14 unanswered points to begin the second half.

W&L (2-1) opened the game with a six-play, 80-yard drive and a 37-yard touchdown run.

Sewanee responded on its opening drive with a 15-yard touchdown run by running back Devante Jones. On the drive, the Tigers rushed nine times for 73 yards.

The Tigers tied the game at 14-14, when Curtis Johnson found Charlie Powell for a 40-yard touchdown pass. The Tigers added one final score before the break, when Callum Wishart booted a 27-yard field goal.

Unfortunately, out of the locker room, W&L scored on a two-yard run and a one-yard run.

Sewanee added one late touchdown when quarterback Cody Daniel ran into the end zone from 36 yards out.

Daniel finished with a season-high 64 yards of total offense and one touchdown.

Defensively, safety Alex Kops had a career-high 12 tackles.

## Tigers Run Hard at the Rhodes Invitational

## Tigers Defeat Emory & Henry Soccer 4-1

Two goals by Ford Emerson helped lead the Sewanee men's soccer team to an impressive 4-1 victory over Emory & Henry on Sept. 29.

Sewanee has now won five straight matches and scored four goals in its past two contests. During their five-match winning streak the Tigers have outscored their opponents 13-4.

After taking multiple shots in the first four minutes, Emerson broke the scoreless tie in the eighth minute, when he converted from teammate William White. Minutes later White would be the one that scored, when he received a well-placed pass from Brian Maloney and beat the keeper at the top of the box.

After a late first-half goal by Emory & Henry, Sewanee retook the momentum in the second half.

In the 62nd minute Emerson blasted a cross from White to make the score 3-1.

Then, seven minutes later, Maloney got behind the defense and tapped his shot in to close out the scoring.

Overall, Sewanee finished with a season-high 29 shots.

Goalkeeper Holden Foster improved to 5-0-0 this season with his fifth straight win.

## OVERTIME

by John Shackelford

My father-in-law, Paul Gemborys, was a dedicated and intense sports fan. He was fiercely loyal to his beloved Boston Red Sox on the diamond and to the Notre Dame Fighting Irish on the gridiron. As one of 15 Catholic children growing up in Gardner, Mass., his loyalties could easily be explained. He would sit inches from the television screen barking at both hero and foe, urging victory for the team wearing his colors. The loud voice and demanding tone came from his many years serving as a U.S. Marine. Loyalty and pride defined his passion for sports.

Without the means to afford a college education, Paul enlisted in the corps long before he began to pursue college classes. At every Marine Corps base from North Carolina to southern California he attended night classes and eventually completed the course requirements for a Ph.D. in history. In his later years he taught college night classes in Camp Lejeune, N.C.

Along the way there were many stops, seven children and countless struggles. For a brief time after the Marine Corps and as he finished his graduate degree, Paul drove a cab at night and worked at a movie theater on the weekends. His wife, Virginia, took in sewing at home. The family qualified for free lunch for the kids at school and for food stamps to help make ends meet. I cannot imagine how difficult it was for this hard-working and loyal ex-marine to drive his wife to the grocery store and pay with food stamps. His high school-aged children preferred to skip lunch rather than stand in line and accept a free meal in front of their peers.

One week when Paul and Virginia needed to return home to Massachusetts, they left their 15-year-old daughter in North Carolina in charge of the groceries and left the food stamps with her to feed the family. By the end of the week the kids were making dinner on what was grown in the family garden in the back yard. Marines and their families don't want sympathy and they don't need it. That is as far away from the point as the Green Monster in Fenway Park is from our Tennessee Mountain home.

At some point in this life, we all need a hand and we all need a little support. Some have come to believe that when that support comes from the federal government, we are committing a heinous crime. Fifteen percent of the population in the most powerful country on earth is living in poverty, and one in six is hungry. Families right here in the coves and valleys of this Plateau are unsure of where their next meal is coming from or who will pay for the medicine they need. Yet we have people in Congress that deny food stamps to their fellow citizens and rage against a law titled the Affordable Care Act. Who among us can stand up and proclaim, "I love my health insurance plan. This is affordable for us all." Who can really believe that only those of us fortunate to have jobs and careers that allow us to buy luxuries such as tickets to the Red Sox games or send our children to Notre Dame deserve to eat three meals a day? Panera Bread CEO Ron Shaich tried living on food stamps for one week and reported that he was hungry every day. He began attempting to raise awareness about hunger in America and left with the personal knowledge about what food insecurity really means when trying to exist on \$4.50 a day.

Paul Gemborys died a few years ago. He died a Marine, a husband, a father and a college graduate who served his country and supported his family. Loyalty and pride extends beyond teams such as Boston and the Fighting Irish. Loyalty and pride is what I want to feel when I see our flag and know that our country is taking care of our own.

## NATURENOTES

By Harry and Jean Yeatman

### Tree Swallows

"Several times this past summer," **Jean Yeatman** reports, "when **Harry** and I were out at the Lake Cheston area, we watched tree swallows skim and swoop above the lake and meadows. They glide in circles, ending each glide with three or four flaps of their wings. This is one of our most abundant swallows and the only one to spend its winters in the States. Its coat is a lustrous dark steel-green above, with a white breast below; it is frequently referred to as the white-breasted swallow. It is five to six inches long. The young are brownish in color.

"Tree swallows nest in holes in trees," she continued, "but have begun to prefer nesting boxes. The Chattanooga River Walk Bluebird Society has put out hundreds of bluebird boxes, and now they are all occupied by tree swallows. They have been banding these birds and have found that many return the next year to nest beside the river, as they prefer to be around water and marshy areas.

"Next spring during breeding season," she concluded, "the bluebird boxes on the University farm need to be checked to see what birds are using them.

### Meteor Seen on Sept. 28

Dozens of people on the Mountain reported witnessing a large fireball or small meteor about 6:30–7:30 p.m., Saturday, Sept. 28. The American Meteor Society (AMS) has had more than 800 eyewitness reports of the event from people in Alabama, Georgia, Kentucky and Tennessee.

Bill Cooke, a scientist for NASA's Meteoroid Environment Office in Huntsville, said the organization's meteor cameras in the Southeast do not turn on until twilight, but he was able to review eyewitness reports, several pictures and a single mobile phone video.

"It looks like the meteor originated over North Alabama in the Gadsden/Fort Payne area and moved east southeast, finally burning up over Atlanta," Cook said. "The images and the video lead me to estimate the fireball's brightness to be similar to the crescent moon, which means the meteoroid was a few inches in diameter."

September has been a busy month for sightings of bright fireballs, according to the AMS, with 13 fireball sightings last month with at least 25 witnesses, the most ever since the AMS started recording sightings online, they say.

AMS tracks meteors and other space debris sightings. To help them document events, go to <[www.amsmeteors.org/members/fireball/report#1](http://www.amsmeteors.org/members/fireball/report#1)>.

# MGTA Hosted Work Day

The Mountain Goat Trail Alliance (MGTA) had a successful volunteer work day on Sept. 28 to clear parts of the trail in preparation for construction of the Mountain Goat Trail between Sewanee and Monteagle.

"It's exciting to see physical progress on this part of the Mountain Goat Trail," said MGTA board member Chris Roberts of Nashville, who was on hand to participate in the cleanup.

"We're all looking forward to completing this section so folks can walk or bike on the Mountain Goat between Sewanee and Pearl's, Mooney's Market, and the shops and restaurants of Monteagle," Roberts said.

The sites for the workday were a section of rail bed adjoining Mooney's Market and the connector trail behind Pearl's restaurant.

University Domain Manager and MGTA volunteer Nate Wilson provided the University's chipper-shredder for use on the small trees and brush which were cleared from the trail. Students from Chi Psi fraternity also participated, as did volunteers from Sewanee, Tracy City and Chattanooga.

Bids are currently being accepted for construction of Phase II of the Mountain Goat Trail between Sewanee and Monteagle, with construction due to start by spring of 2014.

The Mountain Goat Trail is a rail-to-trail community outdoor recreation project to convert the abandoned Mountain Goat railroad right-of-way into a multi-use recreational corridor connecting Grundy, Marion and Franklin Counties. Donations to the Mountain Goat Trail Alliance are tax-deductible.

# Pets of the Week

### Meet Harley and Maybelline

The Franklin County Humane Society's Animal Harbor offers these two delightful pets for adoption.

Harley is a handsome young Doberman who loves people and attention. He wants a home with people who will have fun exercising with him. Harley is house-trained, up-to-date on shots and neutered.

Maybelline is a stunning young adult kitty who would like to relax in a quiet home. She looks like she's wearing eyeliner, but her markings are completely natural. Maybelline is negative for FeLV and FIV, house-trained, up-to-date on shots and spayed.

For a limited time, two kittens may be adopted together for one adoption fee of \$75. Having two kittens is better than one because they play together and keep each other company. Adult cats may be adopted for a \$40 fee during this special.

Every Friday is Black Friday at Animal Harbor. On Fridays, adoption fees will be reduced 50 percent for black or mostly black pets more than 4 months old who have been at Animal Harbor for more than a month. Pets adopted from Animal Harbor qualify for a free post-adoption wellness exam by local veterinarians.

Call Animal Harbor at 962-4472 for information and check out the other pets at <[www.animalharbor.com](http://www.animalharbor.com)>. Enter their drawing on this site for a free spay or neuter for one of your pets. Please help the Humane Society continue to save abandoned pets by sending your donations to the Franklin County Humane Society, P. O. Box 187, Winchester, TN 37398.

## Buster Keaton's Birthday Oct. 4, 1895

Ever wester  
ever faster  
Buster, hasten  
your disaster.

Film is falling,  
time a twister,  
sound unfurling  
her nor'easter.

Scale the mast  
and list to keening.  
Buster, listen:  
are you dreaming?

Are you falling?  
Are you flying?  
Buster, cinema  
is dying.

Not a whisper.  
Never laughter.  
Buster, thank you  
for disaster.
