## Pro-Football's Hayworth to Coach at GCHS

by Leslie Lytle, Messenger Staff Writer

Just over two weeks before the start of school, Grundy County Schools Athletic Director Leon Woodlee contacted former Tennessee Vols and Detroit Lions linebacker Tracy Hayworth and offered him the job of head football coach at Grundy County High School.

"I was surprised, shocked and happy," Hayworth said. "It was a whirlwind of emotions."

Hayworth coached previously at the University of the South, Southwest Baptist University (Missouri) and as a volunteer at his alma mater, Franklin County High School.

"I'd sort of been looking for a coaching position," Hayworth said, "but it was late in the season and the opportunity surprised me."

Woodlee was appointed athletic director on July 12. He and GCHS football coach Scott Smith had a disagreement Woodlee's first week on the job. He fired Smith and hired Hayworth two days later.

"The director of schools told me she wanted our football program cleaned up," Woodlee said. Aggravated rape charges against several players and a mid-season change of coaches had given the football program a "black eye." Smith was hired in February after the 2017 season's close.

A former school board member and girls basketball coach at Swiss Memorial and GCHS, Woodlee had his eye on Hayworth even before being appointed to the position of athletic director.

"Hire this guy and you won't have to worry about Grundy County football," people in Sewanee and Winchester told me.

"I'm the best person for the job," Hayworth said. "It answers all the 'whys' in my life, my trials and tribulations and my training and experience."

"My job is to get the guys back to championship quality and bring the community together, to get the team and community reconnected."

Hayworth favors a "back to basics" approach to coaching. "It's about building character and a sense of pride, being a mentor to the boys. I want them to be young men who excel in the classroom and are leaders in society, to teach them to be professionals in life."

Hayworth is the first African American coach at GCHS.

"I'm not afraid of the issues outside of football," Hayworth said. "I've lived it and seen the ups and downs. I've dealt with every type of person. I'm well trained in dealing with issues of negativity."

Hayworth also played three years of arena football with the Nashville Katz. Sewanee won the conference during his coaching tenure there, and Southwest Baptists was in the first or second position in the conference the years he coached.

Hayworth cites UT winning the SEC championship when he played for the Vols as one of his proudest moments. "It's hard to pick just one, though," he said. "I enjoyed all my playing days. I played as hard as I could and with love."

"Some of the best moments were off the field, visiting children's hospitals and helping to feed the hungry."

Woodlee interviewed four candidates for the coaching position. Hayworth was the first.

"Tracy and I met for five hours," Woodlee said. "Good things are going to happen. To the negative people who bring up the issue of race, I tell them there's the door."

Duck River Board Member Laura Willis, right, stopped by the Sewanee office to wish Terri Henley the best on her retirement, and presented her with a peace lily.

## Henley Retires from DREMC with 45 Years of Service

DREMC has reached the end of an era with the retirement of long-time head cashier Terri Henley. Although Henley will not officially retire until the end of 2018, she left the Sewanee office last month with 45 years of dedicated service and is enjoying her vacation until that time.

Henley grew up in Sewanee and graduated from Franklin County High School. "I graduated in May and started at the DREMC Decherd office in June of that year," said Henley. "I was working with the National Store in Cowan as a sales clerk for \$1 an hour and helping with the books when the wife of former DREMC employee Bill Miller told me about the job opening."

Henley shared that one of the biggest changes over the years since she began with DREMC in 1973 has been the way bills are processed and mailed to members. She remembers the day when all posting was done on ledgers with balances brought forward and penalties updated manually.

"I am fortunate to have worked with parents and children of those parents throughout the years—Joe Bill Powers and son Don Powers; Floyd Kelley and son David Kelley; and Joyce Posey and daughter Emily Posey," shared Henley. "It has also been rewarding to be waiting on members who used to accompany their parents to pay their bills when they were just small children."

"I will miss seeing the members and talking to them. Even with the advances such as bank draft and online payments, some members still want to call, and most of the time I can recognize their voices before they tell me who they are!" said Henley.

Living on the mountain has its weather woes during the winter months. Henley recalls a beautiful ride into work one ice-storm morning on her son's four-wheeler all decked out in her helmet and warmest winter clothes. "No one at the office knew who I was until I took off my helmet," laughed Henley.

"Terri spent her last day in the office doing what she does best—taking care of the members," said Decherd Sewanee District Manager Patrick Hannah. "We appreciate Terri's years of service and her dedication to DREMC, and we wish her the best moving forward." Retirement plans for Henley are simple—just take one day at a time.

Emily Posey has been named the new Sewanee MSR, having transferred from the Decherd office. "Emily has spent some time in recent months working in Sewanee and is excited about the opportunity to make it her new home," commented Hannah.

## Community Engages in Ring Rescue

by Kevin Cummings, Messenger Staff Writer

Love is kind and love is cruel, and sometimes symbols of love fall off steep cliffs.

Andrew Amonette, 45, had a plan. He was going to propose to his girlfriend, Carolyn Hicks, 39, on the edge of a bluff that was special to them both, a place he had helped name "Andrew's Hope."

Operating on the ruse they were only visiting friends Daniel and Becky Lehmann and taking in the views on July 28 at the Lehmann's Wildstream Retreat center and ministry in Monteagle, he led his girlfriend to the place where several years before he made a rock formation that read "hope."

Andrew and Carolyn, both from Nashville, met at Christ Presbyterian Church in the Music City in summer 2016 when Caro-

## Monteagle to Help Fund MGT Handicap Access

by Leslie Lytle  
Messenger Staff Writer

At the July 30 meeting, the Monteagle City Council voted to allocate up to \$7,000 toward constructing a handicap accessible ramp on the Mountain Goat Trail (MGT). The council also debated whether or not to grant a business permit to an establishment seeking a license to sell liquor-by-the-drink.

Presently the Sewanee to Monteagle section of the MGT ends in the field adjacent to Dollar General, said Mountain Goat Trail Alliance (MGTA) President Nate Wilson.

"The reason you don't see handicapped using the trail is because they can't get to it," insisted Monteagle resident Jonathan Grimes. A paraplegic, Grimes' body hits the ground when he exits the trail on his hand bike.

Wilson said the MGTA had raised \$19,000 toward completion of the \$30,000 project which will extend the trail to a handicap accessible ramp at Mountain Outfitters. Mountain Outfitters welcomed the trail traffic, Wilson explained, while Dollar General did not.

Dollar General has pledged financial support of an as yet undetermined amount. Wilson asked Monteagle to fund the shortfall, not in excess of \$7,000; to move a water meter hampering the construction; and to pay for the seed mulch needed for landscaping (cost \$750).

Mayor David Sampley confirmed the city's budget could accommodate the request. Alderman Susie Zeman abstained from the vote.

The council deferred a decision on Wilson's proposal Monteagle partner with the MGTA in applying for a Recreational Trails and Parks Grant to fund completion of the trail from Mountain Outfitters to the liquor store. The town would need to contribute \$40,000-\$50,000, Wilson said. The funds wouldn't be needed until 2020-21.

In the discussion about Jesse's Grill's request for a business permit, Vice Mayor Jessica Blalock pointed out the business hoped to receive a license to sell liquor by the drink. Monteagle zoning forbids sale of liquor by the drink within 300 feet of a playground, church or school. Jesse's Grill, which opened last week, is across the street from

The University Child Care Center was excited to have three special musical guests visit last week. Tami Hobbs, Will Melnyk and Glyn Melnyk visited with their violas and cello to play some songs for the children. The children enjoyed listening to the music as well as getting to try out "playing" the instruments.

## THANK-YOU COMMUNITY CHEST

As a non-profit organization we depend on the generosity of others so that we can continue to help those in need. Thank you Sewanee Civic Association and all who contributed to the Community Chest Fund, and please know that those contributions will help so many who need our help.

*Betty Carpenter, Director,  
Community Action Committee*

## REALLY?

### To the Editor:

A recent (July 27, 2018) Letter to the Editor regarding symbols being slippery and/or sticky was extremely critical of the very muted and brief appearance of the "Confederate Flag" during the the Fourth of July parade along University Avenue on the campus of the University of the South. The letter reflected a lack of historical knowledge and insight.

Is this an example of tolerance and understanding? Or, is it a strategy of an even more controlling attitude developing in our society and culture? I wonder.

*Robert Childress,  
Sewanee*

## FAREWELL CORRINE

### To the Editor:

Folks at Home bids a fond farewell to Corrine Taylor, our 2017-18 AmeriCorps Vista. From the very

beginning of her term, Corrine brought an infectious enthusiasm for Folks at Home programming and did a spectacular job coordinating the latter. She has also embraced so many members of the Folks at Home community that we know she will be deeply, deeply missed here on the Mountain. We wish her well as she begins her service as Children's Program Coordinator at a nonprofit called Families Moving Forward in Durham, N.C.

*Folks at Home Board*

## QUESTION

### To the Editor:

If the Middle Tennessee Heritage Alliance is so proud of their Southern roots and heritage, why don't they fly the National Confederate Flag, i.e., the "Stars and Bars," and not the battle flag, which they know incenses many groups?

*Tommy Hewitt,  
Sewanee*

## HOW CAN THIS BE?

### To the Editor:

Even after Trump's refusal to condemn the white supremacist rally in Charlottesville, his separating babies and children from their parents at our border, then being unwilling and unable to reunite them, after his hostility toward our allies and obsequious behavior toward Putin at Helsinki, Republicans in Congress, including Speaker Ryan in the House and Majority Leader McConnell in the Senate continue to support Trump. How can this be?

Data from the Voter Study Group (The Guardian July 23, 2018, "What Liberals still get

wrong about Trump's Support") sheds light on this. In 2016, the study found that 80 percent of Trump's votes came from voters who had supported Romney four years earlier: tax-cut advocates, religious evangelicals and Catholics, gun rights supporters, and corporations eager for deregulation. So these data show that the party of Trump is actually the traditional Republican Party. Trump has the same legislative agenda as Ryan and McConnell, so of course they support him. All the rest makes no difference to them.

*Faye Walter,  
Sewanee*

## THANK-YOU COMMUNITY CHEST

### To the Editor:

Folks at Home would like to thank the Sewanee Community Chest for its generous donation. With their support we can continue our mission of supporting elder community members in continuing a dignified and comfortable lifestyle while living at home. We are deeply grateful for SCC's support of Folks at Home, and we encourage everyone to continue to support the SCC.

*Wall Wofford, Folks at Home  
Executive Director*

## Lifelong Learning Announces 2018-19 Season

The Academy for Lifelong Learning has concluded its first season as a part of the Sewanee Seminars. Thanks goes to those who participated in the Academy for Lifelong Learning. It has been an exciting year with more than 185 people attending sessions.

The Steering Committee thanks the University, and particularly Dan Backlund, the Director of the Center for Lifelong Learning, for incorporating the Academy into their seminar program and providing such a wonderful space in which to delve into the varied topics offered throughout this past year. The University's commitment to learning throughout our lives is clearly evident by their support of this program.

Throughout these nine years, the price charged for the sessions has grown by only \$2, while the cost of preparing the space and providing the amenities has risen by much more.

The cost to join is \$20 for the year, or \$3 per session. To pay for the year in advance, send a check made payable to Sewanee Seminars to Anne Davis at P.O. Box 425, Monteagle, TN 37356. Please mail the check in time for it to be received by Sept. 4. To join the "cookie brigade" and bake cookies for any of the sessions, just let the steering committee know.

Pastor Kyle Lewis and the congregation of Harrison Chapel Church in Midway invite everyone to the monthly fellowship service at Harrison Chapel Church on Monday, Aug. 13, beginning at 7 p.m. Special guest Pastor Brian Goodman from Lebanon, Tenn., will be preaching, and evangelist Chris Van Allman will be leading praise and worship. Members of diverse churches are especially welcome, as we all need to come together to worship, and bind together our counties. Everyone is welcome. Harrison Chapel Church is located at 254 Otter Falls Rd., Sewanee.

## Otey Parish

This Sunday, the Lectionary Class will explore Sunday's gospel, in the Claiborne Parish House, Adult Education Room. Children ages 3–11 are invited to meet their friends for Godly Play. Infants 6 weeks to children 4 years old are invited to the nursery beginning at 8:30 a.m. There will be nursery for both services and the Sunday School Hour.

The final Summer Eucharist will be at 5:15 p.m., Sunday, Aug. 12, with dinner to follow.

Starting in September, Otey will make a trial change to its Sunday schedule. Effective Sept. 2, the early service will begin at 8:30 a.m., and Christian Education for children and adults will be at 9:45 a.m. The late service will remain at 11 a.m. Toward the end of the year the effectiveness of the trial schedule will be evaluated.

## Tullahoma Sangha

the ball field. The business is operating under a temporary permit, which does not include beer and liquor sales.

The state advised Blalock not to grant the establishment a business permit if the city didn't want to allow liquor sales since receiving a business permit opened the door for state approval of a liquor license.

The council postponed a decision contingent upon review by city attorney Harvey Cameron.

The council also discussed the delay in repairing a 30,000 gallon per month water leak. Utility Systems supervisor John Condra said a potential developer owning adjacent property had not responded to a letter detailing the infrastructure costs he would be responsible for to receive water service. The type of repair will depend on whether the developer proceeds with the project.

Monteagle will reopen bidding for a contractor to demolish the Lane Avenue church. The single bid submitted was not in the proper format.

The council approved on second

reading the following paid holidays: New Years Day, Good Friday, Memorial Day, July 4, Labor Day, Veterans Day, Thanksgiving, Christmas eve, and Christmas. The council approved on first reading awarding double time pay to city employees required to work on holidays.

The council approved the following purchases: a 2018 Ford Explorer, \$29,394 (police department); 3-4 self-contained breathing apparatuses, budgeted amount \$2,500 (fire department); a Harton Park playground border to comply with state certification, \$2,100.

The council also approved sponsoring a girls' softball team and the first reading of a new zoning ordinance bringing the city in compliance with state requirements.

A resident read a letter thanking sewer treatment plant employees for rescuing her two dogs, one from a pond and the other from a pipe at the plant. Condra said the area will be fenced.

The next regular meeting of the council is Aug. 27.

**The Ring (from page 1)**

lyn taught second grade Sunday school class and Andrew's son was a student. Andrew is an attorney with two kids and Carolyn, a research nurse at Vanderbilt, has four children.

The proposal spot at Wildstream became a symbol to them both when they first visited Monteagle together last year and went to see the bluff view that Andrew says inspires hope.

After reading a letter about what the spot at the cliff meant to him and his hopes for the future of their relationship, they took photos of one another and then Andrew got down on bended knee.

"I felt she was going to be totally surprised," he said. "My plan was on track right until the ring box slipped out of my hands as I brought it up to open it. Watching it roll off the cliff was a surreal moment—I couldn't believe it was happening."

They heard two crashes after the ring tumbled over the precipice, a more than 100-foot drop to the bottom.

"I certainly was in shock and disbelief," he said. "I was so excited to give Carolyn the ring, a really unique 1920s-era antique engagement ring. And, in the moment of giving it to her, it slips out of my hands and falls off a cliff."

Andrew took a path to the bottom, while Carolyn directed him from above on where the ring may have fallen. He quickly found the box, but the ring was gone.

While he was still searching, Carolyn trekked down and "sweetly accepted" his proposal sans ring. "She was so encouraging even with the knowledge that the chance of finding the ring was remote given the terrain," he said.

The Lehmanns joined the search effort and Becky put a call out on Sewanee Classifieds, a community email service, asking for metal detectors.

At least four people responded with offers to loan their metal detectors, Carolyn said.

"They all had encouraging words for our search and told us they would be praying and hoping for a miraculous recovery," she said.

They searched the rest of that Saturday until after dark, but called off the search around 9 p.m.

The next morning searchers cleared an area around the tree

From left are Joey Favalora, Andrew Amonette, Carolyn Hicks and Butch Guevara. Favalora and Guevara rappelled off a cliff in Monteagle to help the couple recover their lost engagement ring.

where the ring box was discovered, scanning the area with metal detectors, Carolyn said. Her dad also came and joined the search on Sunday morning.

"We were starting to lose hope when two men so kindly offered to rappel off the cliff to see if the ring happened to be lying on one of the small ledges below the edge," Carolyn said. "We thought it was unlikely, but certainly a possibility."

Enter veteran cavers Joey Favaloro of Monteagle and friend Butch Guevara of Covington, La. The pair rappelled off the bluff about 10-feet apart, but about 30 feet down, Favaloro's rope got tangled in some shrubs, he said.

While Guevara went down to untangle the rope, Favaloro kept scanning for the ring.

"I noticed something sparkling in the sunlight on a small ridge about 20 feet below me," Favaloro said.

With the rope untangled, Favaloro descended and found the ring about an inch from the edge of the approximately one-foot wide ledge.

"In my humble opinion being able to find that ring on the side of the cliff with all the shrubs and bushes was nothing short of a miracle," Favaloro said. "Prayers were answered that afternoon. Both

Butch and I were glad we could help and are always looking for a good cliff to rappel."

They returned the ring to Carolyn at the bottom, but Andrew was at the top and she sent him a cell phone picture of the ring on her hand.

"I wanted Andrew to see the ring on my finger, so I started running up the steep trail to the top of the mountain," she said.

Andrew started making his way down to meet her, but they took different paths and missed one another.

"Eventually, we were reunited and shared some very special moments with each other and the wonderful folks who were there to help us and then witness the amazing recovery that was absolutely miraculous and an answer to prayer," Carolyn said.

The response from friends and the community was uplifting, Andrew said.

"I guess you can say we had a 24-hour detour—now a story to pass down to our family for years to come—of people on the Mountain helping in a time of need to bring about a miraculous recovery," he said. "We are so thankful for the prayers, words of encouragement and efforts of all who helped—truly remarkable."

The wedding date is likely to be a few years out, but they are considering Wildstream Retreat center as a venue.

# Village Plan: What is Affordable Housing?

by Leslie Lytle, Messenger Staff Writer

“What does affordable housing mean in Sewanee?” asked Frank Gladu, Special Assistant to the Vice-Chancellor, posing the question at the Village Planning update meeting. Gladu hosts monthly gatherings to keep the community informed about Sewanee Village Plan activity. Gladu is tasked with overseeing the plan, a University initiative geared to ensuring long-term development in downtown Sewanee proceeds intentionally rather than haphazardly.

Housing is one of five priority projects.

A market analysis projected the community could support 100 more rental units and 120 more homes in the next five years, Gladu noted. The data is consistent with that from the Housing Study commissioned by the Provost.

“The study concluded the University should do everything possible to make it possible for employees to live on the domain,” Gladu stressed. “The retail housing market is the biggest obstacle to employees living here.”

“There are 400 homes on the domain, but many are out of the price range of employees,” Gladu said that in addition to the homes being costly, many were old and in need of renovation, adding to the expense.

University policy stipulates only employees can build on the domain, Gladu pointed out, but at present there were only four or five lots available. (Note: Parson's Green is an exception, allowing full-time residents to build.)

In keeping with the Housing Study's recommendation the University is expected to release 12 more lots in September, according to Gladu.

The Village Plan hopes to increase the housing inventory with a variety of affordable developer built housing options: clusters of small single family homes, apartments, and multi-family homes such as duplexes. University employees would have priority in owning or leasing these residences.

But, what is affordable for University employees?

The rule of thumb is “families allocate 30 percent of disposable income to housing,” another community member attending the meeting observed.

“The University employs 800 people,” Gladu said, “150 of which are faculty.” “Most employees would only be able to afford homes in the \$125,000 price range,” he speculated. “Small two bedroom clustered homes, 600-900 square foot, are one possibility. But would they fit in here?”

“There's a fine line between affordable and cheap,” a community member insisted.

“Affordable housing comes up everywhere,” said Becky Timmons with Town Planning and Urban Design Collaborative (TPUDC), the firm retained by the University to implement the Village Plan. “People who live in affordable housing don't want it to look like affordable housing,” she stressed. “That's where the pattern book comes in.” The TPUDC pattern book identifies acceptable residence styles for those building or renovating in the downtown area.

Pointing to the apartment living option, Gladu said, “If you look at people who need housing, many are in transition.” He cited seminarians who were only here three years, assistant coaches, fundraisers, admissions counselors, and faculty who had not yet received tenure—“Most faculty don't want to buy until they're on tenure track.”

Speaking to supporting projects, Gladu said the storm water study by the Horsley Witten Group (HWG) would conclude by the end of the year. HWG will create a plan for addressing runoff with a view to the expected increase in impervious surfaces in the Village. Gladu said the usual practice was to channel water to another area which only diverted the problem. “We want places for water to seep in,” he insisted.

Thinking on the cottage court housing proposed for a low lying area has evolved, Gladu said. Revised plans propose locating the cluster of small homes on the back of the property with a green space in the low area.

# University Students Returning to Sewanee This Week

Following summers working, studying, or interning in locations from Florida to Maine, and from Alaska and California to Washington, D.C.—and on five continents—Sewanee students will arrive back on the University of the South campus beginning this week. Athletes, proctors and other student leaders, and international students are among the first groups to return, starting August 10.

First-year students will begin arriving for Finding Your Place (Aug. 15), followed by arrivals for PRE (Aug. 22), and Orientation (Aug. 25). All students will be back on campus when classes begin in the College on Aug. 29.

Finding Your Place (FYP) allows new students to discover and become connected to Sewanee and the larger community, and to begin developing strong relationships with classmates, student mentors and professors. Participants will enjoy plenary sessions, smaller individual sections, and numerous field trips around middle Tennessee. FYP enrollment was limited to 128 students.

PRE-Orientation offers more than 200 incoming students the opportunity to spend three days making friends and familiarizing themselves with Sewanee's 13,000-acre Domain through activities such as rock climbing, canoeing, or crawling through winding cave passages.

Orientation for all new students in the College runs from Aug. 25-28.

## St. Mary's Sewanee Offers New Retreats

On Sept. 7, St. Mary's Sewanee will host a Contemplative Outreach Eight-Day 12-Step Centering Prayer Retreat designed to help individuals in recovery engage in Centering Prayer as the 11th Step. For those who live by the 12 Steps found in AA, Al-Anon, and other 12-step programs, a Centering Prayer practice can be a key support system in the process of recovery and transformation.

The retreat will be led by Joelle Mitchell and Carolyn Goddard. Mitchell has been an active member of the 12-Step recovery community for over 35 years and has been practicing Centering Prayer as an 11th step practice since 2002. Goddard has, since 1986, practiced both Centering Prayer and participated in Al-Anon. For 12 years, she served as associate pastor at Christ the King Catholic Church in Nashville.

The fee for this retreat includes all programming, meals and seven nights lodging. The cost is \$795 for a single in St. Mary's Hall; \$995 for a single in the Anna House. Scholarships are available; contact St. Mary's Sewanee for more information.

A Labyrinth Journey: Connecting Your Creativity through Walking and Writing is a three-day retreat, Sept. 28–30.

"When external events compel us to look outward is precisely when we need to examine inwardly" said Margy Oehmig, one of the retreat leaders. "Living in complex times requires creativity and a sense of grounding that is found in the spiritual." Join Oehmig and Terry Price for a weekend discovery through labyrinth walking followed by reflection and writing. This will be a special time to retreat away from the noise and distraction of the world in order to refresh, reflect, and reemerge better equipped to creatively reconnect with the divine.

Oehmig received training as a labyrinth facilitator at Chartres Cathedral. She has a master of fine arts degree in art history and has held a variety of positions in the arts and education in Chattanooga. Price is a Tennessee based writer and photographer who leads workshops on using the labyrinth as both a spiritual and creative tool.

This retreat begins at 5 p.m., Friday, Sept. 28, and concludes at 11 a.m., Sunday, Sept. 30. The fee includes all programming, meals and two nights lodging. The cost is \$365 for a single in St. Mary's Hall; \$465 for a single in the Anna House.

For more information, including making reservations, call St. Mary's Sewanee at (931) 598-5342, email <reservations@stmaryssewanee.org>, or go online to <www.stmaryssewanee.org>.

## What are the health needs in our community?

**Southern Tennessee Regional Health System Sewanee** together with the **South Cumberland Health Network**, has recently started a comprehensive Community Health Needs Assessment (CHNA), which will provide helpful information for improving and promoting the health of each community member.

The focus of the community health needs assessment is **Franklin, Marion and Grundy Counties**.

Your participation in this study is voluntary. The community health survey is 13 short questions. We greatly value your thoughts on the health needs of the community. The survey will be analyzed by Stratasan, our community health needs assessment partner. The last question provides an opportunity for you to add any comments, suggestions or advice you wish to offer.

**Please go to our website, [www.southerntnsewanee.com](http://www.southerntnsewanee.com) and click "Please take a short survey here!"**

## Tigers Don't Leave Tracks! Begins a New School Year

Tigers Don't Leave Tracks!—aimed at educating students about sustainability and helping them reduce their use of single-use plastics, is beginning a new year at Sewanee Elementary. Thanks to your support, and to an award from Good Sports Always Recycle™, Sewanee Elementary now has a custom-made tray slide sorting station to help students sort reusables, recyclables and waste in the cafeteria, and water bottle refill stations in the hallways.

Sewanee Elementary students will continue their sustainability efforts this year with two Litterless Lunch Audits and the ongoing Reusable Bag Project.

Show your support by continuing to bring your reusable bags to local businesses. Mooney's, The Lemon Fair, Village Wine and Spirits, and Monteagle Wine and Spirits are all making donations to the school every time you bring your own bag.

The Piggly Wiggly is hosting a draw in support of the project. When you bring your own bags to the Pig, write the name of a teacher or a class on the back of your receipt (grade 2, Mrs. Camp's class, Principal's Choice, etc.) and put it in the Tigers Don't Leave Tracks! jar at the front of the store. Those receipts will be collected periodically and entered in prize draws. The winning classes will receive sturdy Klean Kanteen water bottles for everyone. Together, we can give reusable water bottles to all the children in the school and help them in their efforts to reduce their use.

Thank you for supporting Tigers Don't Leave Tracks! and Sewanee Elementary!

## Tuesday Godly Play/Parents' Morning Out

Last fall, at the request of local families, Otey Memorial Parish launched a new Godly Play program especially for preschoolers. The children loved the program. They formed sweet friendships, enjoyed art and outside play time, and learned songs and games. The children also experienced many Godly Play stories and learned how to participate in a circle. We were inspired by each child's capacity to express spiritual ideas at such a young age.

The emphasis on Godly Play distinguishes the program from other playgroups or co-ops. Godly Play is an imaginative, Montessori-based approach to nurturing the Christian faith. Using symbols and objects as well as words, Godly Play stories value openness and discovery rather than rewarding correct

answers. The culture of the Godly Play room encourages generosity and calm.

Thanks to the generosity of Otey's pledging members, Tuesday morning Godly Play/Parents' Morning Out is offered at no cost to families. Parents take turns volunteering, usually three times per semester. Parents who wish to enroll a child in the program should go to <<https://tuesdaygodlyplay.eventbrite.com>>.

The program is for children ages 18 months to 4 years and is offered 8–10:30 a.m., Tuesdays beginning Aug. 21 and running through May 7.

## Wollam Member Show at Artisan Depot

The Artisan Depot is pleased to host Dick Wollam's "One Man Show" member show. The exhibit will be up Aug. 16–Sept. 16. An opening reception will be 5–7 p.m., Friday, Aug. 17.

If you haven't seen any of Dick's fabulous woodworking pieces you are in for a treat. Whether it's a wonderful OOK side table or one of his ducks in flight carvings or wall hangings or one of his mystical dragon cravings, he is truly a master.

Dick started carving at the age of 10 because all of the other kids had airplanes and his father could not afford to buy him one. Because he lived in the projects where there was always scrap lumber lying around, one day Dick said, "I think I'll just make one for myself." That started 70 plus years of the love of carving.

"I got so much attention for the plane I carved and it made me feel so good I just never could quit," Dick said. Among his carvings is a copy of the Wright brother's plane and the 1942 War Bird. You are invited to see many of Dick's best works and enjoy some light refreshments and speak to the artist himself and get the tips and tricks of woodcarving. All of Dick's work is for sale.

The Artisan Depot is operated by the Franklin County Arts Guild and is located at 204 Cumberland St. East, Cowan. Gallery hours are noon to 5 p.m. on Thursday, Friday and Sunday, and 11 a.m. to 5 p.m. on Saturday. For more information contact Diana Lamb at (931) 308-4130.

## Welcome to New Gallery Coordinator Pippa Browne

The Franklin County Arts Guild has announced the appointment of a new coordinator for its gallery, The Artisan Depot in Cowan. Pippa Browne, a local artist, will be the Gallery Coordinator for 2018–19. A native of Zimbabwe, Pippa lives in Sewanee and has been a member of the Franklin County Arts Guild for three years. Previously, she was Scheduler with Valley Art Gallery in Salinas, Ca.

"I am taking on this position with a fair deal of trepidation," said Pippa. "The bar has been set high for this role but I know that under the guidance of Margie Gallagher, who previously held this post, and with the support of the members of the FCAG and Artisan Depot, we will continue to see the gallery achieve more than its mission."

"I would like to have the community members of Franklin County and beyond be aware of the Artisan Depot: aware of it as a place where the work of active artists can be viewed, and a place where they can be part of an artist community by taking part in community shows as well as attending workshops."

The role of Gallery Coordinator, a volunteer position, is to ensure the smooth operation of the gallery. Among the tasks overseen by the Gallery Coordinator are: budgeting, accounting, filing/reporting, event coordination, show scheduling, jurying of artists, setting of commissions, and working with building management.

Pippa graduated in Fine Art and Psychology from the University of Natal, South Africa and she has been involved with the arts as a teacher, illustrator, writer and exhibiting fine artist for more than 30

Pippa Browne

years. Her fine art has been selected for regional exhibitions in the United Kingdom and for National Exhibitions in Zimbabwe. Pippa's illustrations were selected for three consecutive years to be part of the 'BIB' in Bratislava, Slovakia as well as other international exhibitions. In 1995 her first book, 'African Animals ABC' was selected as one of Bookchat Magazines books of the year in South Africa.

The previous Gallery Coordinator, Margie Gallagher, held the role for over two years. "In addition to being an outstanding artist, Pippa has lots of experience with artist-operated galleries in a variety of settings," said Gallagher. "So she brings practical experience and new ideas to the position."

The Artisan Depot is operated by the Franklin County Arts Guild and is located at 204 Cumberland St. East, Cowan. Gallery hours are noon to 5 p.m. on Thursday, Friday and Sunday, and 11 a.m. to 5 p.m. on Saturday.

## ‘The Faith of Dolly Parton’: Lessons from Her Life to Lift Your Heart

In a world where celebrities come and go quicker than you can remember their names, Dolly Parton remains. But more importantly, her impact on the lives of others endures. For over five decades, she has been providing inspiration and entertainment to people around the world. Whether it's music, producing, acting, her Dollywood amusement park, her wildly successful nonprofit helping children around the world learn to read, Dolly has made a mark on the world.

In “The Faith of Dolly Parton,” Tennessee native and award-winning writer Dudley Delffs spotlights 10 inspiring lessons he has drawn from Dolly's life, music and attitude. His reflections are personal, practical and profound as Dolly's example reminds us all to trust God during hard times, stay grounded during good times, and always keep our sense of humor.

But what drives Dolly to be so giving and loving towards others? “In The Faith of Dolly Parton,” Delffs examines the depth of Dolly's faith and how it influences her life. Readers will identify with Delffs as he recalls a simpler place and time when his own life-long love of Dolly began. In a way, Delffs and Parton have walked a faith journey together, and readers will quickly see that “The Faith of Dolly Parton” is a labor of love written by Delffs.

Delffs starts the book simply with “I love Dolly.” He continues, “Like the University of Tennessee, the Smoky Mountains, biscuits and gravy, the works of Flannery O'Connor, and the lonesome sound of the night train echoing from beyond the pasture on the farm where I grew up, Dolly Parton is woven into the fabric of my life.”

Sometimes funny, often poignant, and at times even surprising, The Faith of Dolly Parton pulls back the curtain and allows readers to see Dolly's faith on full display. From being our best, authentic selves, to trusting God in the hard times, to always keeping our sense of humor, Dolly has exhibited many admirable qualities. Readers will identify with Dolly's life in each chapter.

Readers can take away their own life lessons through each chapter's divine doses of Dolly, where they can apply faith lessons from Dolly's life to their own particular situations via questions and exercises, a relevant theme song from Dolly's discography, and a short prayer they can use in their own time of “talkin’ with God.” This book is the perfect gift for anyone who loves Dolly and her music, those looking for inspiration, and music fans in general.

Dudley J. Delffs, Ph.D. is an award-winning writer of fiction and non-fiction. A former publishing executive with divisions of Random House and HarperCollins, Delffs now works with top-tier authors, agents, and publishers to produce bestselling books with life-changing impact. A lifelong fan of Dolly Parton, Delffs lives in Sewanee with his wife and children.

Non-veterans wanting to show appreciation and honor veterans are invited to submit a veteran-themed piece of art to the show.

The workshop is geared for beginners, but experienced jewelry-makers are also welcome.

On Saturday, Aug. 25, from 10 a.m. to 3 p.m., Chattanooga artist Catherine Norrell will be leading a workshop where participants will create clay plant pockets. ## Tiger Baseball Team Earns Academic Honor

For the second straight season, the Sewanee baseball team has earned the American Baseball Coaches Association (ABCA) Team Academic Excellence Award, the association recently announced.

Sewanee is one of 76 schools in Division III to earn the award, as the team recorded a cumulative grade point average of 3.11. Berry and Rhodes colleges of the Southern Athletic Association (SAA) also garnered the award.

The Tigers recorded 20 student-athletes on the SAA Academic Honor Roll this past season, surpassing their previous high of 16 in 2017.

To be honored, teams had to meet the following criteria:

Must be a high school or college team.

Head coach must be a current ABCA member.

Team must have a minimum cumulative GPA of 3.00 on a 4.0 scale during the 2017-18 academic year.

The American Baseball Coaches Association has a long tradition of recognizing the achievements of baseball coaches and student-athletes. The ABCA/Rawlings All-America Teams are the nation's oldest, founded in 1949, and the ABCA's awards program also includes the ABCA/Rawlings All-Region awards, the ABCA/Diamond Regional and National Coaches of the Year and several other major awards, including the Hall of Fame and the Dave Keilitz Ethics in Coaching Award.

## Sewanee Swimmers Compete at Southeastern Swimming Championships

Recently, some may have read about Clark Kent breaking Michael Phelps' 10 and under age group record in the 100-meter butterfly in a championship meet in California.

However, people may not know that Tennessee hosts a similar championship meet. Jackson, Loulie and Sam Frazier, swimmers from Sewanee, represented Mountain Aquatic Club (MAC) and Winchester Swim Team (WST) at the 2018 Southeastern Swimming Long Course Championships, July 19-22. Southeastern Swimming is part of USA Swimming.

Fifty-four teams with more

than 750 swimmers from Florida, Alabama and Tennessee competed in the Long Course Meet at the University of Tennessee Aquatic Center in Knoxville.

Loulie and Sam represented MAC and swam in the 10 and under girls' and 10 and under boys' age groups, respectively. They were both competing in their first long course championship meet.

Loulie swam against 67 girls and was sixth in the 50-meter backstroke and 16th in the 50-meter butterfly.

Sam, an eight-year-old, was one of the youngest swimmers at the meet and qualified to compete against boys in the nine- and 10-year-old age group. He placed 16th and 23rd in the 50 and 100 meter butterfly, respectively. Sam competed against 50 other swimmers all older than him. He was the fastest eight-year-old in the 50-meter butterfly.

Jackson represented WST in the

## Sewanee Baseball Players Test Skills in Summer Leagues

It has been a productive summer for the Sewanee baseball program. Several members of the program have competed in summer leagues throughout the country, including two of the top summer leagues: the Cape Cod Baseball League and Valley Baseball League.

Trey Holland played for the Fuquay-Varina Twins in the Carolina-Virginia Collegiate League and earned a spot with the Cotuit Kettleers in the Cape Cod Baseball League.

The rising sophomore carried his success on the mound from the spring to the summer. The All-Southern Athletic Association Second Team member pitched 36 innings for the Fuquay-Varina Twins, with a 1.91 ERA, tops in the league, a 0.94 WHIP, second-best in the league, 38 strikeouts, and a .172 batting average.

His production for the Twins gained him playing time in the Cape Cod league for the duration of the summer.

The Durham, N.C., native posted a 3.40 ERA in 10 appearances for the Tigers in 2018, fanning 31 batters and surrendering 12 base on balls in 42.1 innings.

Riley Brandvold has played for the Woodstock River Bandits in the Valley Baseball League.

For the River Bandits, the rising senior has faced strong competition on a nightly basis and was recently hitting .233 with two home runs and nine RBI.

From July 1-15, Brandvold found his stroke at the plate, hitting .375 with four doubles, a homer and a triple. He has also not committed an error in the outfield in 28 games for the River Bandits.

The Jacksonville, Fla., native posted a .269 batting average in 2018 for Sewanee, launched three dingers and had 12 RBI while scoring 22 runs.

Tyler Dunbar played for the Delray Beach Lightning in the South Florida Collegiate Baseball League. The rising sophomore appeared in 20 games, with 42 at-bats, one home run and six RBI for the Lightning.

The Tallahassee, Fla., native recorded four doubles and a triple for the

# Sewanee Football Team Releases 2018 Schedule

Second-year head coach Travis Rundle recently announced the schedule for the 2018 Sewanee football team.

Sewanee will open its 124th season on Sept. 1 with a trip to Kenyon College (Ohio). The Tigers hold an 8-1 record over the Lords, including a 45-20 win last season that snapped Sewanee's 19-game losing streak.

After a road contest to start the year, the Purple and Gold will have three straight contests at Historic Hardee McGee Field at Harris Stadium. The first of those will be against rival Washington & Lee (Va.) on Sept. 8.

The teams will meet for the 67th time, with W&L having the upper hand, 42-24. Sewanee is seeking its first win against the Generals since 2014.

The week three matchup will be the Southern Athletic Association (SAA) opener for the Tigers, as Austin College (Texas) makes the trip from the Lone Star State play on Sept. 15. Winning the last three meetings in a row, the Tigers are 12-14 all-time against the Roos.

Family Weekend will occur on Sept. 22, as Millsaps wraps up the three-game homestand. Claiming a 17-13 win over the Tigers last season, the Majors have won the last 12 contests, with Sewanee's last victory coming in 2005 in Jackson, Miss. The Majors hold the upper hand in the all-time series, leading 43-25-3.

The final Saturday in September

The Sewanee football team starts the season on Sept. 1 at Kenyon.

will see the Tigers hitting the road to square off with Hendrix. Despite winning the first two meetings all-time, the Purple and Gold will be looking to snap a four-game losing skid to the Warriors, who held off the Tigers' comeback bid, 48-42, a year ago.

Week six of the season will see Sewanee wrap up a two-game road swing. The Tigers will make the two-hour trip to Mount Berry, Ga. to face defending SAA Champion Berry, ranked 22nd in the D3 football preseason poll. The Vikings and Tigers will square off in an evening contest on Oct. 6 at 5 p.m. CST.

Sewanee will return home on Oct. 13 for a showdown with Birmingham-Southern under the lights. The matchup will take place at 6 p.m. The Purple and Gold snapped a three-game losing skid to

the Panthers with a 34-13 victory last season in Birmingham.

Sewanee will next travel to Trinity (Texas) for Week 8 on Oct. 20. The Purple and Gold will look to win over the Texas Tigers for the first time since the 1992 season.

Homecoming and Hall of Fame Weekend will take place on Oct. 27 on the Domain. The Tigers will entertain the Lynx of Rhodes for the Edmund Orgill Trophy. Despite Rhodes leading the Orgill Trophy series with a 34-28-1 mark, Sewanee still leads the all-time series, 42-40-3.

The regular season concludes on Nov. 3 with a trip to Centre. The Colonels have a 44-30-1 advantage in the all-time series, and the Tigers are seeking their first win against Centre since 2005.

In Rundle's first season, the Tigers finished with a 3-7 record.

# Tiger Track and Field Team Recognized for Academic Achievements

The 2018 Sewanee Track and Field men's teams is among 106 teams and the women's team is one of 185 teams selected as U.S. Track and Field and Cross Country Coaches Association All-Academic Teams.

To be in contention, a program must have at least a 3.00 cumulative team grade point average.

The Sewanee women's team finished with a cumulative GPA of 3.38, while the men's team compiled a 3.21 GPA.

Joining Sewanee from the

Southern Athletic Association as All-Academic Teams are Berry College and Rhodes College.

In total, the Association honored 291 track and field teams for their academic achievements.

The highest cumulative grade point average of any team belonged to Knox College's women's team. The Prairie Fire maintained a 3.80 GPA under head coach Randy Overby.

On the men's side, Massachusetts Institute of Technology (MIT) had the best GPA at 3.63.

# Women's Soccer Team to Host Fall ID Camp

The Sewanee women's soccer team will host a Fall ID Camp on Saturday, Oct. 13, for high school players interested in playing for the Tigers.

The session will begin at 9:30 a.m. on Puett Field with the Sewanee women's soccer staff.

Following the morning session, all participants will be fed lunch and invited to join an admissions tour post meal. There will then be an afternoon training and evaluation sessions.

The cost of the camp is \$90.

All interested high school seniors (Class of 2019) are invited to come in on Friday, Oct. 12, at 5 p.m. to view the match vs. Birmingham-Southern. Then, should they choose, be hosted by a current Sewanee player for the night to get a more complete experience (spaces are limited). They will then be escorted by their host player to the Saturday morning session.

All attendees are welcome to also come to the Sunday, Oct. 14, match vs. Millsaps at noon with a cookout to follow immediately after. For questions, contact Patrick Johnston at <pajohnst@sewanee.edu>.

11-12 age group and placed fourth out of 70 swimmers in both the 50 and 100 breaststroke, qualifying during prelims to compete in both events at the finals championship.

Jackson also finished 20th out of 44 swimmers in the 200-meter individual medley.

The Fraziers may not have broken any national records this year but maybe Sam will break Clark Kent's record by the time he is 10. Only time will tell.

MAC will be back in the water at the Fowler Center on Monday, Aug. 27. Parents with children who want the challenge of competing can email John Noffsinger, MAC coach, at <noffsij@gmail.com>. For more information visit <mountainquaticclub.wordpress.com>.

### Wildflower Walk

On Aug. 4, Trae Moore led a wildflower walk, sponsored by the Sewanee Herbarium, at Foster Falls, with a focus on the power line right-of-way. This open, sunny area was full of blooming plants, more than thirty different species. Great swaths of small-headed blazing star were teeming with butterflies—male and female tiger swallowtails, silver-spotted skippers, Diana and variegated fritillaries, and even a monarch and a giant swallowtail. Especially interesting was an industrious hummingbird or clearwing moth. Other sphinx moths fly by night but this member of the group flies by day. It is much smaller than a hummingbird but surely acts and even looks like one.

Along a stream that crosses the trail along the bluff was a large population of yellow-eyed grass—in bloom, since it was morning. A nearby population of Appalachian fameflower on the sandstone would be opening for a few hours later in the afternoon. The whole power line area was dotted with the bright orange blossoms of yellow-fringed orchids. Light pink Maryland meadow beauty and some darker pink Virginia meadow beauty were also prominent; other pink flowers included the Polygalas: candyroot and drumheads. Tall yellow flowers included purple-headed sneezeweed, hairy hawkweed, whorled and tall coreopsis, and at least four species of goldenrod that will be in even brighter bloom in the next couple of weeks. Aren't common names colorful?

## BARDTOVERSE

by Phoebe Bates

I love to rise in a summer morn,  
When the birds sing on every tree;  
The distant huntsman winds his horn,  
And the sky-lark sings with me.  
O! what sweet company.

But to go to school in a summer morn  
O! it drives all joy away;  
Under a cruel eye outworn,  
The little ones spend the day,  
In sighing and dismay.

—William Blake, *The School Boy*
