

## Village Action Plan to be Presented Monday

An overview of the Sewanee Village Action Plan will be presented at 4:30 p.m., Monday, Sept. 15, at the St. Mark's Community Center. The St. Mark's Center is located at 454 Alabama Ave., Sewanee.

Kevin Petersen, the planning architect from Ayers Saint Gross who led this study, will present the report and answer questions related to the action plan. All are welcome.

Petersen's report describes the process Ayers Saint Gross has used this way:

"A highly integrated process engaging a wide range of stakeholders was central to the development of this plan. The process was oriented around three workshops, each with a different intent. During each workshop, several focus groups were convened to provide insight and comments for the plan. A steering committee of University, business and community representatives also helped guide the direction of the plan.

"The team solicited feedback from the focus groups while striving to build consensus among the various parties. This plan aims to channel numerous voices into a widely agreed-upon vision for the future of Sewanee."

## Cub Scouts Seeking Leaders

Cub Scout Pack 152 will have a reorganizational meeting at 6 p.m., Thursday, Sept. 25, at the Sewanee Community Center.

In order for the pack to move forward this year, they will need volunteers for a new cubmaster and one adult den leader for each grade (grades one, two, four and five). All additional volunteers are welcome, but this is the minimum needed. No previous experience is required, and training is available.

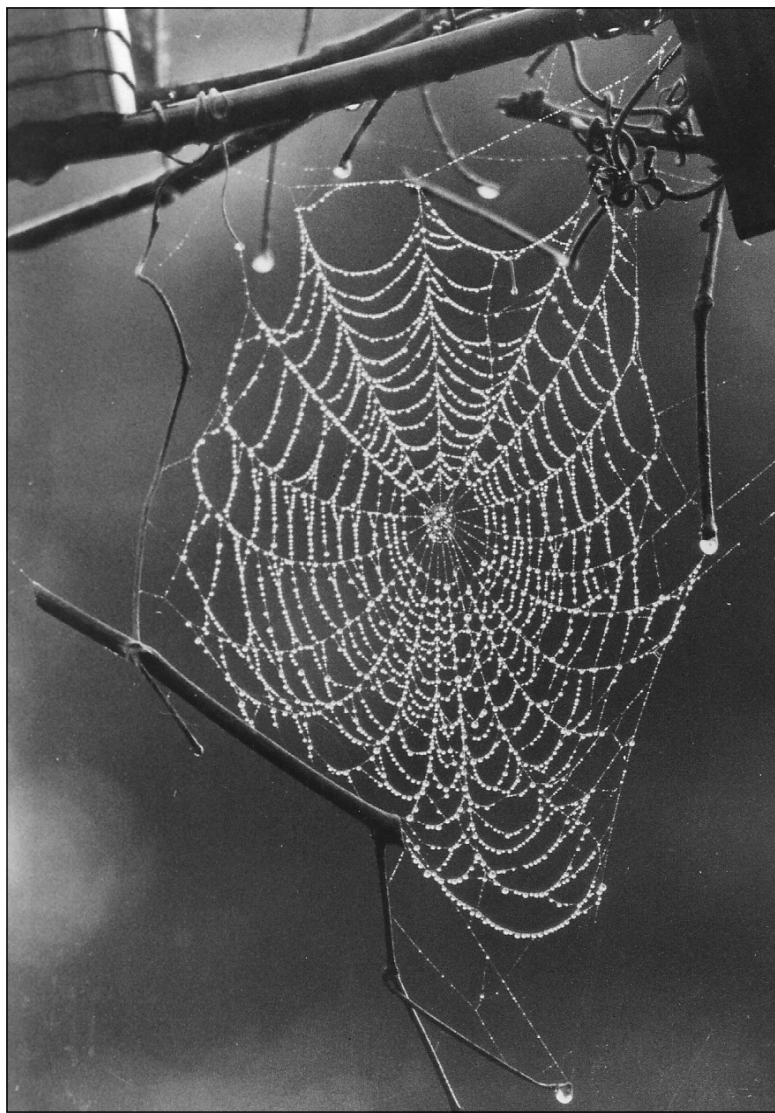

The main duties of the cubmaster are taking care of money and paperwork, leading monthly pack meetings and organizing events for the entire pack.

The duties of the den leaders are organizing and running twice-monthly den meetings. The dens are grade-based and generally consist of four to six boys. Lesson plans and books are provided for the den leaders, and meeting spaces are arranged.

For more information contact Chris Waldrup at <kd4pbj@gmail.com> or Lisa Rung at <rung.lisa@gmail.com>.

All leaders must register with the Boy Scouts of America, pay annual dues of \$24 and take online child protection training.

The "Summer Super Readers" are pictured with SES librarian Kathryn Bruce; from left: fifth-grader Connor Guess, fourth-grader Isabel Patterson, first-grader Mollye Casey, second-grader Lana Guess and third-grader Anja Dombrowski. Each reader got to select their favorite book, which will be donated to the SES library by Barnes and Noble.

## University Creates New Community Engagement Office

The University has announced the creation of an Office of Community Engagement. Spurred by the growth of the Bonner and Canale service internship programs in the College and the establishment of the South Cumberland Plateau VISTA (Volunteers in Service to America) Program, the new office will work to meet the growing needs of students and expand the University's relationships with other community organizations.

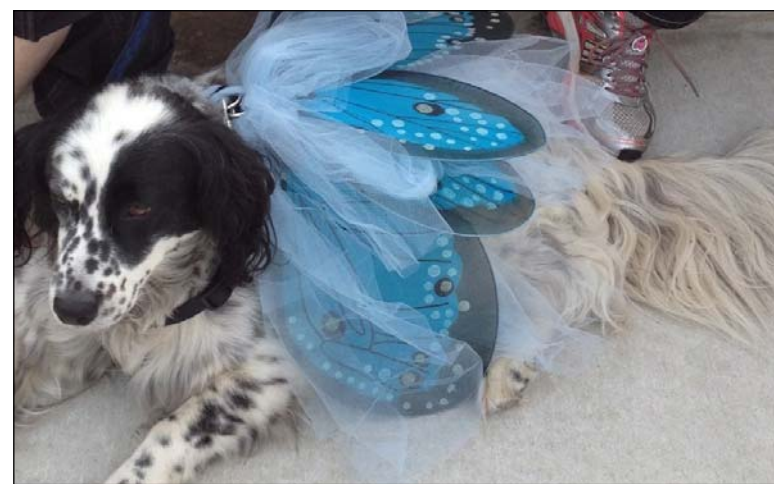

The Office of Community Engagement is composed of three staff members. Jim Peterman, professor of philosophy and director of Community Engagement, will continue to direct Community-Engaged Learning, the academic community engagement program, as well as the Bonner Leaders service internship program.

Nicky Hamilton, C'99, associate director of Community Engagement, will direct the South Cumberland Plateau VISTA Program and also assist the South Cumberland Community Fund to develop the capacity of community organizations to alleviate poverty. In this unique role, she will use her practical and academic training at the Clinton School of Public Service to help faculty and students understand how students can engage in the wide variety of facets of community engagement as a central component of their education in which they learn optimal ways of making a difference in their communities.

Robin Hille Michaels, assistant director of Community Engagement, will continue work with students through the Bonner Leaders Service Internship Program and the Canale Service Internship Program. In working closely with students and community partners to place students in community organizations, she helps Sewanee service interns develop professional skills and social understanding commensurate with the demands of their service projects.

The Community Engagement Office will work with its community partners to understand needs in the three-county area (Franklin, Grundy and Marion counties); what organizations (churches, clinics, schools) are invested in addressing those needs; what community-based research projects may assist;

## GIDEON SAYS THANK YOU

### To the Editor:

On Aug. 28, a big women's conference started here [Uganda] with more than 1,000 people in attendance, and I am invited to speak on "Community Interventions for Reducing, Neutralizing and Overcoming Violence." The good news is that we have the new 14-seat van to carry both our team and our materials to the conference and the driver to get us there.

The principal of our school and I had our first official ride in the FOCAGIFO (Friends of Canon Gideon Foundation) van on Aug. 22 to attend a graduation ceremony at a sister college. We can never thank you enough (and all in the FOCAGIFO-USA) for this and for many other break-throughs yet to come. What a Jesus we have in friends!

Thank you, thank you, thank you.

## WHAT IS THE MESSAGE?

### To the Editor:

In "Medium Is the Message," published in 1967 by Marshall McLuhan, he used the term "massage" and took inventory of the "effects" of numerous media in terms of how they "massage" the sensorium.

Today we are left to individually distill the editing of the messages in multiple mediums and countering the effects of geometric increases and decreases in saturation, exposure and intensity of the subject matter that someone or group derives a profit from.

"In September 2013, when a deal to disarm Syria's chemical weapons was agreed, 62 percent of Americans opposed the use of military force while only 20 percent supported it. Today when asked whether they support the use of military force against ISIS militants in Syria, the situation is reversed. 63 percent of Americans now support the use of military force in Syria, compared to only 16 percent who oppose it" [from <YouGov.com> quoted in <IJReview.com>].

After images of crucifixions, beheadings, child sacrifice and sex slaves for Jihad attributed to ISIS—poof!—you have a march to war with American public opinion approval and a reluctant "peace President" forming strategy while playing golf.

While Allied bombing of civilians continues in Eastern Ukraine

Canon Gideon with the new FOCAGIFO van.

and Gaza, we acquiesce to killings by drones, racial knock-out games, murders by police of unarmed persons, and the open border inviting a pandemic in classrooms across America.

Who profits from the effects of orchestrating the intensity of data (medium), focusing fear and paranoia on the public (message), while cloaking the truth and dulling the sensorium? No one.

# Brown Will Give DuBose Lectures

Each year, the School of Theology hosts a renowned speaker at its annual DuBose Lectures. These lectures were endowed by an initial gift from Jack C. Graves and substantially increased by Margaret A. Chisholm. The lectures memorialize William Porcher DuBose, second dean of the School of Theology.

This year’s guest lecturer is David Brown, professor of theology, aesthetics and culture at the University of St. Andrews. His three lectures will take place over two days, Oct. 1–2, all in Guerry Auditorium and open to the public.

On Oct. 1, he will speak first at 9 a.m. and again at 2:45 p.m. On Oct. 2, he will speak at 9 a.m.

Brown’s lectures will encourage reflection on how the Christian experience of God can be deepened through a wider engagement with the arts.

Even though Christianity is commonly described as a religion of the word, Brown believes it is important to remember that God has also provided bodies and senses that range far more widely.

## Engagement (from page 1)

and how to align resources, including student internships, in support of those organizations and community-based research projects. In doing so, the new office seeks to support the University's purpose to help students lead lives of "achievement and service" in local communities.

Given the burgeoning community engagement activity at the University by students, faculty and staff (sometimes with multiple groups reaching out to the same community organizations), the time is right to administer these community partnerships through an office that is aware of and able to monitor all of the programmatic relationships, and ensures that they are not only sustainable but also beneficial to Sewanee students and the local communities hosting them.

The current community engagement plan and the University's 2012 Strategic Plan envisioned the development of an Office of Community Engagement in its role in coordinating student opportunities "to learn about, and learn from, the variety of populations and their experiences, both locally and internationally. Many of the intractable problems facing the world—food security, poverty, public health, climate change and conflict—have local and global dimensions." The opening of this office fulfills that goal.

Sewanee's VISTA program came from a deepening of the University's relationship to local community organizations and especially to the South Cumberland Community Fund, a co-sponsor and co-funder of this program. The VISTA program is also underwritten in part by the Jessie Ball duPont Fund. The program is also supported by a grant from the Corporation for National and Community Service.

## AngelFest Features WannaBeatles

The WannaBeatles, an award-winning band with its own special interpretation of the Beatles and Beatles-era music, will take center stage at 7:30 p.m., Friday, Sept. 26, in Sewanee's Angel Park, as part of this year's AngelFest.

"We are so fortunate to have this group perform in Sewanee," said Sewanee Business Alliance President John Goodson. "This will be our fourth annual AngelFest, and it started off as a small street festival and is growing incrementally each year. Now we get the world famous WannaBeatles."

The WannaBeatles consists of award-winning music producers, arrangers, studio players and singers who have "Come Together" to play the music they grew up with.

The WannaBeatles offer a fun-filled, family-friendly extravaganza that goes "where no Beatles Band has gone before." They'll play Beatles favorites, but there's much more. Their amusing parodies, on-stage antics and audience involvement combine with ground-breaking visual effects to make the WannaBeatles show a "must see."

# Mind in Heart Spiritual Leadership

The Rev. Tilden Edwards and the Rev. Stuart Higginbotham, in partnership with the Beecken Center of the School of Theology in Sewanee, are offering an opportunity to explore a model for contemplative leadership for ministry leaders from various contexts at a workshop Oct. 9–11.

Over the three days, participants will work to create a space in which to reflect on the risks, joys, pressures, insights and resonances of an intentional leadership practice that nurtures a God-rooted, Christ-oriented, Spirit-nurtured engagement of God's presence and call. The group will explore contemplative practices through small-group reflection, case studies and discernment, with the goal of enriching their daily ministry and the lives of those in their communities.

The Rev. Tilden Edwards, Ph.D., an Episcopal priest, is the founder of the Shalem Institute for Spiritual Formation in Washington, DC. His most recent book is "Embracing the Call to Spiritual Depth: Gifts for Contemplative Living."

The Rev. Stuart Higginbotham, an Episcopal priest, is rector of Grace Episcopal Church in Gainesville, Ga. He is the author of "The Obedire Project: A Resource for Contemplative Evangelism," a curriculum guide that seeks to foster experience-based membership participation within parishes.

The workshop cost is \$425, which includes all meals and lodging at the DuBose Conference Center, Monteagle.

To register online go to <mapatter.wufoo.com/forms/mindinheart-spiritual-leadership-registration/>.

In partnership with the seminary and the College, the Beecken Center is a training destination for those who want to find and nurture ministries and vocational discernment throughout the church. The group process culture and superb model of mentoring developed by Education for Ministry (EfM) are important sources of wisdom for this expansion of the center's ministry to the church.

## Book Readings and Signings

Carrie Sparks McClain will read and sign her book, "Dragonfly," 6–9 p.m., today (Friday), Sept. 12, at Crossroads Café. She will be joined by musician Bryan Dykes. Crossroads Café is located at 38 Ball Park Road, Sewanee.

McClain, who grew up in Winchester, works in the admissions office at Sewanee.

"Dragonfly" is a romantic suspense novel. McClain said that many of the ideas for the book came from living in Winchester. She did some of her research by talking to local people and used her own memories of growing up with the beauty of Tim's Ford Lake to set the scene.

Rivendell Writers' Colony is hosting a reading by George Spain at 1 p.m., Saturday, Sept. 13. He will read from "Come Sit With Me," a collection of stories and poetry.

A reception and book signing will follow the reading.

A Lipscomb alumnus and retired health professional, Spain is a Nashville author who has been published in the Williamson County Historical Review and in the anthology "Gathering: Writers of Williamson County." Primarily a writer of historical fiction, most of Spain's stories are set in Middle Tennessee and range from the 1700s through slavery and into the Civil War era.

## TINTINNABULATIONS

by John Bordley

### World War I

Carolyn and I attended the 18th World Carillon Federation Congress in Belgium this summer. One of the themes was "mobile carillons," a topic that I will write about in another column. The other major theme was "World War I," and, in particular, the destruction of carillon bells and the erection of World War I memorial carillon towers around the world.

By mid-September 1914, the Germans occupied much of Belgium, having swept across the country starting on Aug. 4. Destruction of the carillons in the Belgian towns of Dinant, Leuven, Dendermonde, Nieuwpoort, Diksmuide and Ieper (Ypres) between August and October 1914 directed the attention of the world to the Belgian carillon culture. During the four years of the war, 12 Belgian carillons disappeared by fire, bombing or had their bells requisitioned for their metal. Most of the bells that were not destroyed, both swinging bells and carillon bells, remained silent during the war years. Then at 11 a.m., Nov. 11, 1918, the bells of Belgium were rung, joined by those of France and Great Britain, to celebrate the victory of the Allies. In the 1920s and 1930s new instruments replaced all but one of the destroyed Belgian carillons.

After the war some 15 war memorial carillons were erected in Anglo-Saxon countries. They were not only homage to brave little Belgium, but also a meaningful memorial to Belgian and foreign soldiers who rest in Flemish soil. The first war memorial carillon was erected in Loughborough, England, in 1923. Carillons in Richmond, Va., and in Norwood, Mass., are the only two of the numerous American memorial carillons directly linked to World War I. The most prominent of the World War I instruments are the national memorial carillons of Ottawa and Wellington. In 1929 the alumnae of Ward-Belmont College in Nashville gave a carillon to the school as a memorial to all Americans who had fallen in Flanders. In the 1950s, however, an electronic carillon replaced the memorial instrument, and then a traditional carillon not linked to World War I was installed in 1986. The phenomenon of war memorial and peace carillons was one of the main factors that stimulated the international development of the carillon art from the 1920s on.

## Pilkington Earns Eagle Scout

Forrest Pilkington, a member of Boy Scout Troop 14 based at St. Andrew's-Sewanee School, has attained the rank of Eagle Scout. As an Eagle Scout, he has reached the highest rank attainable in the scouting program; only 7 percent of all Boy Scouts ever reach this goal.

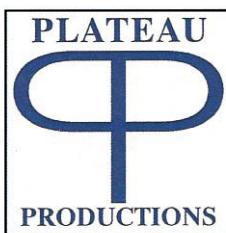

Pilkington's Eagle Scout project included five informational posts along the Mountain Goat Trail in Sewanee. The markers include a Quick Response (QR) code that covers a different topic: fauna, history, geology, flora and conservation. Each post was strategically placed in an area that the topic best represented.

Pilkington is the son of Rhonda Pilkington and Scott Pilkington of Monteagle.

QR codes are square-shaped matrix barcodes that, when scanned with a smartphone or tablet, link the user to an online source of information.

Unlike a traditional sign with limited data about one tree or plant species, the new QR codes allow for in-depth and interactive information to be accessed at the push of a button. Also unlike a standard text marker, the information can be saved and shared.

## Upcoming Events at Sewanee Elementary

The Sewanee Elementary School library and the Sewanee Parents' Organization will host a **Scholastic Book Fair** Sept. 22-26. The community is welcome to shop during school hours.

All proceeds from the fair are used by the school library to purchase quality reading material for the library collection.

A wide array of reading material for children in grades preschool through fifth grade will be available, as well as a selection of adult books, especially cookbooks.

This is a great time to purchase gifts for the young readers on your holiday and birthday lists.

Sewanee Elementary School will have its annual **Peace Pole ceremony** at 8 a.m., Friday, Oct. 3. Members of the community are welcome to join the school as they add the phrase "May Peace Prevail on Earth" in Vietnamese and hear what the students have learned through their research of Vietnam.

The Peace Pole ceremony is always scheduled between International Peace Day and United Nations Day and provides an opportunity for the school community to gather and focus on world peace for a day and encourage ongoing conversations about living peaceably each day.

The Sewanee Parents' Organization hosted a welcome breakfast to meet families new to Sewanee Elementary for the 2014-15 school year. SPO encouraged parents to get involved with their child's education and answered questions they had about SES and the Sewanee community, while enjoying breakfast from the Blue Chair.

If you have a recipe that you would like to share, the Girl Scouts would be pleased to include it. Recipes are due by Sept. 20.

# AT THE MOVIES

## Edge of Tomorrow

7:30 p.m., Friday–Sunday, Sept. 12–14

Rated PG-13 • 113 minutes

Tom Cruise and Emily Blunt star in this interesting time-travel, sci-fi adventure. The world is at war with aliens, and Cage (Cruise) is an officer who is caught in a metaphysical loop where he keeps starting again and again. Rita (Blunt) is the only other person who has experienced this problem, and together they save the world. Cruise is at his best when he has few lines and lots of action. It was a great popcorn summer thriller. Rated PG-13 for intense sequences of sci-fi action and violence, language and brief suggestive material.

## Disruption

4 p.m., Sunday, Sept. 14

Not rated • 85 minutes • Free

The Office of Environmental Stewardship and Sustainability is hosting a free screening of this documentary about climate change: the science, the politics, the solutions and the stories that define this issue.

## Dead Poets Society

8 p.m., Monday, Sept. 15

Rated PG • 128 minutes • Free/Fund-raiser for St. Jude's

Robin Williams earned an Oscar nomination for best actor in this highly acclaimed 1989 drama. Sewanee alumnus Sam Pickering is the teacher on whom this film is based. This special showing is sponsored by Sewanee's St. Jude Up 'Til Dawn chapter, which supports the work of St. Jude's Children's Research Hospital, a charity endorsed by Williams. Admission is free; donations to St. Jude's will be accepted.

## Pierrot le Fou, with short film A Trip to the Moon

7:30 p.m., Tuesday, Sept. 16

Not rated • 110 minutes • Free

"Pierrot le Fou" is French New Wave at its wildest, as Pierrot flees society with a girl on the run from Algerian hit men in this 1965 film by Jean-Luc Godard. (French with English subtitles).

The short film "A Trip to the Moon" is a 1902 French silent film still recognized for its lavish production values, innovative special effects and emphasis on storytelling.

## Duck Soup

7:30 p.m., Wednesday, Sept. 17

Not rated • 68 minutes • Free

This Marx Brothers film from 1933 is a classic of early films and comedies. The elegant actress Margaret Dumont stars as Mrs. Teasdale, a rich woman from the country Fredonia. She offers to save the nation if it will only install Mr. Firefly (Groucho Marx) as its leader. Considered by many critics as the best Marx Brothers movie, it is a delight.

## 22 Jump Street

7:30 p.m., Thursday–Sunday, Sept. 18–21

Rated R • 112 minutes

This is the sequel to "21 Jump Street," which was based on a Fox television police procedural. The premise is this: two young men pretend to be in high school, though now in college, so that they can work undercover in schools and other teen venues. I'm not quite sure how they've sustained this, but actors Jonah Hill and Channing Tatum star as the two police officers caught up in an art scandal on campus. Rated R for language throughout, sexual content, drug material, brief nudity and some violence. —LW

In this digitally animated full-length film, Israeli director Ari Folman interviews fellow veterans of the 1982 invasion of Lebanon to reconstruct his own memories of the conflict. Rated R for some disturbing images of atrocities, strong violence, brief nudity and a scene of graphic sexual content. In Hebrew with subtitles.

On Oct. 14, "Yeelen (Brightness)" will be screened. Mali-born director Souleymane Cissé created this sumptuous retelling of ancient African legends about a young man's quest for a way to fight his sorcerer father. Unrated; in Bambara with subtitles.

## THE VILLAGE IDIOT

by Peter Trenchi

### Poliz Know

When you can't change what makes you different, some immutable characteristic, race, gender or physical attributes; when you are trapped by the fact of being yourself, then the duty to redefine what is dangerous belongs to the police. It is their job to go beyond the superficial and see the human. From where we sit, we can point the finger of failure toward Ferguson, Mo. We are left with the feeling that such obvious and chronic police demographics do not exist here. When we strip back the veil of racism to see that the test is police power as applied against the apparently powerless, the see-saw is still precariously imbalanced.

Relations between the citizenry and the constabulary have always been tense. For vulnerable citizens, it feels much like foxes guarding the henhouse. We view different as dangerous, not just potentially dangerous, but truly dangerous, since, when it comes down to it, there is no time to know. On the see-saw between freedom and safety, this predetermination of difference is the big kid who always leaves freedom up in the air. It's the reason innocent people get shot. It's the reason their friends, family and neighbors express outrage, this whole not being able to get your freedom feet on the ground. Thank goodness we don't have that problem here.

When I moved to Sewanee nine years ago, I was different, with a rumbly older car, out-of-state plates, fuzzy dice hanging from the rear view mirror, and I still had a ponytail. I didn't feel different, but to that Decherd cop who picked me out of a fleet of 20 cars leaving the Nissan plant, I was different enough. I knew instantly he would create a premise to pull me over. The outrage boiled inside me. I was raised to expect fair and respectful treatment from the police. When I got to the light, I knew turning right without using a turn signal (like 95 percent of all drivers), would ripen into his premise. Sure enough, the blues lit up. My boiling outrage produced steam, so I gunned it and dog-legged into a church parking lot. This created enough lead time for me to be out of my car facing him with my arms out, palms up, speaking loudly and clearly, "Can I help you?!"

With my act of clear expression, he knew that I knew, and I retained the power granted me by our constitution. After a registration and license check, no citation was issued. I was free to go once the dog catcher moved from where he blocked the exit to the parking lot. Yes, animal control was called for backup. Welcome to Decherd. I stood my ground because I grew up with an expectation of freedom and fairness. Patrick Henry is not just another talking head. John Hancock is not just another sloppy writer, and I still find myself in situations where it is necessary to assert. Yes, I could choose to not be different, to not be my expressive self. I could drive a mundane sedan out of complacent fear for safety. Many kids know that when they double up on that see-saw, they can counterbalance the big kid. They fear it might be a bumpy ride.

What is now different and thus dangerous are police forces armed with military gear designed for urban warfare. Just like we would not expect the firewood cutter to also know how to work in the cabinet shop, we cannot expect a police force to know how and when to deploy dangerously effective military equipment on their civilian neighbors. If even the thought of such a scenario impacts the way you think or act, precious pieces of your freedom have been stolen. If you are even hesitant to express your concern about how the police treat your friends, family and neighbors, much less feel true outrage, you are up in the air about your freedom. When that mistreated person tells you they knew exactly what was coming, like with my Decherd traffic cop, then it's time to deal with the big kid by joining together for simple freedom. If you are faced with police in full military regalia, then it's time for the big kid to go on a diet. I do not want to see the dog catcher driving a half-track through town like a nine-year old with an Uzi.

### Golf

The St. Andrew's-Sewanee School's golf team improved to 14-1 on the season with a win over Friendship Christian School on Sept. 9 at Pine Creek Golf Club in Mt. Juliet. SAS edged Friendship by one stroke, 165 to 166.

SAS golfers and scores: Tommy Oliver, 37; Andrew Heitzenrater, 39; Sam Thomas, 43; and Jake Wiley, 47.

The SAS golf team's lone loss of the season came on Sept. 8 at the Bear Trace at Tims Ford. Franklin County High School fired a 160 to outpace SAS by 11 strokes.

Franklin County golfers and scores: Justin Smith, 37; Chase Wheeler, 39; Jonathan Liggett, 40; and Jace Smith, 44.

SAS golfers and scores: Oliver, 35; Heitzenrater, 42; Thomas, 44; and Aubrey Black, 50.

### Girls' Soccer

The Chattanooga Patriots visited the Mountain to play the St. Andrew's-Sewanee girls' varsity soccer team on Sept. 4. It was a tactical and high-energy game for the full 80 minutes. The Patriots controlled the ball in the middle of the field, but were kept at bay by defender Sadie

Graves (junior, Sewanee).

Chattanooga managed to place a hard shot into the goal 10 minutes in the first half, but SAS did not back down. Erin Berner-Coe (sophomore, Sewanee) played a great game, challenging the Patriots up the sideline and crossing into her middle fielder, Isabel Butler (junior, Sewanee). The Patriots continued to work the ball, exhibiting great ball skills and teamwork.

The final score was 5-0 in favor of the Patriots, and the result was a great game played by both teams.

The SAS girls' varsity soccer team took on Huntland High School on Sept. 2. It was a very exciting game interrupted by a weather delay at halftime. SAS came out strong, and Berner-Coe dribbled up the sideline and scored 15 minutes into the match. Butler scored two goals, one off of a breakaway and shot, the other after a set of passes through the midfield.

Huntland scored off two hard-driven shots outside of the 18-yard box, and one penalty kick against the SAS goalie, Rachel Alvarez (freshmen, Sewanee). After a very competitive second half, the final score was 4-3 in Huntland's favor. It was a hard-fought game on both sides.

# Sewanee Names New Baseball Coach

After an extensive search, the Sewanee Athletics Department has named David Jenkins as the new baseball coach, Mark Webb, athletic director, announced on Sept. 9.

"Coach Jenkins is ideally qualified to serve as Sewanee's next head baseball coach," said Webb. "He's been an assistant with one of the top NCAA Division III programs in the country. He has proven experience as an outstanding recruiter, and I'm confident our baseball program will thrive under his leadership."

Jenkins comes to Sewanee from Shenandoah University, where he served as an assistant coach since 2008. At Shenandoah, Jenkins helped lead the Hornets into the NCAA Tournament five out of the past six seasons.

While Jenkins was an assistant, Shenandoah was also the No. 1 seed in last season's Old Dominion Athletic Conference tournament and Demorest NCAA Regional. The nationally ranked Hornets finished 2014 with a 33-11 record and final No. 16 ranking in the <D3baseball.com> poll.

During his time there, Shenandoah compiled an overall record of 202-61 and finished with multiple top-five wins and regional championships.

## SAS Football Earns First Victory

The St. Andrew's-Sewanee Mountain Lion football team (1-2) earned its first win on Sept. 5, beating the Franklin Classical Knights (2-1), 36-34, at home. Seniors Levi Higgins, Christian Hanger and Riley Rhoton led the team offensively, combining for a total of four touchdowns and 368 yards total.

Offensively, Rhoton led the team in receptions, gaining 79 yards and two touchdowns. Higgins scrambled for a total of 186 yards and two touchdowns, while Hanger also racked up an impressive 103 yards with a touchdown of his own.

The Mountain Lions scored first, with the defense forcing a safety in the first quarter. The Knights responded with a touchdown, and the Mountain Lions put 14 more points on the board in response. SAS led 30-20 at halftime.

The third quarter proved to be more difficult for the Mountain Lions, as the Knights pulled ahead 34-30. The score stayed stagnant until the fourth quarter, when freshman Dustin Stensby led his team on the game-winning drive. On a 2nd-and-15, Stensby connected with Rhoton for 25 yards and the touchdown, putting the Mountain Lions ahead by two. The defense sealed the game by holding fast on the ensuing Knights drive.

The team travels to Hendersonville Christian today (Sept. 12) to play at 7 p.m. On Sept. 19, the Mountain Lions return home to play Christian Community School at the University of the South football field.

St. Andrew's-Sewanee cross country runners Ty Klekotta (left) and Sophia Patterson compete in a meet on Sept. 8 at Warren County. Both eighth-graders were running varsity; Patterson finished 16th, and Klekotta was 17th. SAS runners had a number of standout performances. Burton Dorough, a junior, was the top male varsity runner, placing 22nd with a time of 21:27. Freshman Blaise Zeitler had a time of 22:00, and junior Lachlan Hassman posted a time of 22:18. Lindsay Rhys ran hard on the girls' varsity team and finished well despite the heat. James Pitts, a seventh-grader, finished fifth in the middle school race, and sixth-grader Porter Neubauer was seventh. There were seven high schools and four middle school teams represented. Cannon County won both girls' and boys' varsity meets. Photo by Paul Klekotta

## DePauw Defeats Sewanee in Opener

A strong second half pushed foe DePauw to a season-opening 31-13 win over the Sewanee football team Sept. 6 at Blackstock Stadium in Indiana.

The win avenged a 10-7 loss for DePauw in the 2013 season opener at Sewanee.

Sewanee opened its first drive by taking the ball to the DePauw 21. However, on 3-and-10, DePauw safety Adam Foltz picked off Sewanee quarterback Cody Daniel and returned the ball to the 38-yard line.

Two possessions later, DePauw scored first when Amen Galley found the end zone from two yards out late in the first quarter.

Sewanee responded back on its next possession. Daniel found receiver Steven Hearn for a 32-yard touchdown pass with 9:17 left in the second quarter. On the drive, Sewanee went 87 yards on 12 plays, taking 6:28 off the clock.

Unfortunately, DePauw responded right back. The Tigers capped off a six-play, 13-yard drive when quarterback Matt Hunt found Zach Alleman in the end zone from 13 yards out.

## Meckstroth Named Player of the Week

Sewanee women's soccer student-athlete Shelby Meckstroth has been named the Southern Athletic Association Women's Soccer Offensive Player of the Week. Through the first two weeks, Meckstroth has led the Tigers to a perfect 4-0 record. During that stretch, the second-year forward had eight goals, three assists and 19 points through only four matches.

Meckstroth has the most points and goals in program history for a player through the first four contests. Additionally, she has scored three game-winning goals.

## OVERTIME

by John Shackelford

They were bound together with homespun, thread-like pieces of a Southern patchwork quilt. Teams don't choose one another. The collective athletes simply find themselves on a field, a court or a track surrounded by a group that begs the question, "Who are all these people and how did I get here?" This particular group came from Tampa; Vicksburg, Miss.; Houston; Atlanta; Rock Hill, S.C.; Chattanooga; Hilton Head, S.C.; and Plano, Texas. They arrived in different years for different reasons.

Senior Jenny Coleman couldn't break the University Avenue speed limit with her forehand, but she only missed the court once every century or so. Like many Sewanee families, fellow senior Sara Cameron had followed her older sister, Katherine, to the Mountain after working one summer in our tennis camp. She shared the same height limitations that Coleman faced, yet she covered the court like a second coat of paint. Mary Missbach swatted the ball with two hands on either side with the same passion that she now applies to running marathons and changing diapers. Kathryn Pender was so sweet and kind, one had to wonder what they were canning their peaches with back in York County, S.C. Natalie Wallace always wore a bright smile on her face, but had a killer heart on the court. Katherine Crook was as good in either singles or doubles as she was as a student in her biology labs. Twins Jackie North and Kathy North were indistinguishable from one another at first glance, but were quite distinguished in national competition. Emily Allen had a sense of humor so arid that it absorbed every ounce of humidity from her home in south Texas to our tiny mountain in Tennessee.

Tonight [Sept. 12] the women's tennis team of 1999 will be inducted into the Sewanee Athletic Hall of Fame. Jenny, Mary and Kathy all played number one singles for at least two years during their time in Sewanee. When three players of that caliber all play at the same time and are surrounded by a strong supporting cast, you have a perfect storm of a season brewing. Natalie Wallace played number six singles that year. Early in the fall she drew the top player from Emory in a tournament. This girl was the top player in the region and a returning All-American. Natalie seemed to have no chance, but she discovered quickly that her opponent was struggling with her overhead smash. So Natalie lobbed the ball, not every game, not every point, but every shot. By the end Natalie not only conquered her more powerful opponent, but left her sitting on the court in tears wondering what had just happened.

These girls were determined, and they were willing to work for what they wanted. Their 22-4 season, a fifth-place finish at the NCAA Championships, and wins over many of the nation's top-ranked programs are only a few ways to describe the accomplishments of who these girls were. They were friends who shared meals, songs, stories and dreams of what would follow. Now they've become lawyers, marine biologists, investment bankers, physical therapists, veterinarians and nurses. Somehow along the way there were a handful of marriages and 13 babies that followed. Conchie and I were in that stage back in 1999. We had three young daughters, winning teams and nothing left to ask for.

I had a reputation among Conchie's teams for baking them cakes on their birthdays or on special occasions. So when they loaded up the van to head to Lexington, Va., for a match against Washington and Lee, the number-four-ranked team in the nation, they requested that I bake each one of them a cake if they came home with a win. Knowing that they had no chance of winning, as I shut the van door in the parking lot to send them on their way, I said, "If you beat W&L, Conchie will have another baby." My fourth daughter, Tessa, is now almost 13 and a true sparkle in her dad's eye.

Yes, I owe those girls a lot more than simply credit for winning tennis matches and practicing hard on the weekends. They will bring their own sons and daughters tonight, their husbands, a few parents and a collection of stories that made them a team. As they share a laugh and a meal together with their own hoard of children underfoot, I cannot help but think that the quilt has grown and that it is sewn together with something as special as what they are canning peaches with back in Rock Hill.

## NATURENOTES

### Bolete Mushrooms

"Walking out my door on some of these late summer mornings, I immediately encounter a smell as if some animal has died under the porch," reports **Yolande Gottfried**. "Something is decaying, but it is not an animal. It is some of the very large fleshy mushrooms that I am sure many of you have noticed lately, maybe around your house or in the woods near the Cross. If you look at the lower surface of the cap, you see that these do not have gills, as many mushrooms do, but pores, looking like a rather spongy mass full of small openings of tubes in which the spores are produced.

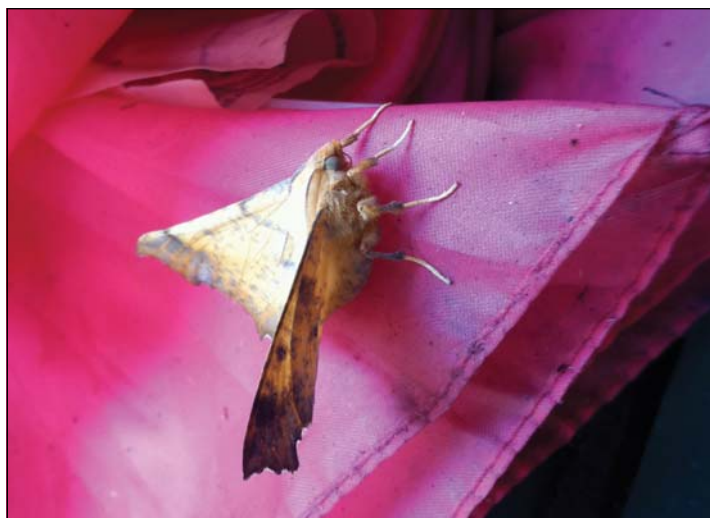

These mushrooms, which have sprung up with the recent wet, warm weather, are members of the Bolete family. This is a large and not well-known group, so I will not try to identify particular species. As with all mushrooms, they are the fruiting bodies of an organism whose great mass lies underground, called a mycelium and made of uncountable thread-like structures called hyphae. Fungi are neither plants nor animals and are now placed in their own kingdom. Molds are also fungi, and there is a special "bolete mold," so many of the boletes we are seeing are themselves being consumed by gray and green and white coverings of this mold."

### Northern Oriole Sighting

"Today, (Sept. 9) I saw a male Northern Oriole, one of the most beautiful birds I have ever seen," **Stephen Carter** of Sewanee reported on Sept. 9. "It was trying to get to our hummingbird feeder and it just sat there while I looked it up. It was about the size of a robin, and had a solid black head and brilliant orange body. Its wings were black with white bars. When it flew away, its tail feathers were a brilliant bright orange."

### What Moth is This?

A loyal reader submitted this photograph of a moth resting on an umbrella. If you know what kind of moth this is, would you let us know?

*A correction: The photo in last week's Nature Notes was incorrectly labeled. It was a picture of the White Crownbeard. —LW*

## Pets of the Week

### Meet Lucy & Bobbi Jo

The Franklin County Humane Society's Animal Harbor offers these two delightful pets for adoption.

Lucy is an active young dog who loves everyone and hasn't yet met a stranger! She may have some Beagle, Aussie or Border Collie in her mix, and she's 100 percent ready for her new family to come and play. Lucy is heartworm negative, up-to-date on shots and spayed.

Bobbi Jo is a sweet young adult cat who enjoys being petted and brushed. She would love a home with a window spot where she could lie in the sun. Bobbi Jo is negative for FeLV and FIV, house-trained, up-to-date on shots and spayed.

Every Friday is Black Friday at Animal Harbor. On Fridays, adoption fees will be reduced 50 percent for black or mostly black pets more than 4 months old who have been at Animal Harbor for more than a month. ## September is Emergency Preparedness Month

With September designated as national emergency preparedness month, the Tennessee Departments of Health, Military and Safety and Homeland Security encourage residents to plan now for what they would need to do in the event of an emergency, and to have a kit of materials to take care of themselves and their families.

"Preparedness is a state of mind; an attitude really," David Purkey, deputy commissioner of TEMA and Homeland Security Advisor, said. "Our efforts are greatly amplified when the public does their part to be prepared by having a plan for emergencies."

Plans should include where to meet if a home is destroyed and include a list of important personal information, including medical information, for every family member. The website <www.ready.gov> has fill-in-the-blank plans available to make it easy to assemble most of the information you would need for your personal emergency plan.

Important personal information should be in your emergency preparedness kit, but contents may vary from individual to individual and family to family. However, there are some items that should be in every kit: Battery-powered or crank radio and a weather alert radio with extra batteries for both; a first aid kit; sanitary wipes; a dust mask; water for both drinking and sanitation; waterproof matches and/or a butane lighter; a crank flashlight; plastic sheeting; non-perishable food to last at least three days; disinfectants; and appropriate medications.

"National Preparedness Month is about encouraging individuals and families to plan for emergency situations. It's also about recognizing those law enforcement officers and first responders who are prepared every day to risk their lives for you and me," Safety and Homeland Security Commissioner Bill Gibbons said. "Their daily sacrifice to the citizens of Tennessee does not go unnoticed," he added.

# BARDTOVERSE

by Phoebe Bates

...Totemic scarabs, exoskeletal,  
Nipped in at the thorax, bulky above and below,  
With turreted hard heads and jutting masks  
And emblems of the lightning or the beast;  
About the size of beetles in our sight,  
Save for the closeup and the distant view,  
Yet these are men, our representatives  
More formidable than ourselves in speed and strength  
And preparation, and more injured too;  
A bandage and cast exhibit breakages  
Incurred in wars before us played before;  
And plaster makes a weapon of an arm,  
A calf becomes a club. Now solemnly  
They take up their positions in the light  
And soon their agon will begin again.

—from “Watching Football on TV”  
by Howard Nemerov

**Christ Church Monteagle and the Diocese of the South wish to share news of special services and events in September, both here and at places within easy driving distance.**

Today, September 12, at 6:30 p.m. (EDT), Archbishop Foley Beach will be preaching at a special service of Evening Prayer at St. Luke’s, Blue Ridge, Georgia. This will be followed by a Men’s Conference.

Tomorrow, September 13, there will be a Celtic Evensong at Holy Cross Anglican Church in Franklin, Tennessee, at 7:15 p.m. (CDT). On Sunday, Holy Cross Day, both Holy Cross and Christ Church will have special celebrations.

The other two Sundays in September mark more liturgical feasts, and we wish especially to invite people to St. Michael and All Angels Anglican Church, Gallatin, Tennessee, for their celebration on September 28, on which they are keeping “Michaelmas” at 10:30 a.m.
