VOL. XXVI No. 33

Thursday, September 16, 2010

Published as a public service for the Sewanee community since 1985.

Civic Association Kicks Off the Year with High Energy

The first Sewanee Civic Association meeting of the year on Sept. 7 drew more than 50 people who gathered at the Sewanee Inn for a delicious, catered dinner and to hear the evening's speaker, Vice-Chancellor John M. McCardell Jr.

Elizabeth Clark Duncan welcomed the group. Duncan and Theresa Shackelford will serve as co-presidents and co-program chairs for the 2010–11 academic year. Rocky Mor-

ris, treasurer, and Elizabeth Koella, member at large, will continue in the positions they held last year. Bobbie Ballard was elected secretary by acclamation.

The Civic Association sponsors the Sewanee Community Chest, a fund raising effort that benefits non-profit organizations serving the community. Community Chest co-chairs for the upcoming fund drive are Jay and Laurie Fisher and Bob and Susan Askew. Last year, requests for Community Chest funding increased by 25 percent over 2009, Fisher said. He attributed community groups' need for increased financial aid to the sluggish economy. Fisher emphasized the new Community Chest mission statement adopted in April: "An important function of the campaign is to minimize the need for excessive area fund raising by many groups; therefore, organizations receiving funds are expected to acknowledge support from the Community Chest in other Sewanee fund raising efforts."

The Community Chest endowment, established several years ago from unspent Community Chest funds, will enable the Community Chest to start this year's fund raising with a balance of \$6,000. Last year's goal was \$101,000, Fisher said; \$105,000 was ultimately raised, with

Morgan Stanley Executive to Speak on Impacts of Financial Reform

Sam Carroll, a 1969 graduate of the University and managing director with Morgan Stanley & Company, Inc., will speak tomorrow, Sept. 17, at 4 p.m., in Gailor Auditorium on "The Impact of Financial Reform on the Financial Services Industry and Your Careers."

Carroll's keynote address is part of a day-long event to give current Sewanee students an opportunity to meet leaders in banking and financial services from around the country.

An economics major at Sewanee, Carroll earned a master's degree in business administration at Emory University. He joined Morgan Stanley in 1978 and has been portfolio manager/managing director for Morgan Stanley Private Wealth Management since December 1999. In that role, Carroll provides highly customized financial advice, investment solutions and brokerage services to individuals, families and foundations with investable assets of \$20 million or more.

Prior to Carroll's address, students will have an opportunity to hear a panel discussion on careers in banking and financial services. The panelists, mostly Sewanee alumni, represent Tiffany & Co., Morgan Stanley, Novare Capital Management, Regions Bank and UBS. The panel discussion will provide information about the nature of the work, preparation needed and different career paths that can be followed. In addition to networking, students will be able to participate in simulated

interviews and receive feedback from the executives.

The Sewanee Office of Career and Leadership Development and the Babson Center for Global Commerce are hosts of the event, made possible by the Joel A. Smith III Fund for Career Exploration.

Joint Training Session

Athletic trainers Reid Fisher (St. Andrew's-Sewanee School) and Ray Knight (The University of the South) held a joint training session with the University's EMS personnel. The focus of the night's session was managing head and neck injuries on equipment-intensive sports. SAS students Andrew White and Alex Hanson came along to learn how they can assist on their home turf. Joint training endeavors help keep all abreast of the latest management techniques and assure that athletes will get the best care if injuries occur. (L-R) Reid Fisher, Alex Hanson, Andrew White, Jack Bullock. "Injured" player is McClain Still.

All are welcome to come and help assist this family in need.

The Franklin County Board of Commissioners will meet in regular session on Monday, Sept. 20, at 7 p.m. in the second floor circuit courtroom of the Franklin County Courthouse in Winchester. Sewanee's representatives are Johnny Hughes and Arthur Knoll. County commission meetings are open to the public.

Community Council Agenda Items Due

Sewanee Presents Poetry Lecture by J. Paul Hunter

The public is invited to attend the University's Stacy Haines Memorial Lecture featuring J. Paul Hunter, professor of English at the University of Virginia and the Barbara E. and Richard J. Franke Professor Emeritus at the University of Chicago. The lecture, titled "Seeing Poetry: Reading Couplets and Other 'Traditional' Poems on the Page," will take place in Convocation Hall on Thursday, Sept. 23 at 4:30 p.m.

A popular and engaging lecturer and a well-respected scholar of Restoration and 18th-century literature, Hunter has written on the cultural contexts of the early English novel, on Henry Fielding, and on the cultural history of the Anglophone couplet. A reception will follow the lecture.

University Announces Modifications to North Highway Entrance, Detour

A project is underway to modify the north (Monteagle-end) entrance to the University of the South at the intersection of University Avenue and Highway 41A, announces John Vineyard, director of Physical Plant Services for the University. Work will continue for the next four to five weeks.

The new entrance configuration is expected to improve the safety of the intersection, as well as its appearance. In order to complete the project as safely and efficiently as possible, the University Avenue entrance will be closed to traffic for the duration of the project. Traffic entering and exiting the north end of campus will be

detoured to Missouri Avenue.

The Tennessee Department of Transportation has already posted "Road Work Ahead" signage, and the contractor will post additional signs. Vineyard reminds the community to pay attention to all highway signs and use extra caution in the construction zone.

When the project is completed, a new stone sign will welcome visitors and mark the entrance to campus at the intersection.

The Convenience Center will be open on its regular schedule during the construction, with access from the highway via Missouri Avenue.

Otey Parish Offers Special Class on Islam

Otey Memorial Parish invites the community to attend a two-part class, "Islam Through the Eyes of Two Muslim Women," on Sept. 19 and 26 at 10 a.m. in the parish hall.

The class will be conducted by Sabina Mohyuddin and her sister-in-law, Tasneem Ahmed, who will discuss their Muslim faith and answer questions. In light of current events, this is a timely offering and will help dispel many of the inaccurate portrayals of Islam by the media.

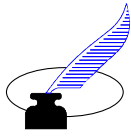

Mohyuddin was born in Nashville and is the daughter of immigrants

from Bangladesh. She graduated from Vanderbilt with a B.E. in mechanical engineering. She and her husband live in Tullahoma and are the parents of four children, three of whom Mohyuddin is home schooling.

Ahmed holds bachelor and master degrees in education from George Peabody. She has taught elementary school in Memphis and Nashville, and is currently taking an online course on the language of the Quran. She and her husband have three children and live in Tullahoma.

FC. PROPERTY TAX INCREASE EXPLAINED To the Editor:

Regarding the Franklin County 2010 budget—after five, often acrimonious, sessions, the Franklin County Commission passed its 2010 budget on Sept. 1. Franklin County Finance came under considerable scrutiny for submitting such a late budget (in comparison with other counties), and also for providing diverse figures on how to meet a changing county budget deficit. As stated in the previous Sewanee Community Council meeting, one big reason for the current \$540,000 deficit is the County Commission's 22-cent reduction of the tax rate in 2007, which deprived the county of \$5 million annually.

We thank Leslie Lytle for her reporting of the Aug. 23 Council meeting [Lytle's report was published in the Sept. 2 issue of the Messenger]. We need to note, however, that the tax rates reported are in cents and not in percentages. Thus, it would be 12 cents and 22 cents and not percent. To compute one's 2010 property tax rate, multiply 2.2336 by the assessed value.

EVELYN TAYLOR MEMORIAL PLANNED To the Editor:

The family of Evelyn Taylor would like to announce that there will be a memorial event to celebrate her life at 1 p.m. on Saturday, Oct. 23, in the Alma Mater Theatre of the old Grundy County High School building in Tracy City. Mrs. Taylor died July 20 in her home in Monteagle at the age of 95. She taught English and Latin and Spanish (and a number of other subjects) during the 1950s and 1960s at Grundy County High School and then at Marion County High School until her retirement in 1980. We hope all of her friends, students and colleagues will join us for this celebration. We encourage you to have a mini-high school reunion and plan it for that day, and join us at the old GCHS for some memories and fun. There will be some planned components of the event, but the family would like to invite any of her students or

friends to compose your thoughts and come to the microphone to tell whatever funny or touching stories you have about Mama. Please e-mail me at <CaroleTaylor@blomand.net> and tell me to put you on the official program or just show up and help us celebrate. If, by chance, anyone has in their archives a tape of her playing the piano or church organ or singing at a wedding, please contact me so I can have a CD made of her own music. And thank you in advance for having been a part of her life and having allowed her to do what she loved best on this earth, and that was to be a teacher and a musician.

GRATEFUL SUPPORT OF REP. GEORGE FRALEY To the Editor:

After reading the Letter to the Editor, one has to wonder why one feels the need for change. Do we need to stop the progress of Highway 64? What about the downtown renovation? Or how about removing the pre-K classes in our schools? Maybe some would like to return the \$200 million in grant money to the state for other districts to use. Let's remove those turn lanes in front of the schools and hospitals, as well as in high traffic subdivisions, that help protect our children and residents. What about the upgrades to our water and sewer plants? And should we remove the roof from the Capitol Hill Community Center? And should we also remove the structural remodeling at Sherwood and Keith Springs Mtn. community centers?

We have George Fraley to thank for securing the funding and seeing these projects through to completion.

I, for one, am grateful for electing George Fraley as our state representative. I have witnessed only positive forward legislation from Rep. Fraley. He has just secured another million dollar grant for the betterment of our communities.

What change could you possibly want? An inexperienced person who

doesn't understand how our state government works? Someone who isn't taking a stand on state issues? Fraley is a dedicated servant of the people, elected by the people, who spends his time at Legislative Plaza every week from January through May, only to come home on the weekends and answer the numerous phone calls and letters from his constituents. Without his years of service and experience, we would not have our voice heard in Nashville on the issue that matters most. Us.

TAKE CARE OF YOUR DOG To the Editor:

Tennessee statute 39-14-202 states that it is a criminal offense to confine animals in a cruel manner. I phoned the ASPCA and asked if Tennessee's cruelty law includes dogs that are constantly confined with their own waste. They said, "Yes!" Many dogs in this area are never released from kennels or chains and their owners do not remove the dog's waste. What makes people so uncaring to their dogs? If people hate the idea of scooping up dog poop, there is an easy solution. Take your dogs away from their confinement for 15 minutes each day. Your dogs will gladly relieve themselves away from their space! And your dog will adore you, which makes them a better watchdog. And you may just come to love that time you spend each day walking your dog. (I did!)

Dog owners benefit in many ways if they obey this Tennessee law. And your neighbors will like you more too, because dogs that are confined 24/7 are miserable and spend hours each day barking, trying to get someone's attention. Do the right thing and take proper care of your dog, which will make your neighborhood a better place to enjoy life!

Lecture Today on 16th-century African Educator

Elizabeth Wright, associate professor of Spanish at the University of Georgia, will present "Between Christian and Muslim, Captive and Freedman: The Literary Stratagems of Joannes Latinus, an African-born Educator Navigating an Age of Mass Enslavement (1570-1572)." The lecture will be given on Thursday, Sept. 16, at 4:30 p.m. in Gailor Auditorium. The public is welcome.

Joannes Latinus (aka Juan Latino) was the first writer born in sub-Saharan Africa to publish a book of poems in a European language. A freedman who gained prominence in Granada as a Latin teacher in the mid-16th century, Latinus attained this milestone with his 1573 epic poem, "Austrias Carmen." On the surface, the poem heralds the victory of a coalition of European navies over the Ottoman Turks in the 1571 Battle of Lepanto. On closer inspection, however, the work exposes misdeeds of the victors and mourns the devastation wrought by that century's new weapons. In addition to examining these issues, Wright will discuss how the poem speaks to the fraught relations between Christians and Muslims in the wake of Granada's bitter civil war of 1568-70.

Wright is collaborating with Sarah Spence, a Vergil scholar and comparatist, to study and edit "Austrias Carmen" alongside Latin poems from Italy. Wright has recently

co-edited a collection of translations from Spanish to Nahuatl (the Aztec language) of the only known dramas by Spain's most famous playwrights of the 17th century.

The lecture is sponsored by the Spanish, religion, classical languages and international and global studies departments, with the support of the University Lectures Committee.

Aerospace Testing Alliance Reduces Work Force

Aerospace Testing Alliance (ATA), the primary contractor at Arnold Engineering Development Center (AEDC), will have fewer employees after Sept. 24. A total of 64 employees were given layoff notices: 36 people volunteered for the layoff, and 28 were involuntary.

The company says declining U.S. Department of Defense budgets and fewer major defense projects mean a reduced work force at AEDC.

New Arrival

Jayson Tyler Solomon

Jayson Tyler Solomon was born on Sept. 10, 2010, in Southern Tennessee Medical Center to Destiny N. and Joshua T. Solomon of Cowan. He weighed 9 lbs., 2.8 oz. and was 21 inches long.

F.C. GOP Meets Sept. 21

The Franklin County Republican Party Executive Committee will meet on Tuesday, Sept. 21, at 6:30 p.m. in the Winchester Regions Bank Campora meeting room. Following a short business meeting a reception will be held to welcome new members to the executive committee. The public is invited to attend.

Everyone is invited to Catechumenate, sponsored by All Saints' Chapel, on Wednesday, Sept. 22, in the Bairnwick Women's Center on Mississippi Ave., at 7 p.m. for Stirling's coffee, prayer and conversation. This is a time of exploration of the faith through a presentation and small group discussions comprised of students, community members, seminarians and professors.

The theme for the week, presented by the Rev. Tom Macfie, University chaplain, is "Times of Disaster." Participants will listen and discuss what this means for God's people of the world and for us as individuals.

For information contact Catherine Outten, lay chaplain, at 598-1251 or the chaplain's office at 598-1274.

Growing in Grace Welcomes Willis on Sunday

Growing in Grace welcomes Laura Willis, who will speak in All Saints' Chapel on Sunday, Sept. 12, at 6:30 p.m.

Midway church of Christ

151 Otter Falls Rd. Sewanee, TN

What We Believe (Part II)

We believe the church is the body of Christ, of which Jesus Himself is Head (Col. 1:18). The purpose of the church is to glorify God (Eph. 3:21). We do this by imitating the life, teachings and ministry of Jesus Christ as we love those around us and call all of us into a relationship with Jesus. We believe in the great commission and that the primary work of the Lord's church is to testify to the world of the saving power of Jesus Christ. (Eph. 3:10; Rom. 1:16-17).

We believe in the unerring word of God. We believe that scripture is inspired of and by God (II Tim. 3:16-17) and that the Bible alone contains what we need for life and Godliness (II Pet. 1:3).

We believe that we are saved by grace through faith in Jesus Christ (Eph. 5:8). We believe that Baptism by immersion is the essential expression of our faith in Jesus (Gal. 3:26-27). We believe that Baptism is the moment of our participation in the death, burial and resurrection of Christ, as we rise from our watery grace to live a forgiven life of service to God (Rom. 6:3-4). Jesus taught and practiced Baptism (John 4:1).

Holloway Elected to Learned Society

Paul Holloway, associate professor of New Testament at the School of Theology, was recently elected to the Studiorum Novi Testamenti Societas, or Society for New Testament Studies, a premier learned society for the furtherance of New Testament studies. Membership in the society is by election and extends to those deemed worthy or are likely to make a creative and constructive contribution to New Testament studies.

Holloway received his A.B. from the University of Texas, his M.A. from Rice University and his Ph.D. from the University of Chicago. He is one of the most recent additions to the Seminary's faculty, hailing from his previous position in Scotland as senior lecturer in the department of theology and religious studies at the University of Glasgow.

Members of the society are expected to have published two major scholarly books in this field, as well as multiple articles demonstrating breadth. Holloway has several publications to his credit, including "Consolation in Philippians: Philosophical Sources and Rhetorical Strategy"

(Cambridge University Press, 2001) and "Coping with Prejudice: 1 Peter in Social Psychological Perspective" (Mohr Siebeck, 2009).

Panelists Will Discuss "How, Then, Shall Sewanee Eat"

Two upcoming panel discussions will address the question: "How, then, shall Sewanee eat?" Both panels will be held in the University's Convocation Hall at 7 p.m.; the first on Thursday, Sept. 23, and the second on Thursday, Oct. 7.

Panelists will share their thoughts about the future of food in the region. The panels will explore how the University might connect to the regional food economy, but will also address questions that transcend the University's role.

Speakers include Rick Wright, executive chef at McClurg Hall; Jess Wilson, manager of Cumberland Farmer's Market; Jeff Pfitzer, director of the Gaining Ground initiative of the Benwood Foundation; Steve Ford, agricultural economist and farmer; Bill Keener, Sequatchie Cove Farm; and a representative from Dixie Produce, one of the University's food suppliers.

Launch Party for New History of Saint Mary's School

The Sewanee Trust for Historic Preservation plans a launch party for a new book by James Waring de Bernières McCrady, University professor emeritus of French, that examines the story of the Southern Province of the Community of Saint Mary, the earliest Episcopal religious order to be founded in the United States. The event will be held on Sunday, Sept. 19, at 2 p.m. on the grounds of the Cloisters on St. Mary's Lane. All are invited, and refreshments will be served.

McCrady's book, "Saint Mary's: The Sewanee Sisters and Their School," draws upon multiple archival collections to trace the evolution of St. Mary's School in Sewanee, Tenn., which was established in 1896 as a training school for local girls and later evolved into a preparatory school. St. Mary's School operated continuously until its closing in 1968.

The author will speak and copies of the book will be available for sale at the event or from the University Book and Supply Store. To order this publication contact the Sewanee Trust for Historic Preservation, P.O. Box 21, Sewanee, TN 37375.

Tai Chi Classes Begin Sept. 21

Kathleen O'Donohue will hold Tai Chi classes on Tuesdays, beginning Sept. 21, from 10:30 to 11:30 a.m. in the Sewanee Community Center, 39 Ball Park Road. A \$5 donation is suggested.

Tai Chi is a recreational exercise program designed for anyone seeking a joint-safe exercise routine; particularly for those with mild to moderate arthritis. The 12-lesson program was developed by Paul Lam and is easy to learn. O'Donohue, a trained and certified instructor of the Arthritis Foundation, leads each class.

All ages and abilities are welcome to attend, whether or not you have arthritis. Tai Chi exercises the entire body, is easy and inexpensive to learn and is suitable for almost anyone. Tai Chi uses gentle, slow, rhythmic movements to integrate body and mind,

improve balance, flexibility, mobility and mental relaxation.

Tai Chi encompasses a wide range of styles and forms. The Sun style, one of five widely recognized styles, was chosen as being particularly effective for people with arthritis. Its high stance makes it easier for beginners and older people to learn and its movements flow smoothly like water in a river. It also contains unique breathing (Qigong) exercises which facilitate healing, breathing and relaxation.

Civic Association Meeting Report

continued from page 1 . . .

the final donation, which enabled the organization to meet and surpass its goal, coming from Bonnie and John McCardell.

Duncan introduced McCardell, who will be installed as vice-chancellor of the University of the South on Oct. 12. A Maryland native and lifelong Episcopalian, McCardell served as president of Middlebury College from 1992 through 2004. A distinguished historian with a doctorate from Harvard University, McCardell

clearly understands the importance of “story” to history, evidenced in his remarks.

“Sense of community defines us and shapes us,” McCardell said, drawing on examples ranging from support for the football team to the recent Mobile Food Pantry, hosted by the Community Action Committee. McCardell and his wife, Bonnie, served as grand marshals of Sewanee’s 2010 Independence Day parade. He joked that the honor

included the distinction of serving the following year inside the dunking booth, adding that he was “fully prepared to be dunked.”

McCardell observed that in these tough economic times the needs of the community are more “acute and poignant than they have ever been. . . . All of us discover at one time or another that we need to depend on each other.” He praised the Civic Association’s Community Chest fund drive and stressed that the University is “fully behind and supportive of the work you do.”

In closing, McCardell recounted an anecdote about Williams Sims, known as Willie Six, who served the University as an athletic trainer for 39 years: “The year Willie Six retired, a reporter asked him, ‘What was the best team and best year for athletics?’ He answered, ‘The best year is the one coming up.’” McCardell suggested that Willie Six’s words of wisdom be the guiding principle for the Civic Association and for our community “this year and every year to come.”

The Civic Association has adopted a new format for the 2010–11

academic year. There will be dinner meetings in September, November, February and April. Annual dues are \$5, and the dinner costs \$10, to be paid at the door.

At the Nov. 17 meeting, in Otey parish hall, the Community Chest budget for the year will be announced, and Investment Committee Chair Bill Harper will report on the endowment. The November program will feature Teddy Roosevelt impersonator Joe Wiegand, who will share the story of “how he came to be Teddy Roosevelt.”

Stating the Obvious: Sewanee is Beautiful

The Princeton Review last month pronounced the University of the South as the “most beautiful campus.”

Others are agreeing. The <ShermansTravel.com> website recently included Sewanee as number three on its “Top 10 College Campuses to Visit,” highlighting All Saints' Chapel, hiking and biking trails, and Abbo's Alley. (The Sewanee website notes: Oddly enough, the site used only used one photo, from Stanford, to illustrate its story, though an accompanying slideshow has shots from each school.)

Both the Huffington Post and MSNBC have picked up and adapted the ShermansTravel list, and it is expected that the story will turn up elsewhere as well.

The Princeton Review asked 122,000 students at 373 top colleges to rate their schools on dozens of topics and report on their campus experiences. The Princeton Review reports the top 20 ranking colleges in a variety of categories in its college guidebook, “The Best 373 Colleges: 2011 Edition.”

Kappa Delta Holds Business Clothes Drive

Sewanee's Kappa Delta Sorority Eta Epsilon Chapter and the Bairnwick Women's Center will celebrate International Women's Friendship Month by sponsoring a Business Clothes, Purse and Hygiene Drive Sept. 20–Oct. 1.

In September women around the country and, this year, around the world all come together and celebrate the importance of women's friendships. International Women's Friendship Month was founded in 1999 by the Kappa Delta Sorority to recognize the confidence that each woman has as a result of her friendships. This holiday has been celebrated in many ways from specialty luncheons to fun girls' weekends to time at the spa.

This year the local chapter of Kappa Delta seeks to support area women who lack resources to purchase business clothes for work or job interviews. The chapter, along with the Bairnwick Women's Center, will be hosting a purse, business clothing and hygiene products drive during the month of September. These items will be donated to the Appalachian Women's Guild, which will distribute the items to women in the region who are in need of these products.

Drop off items in the Mary Sue Cushman Room of the Bairnwick Women's Center. For information contact Mary Emily Christiansen at <chrisme0@sewanee.edu>.

Rogers will review “Sea of Poppies” by Amitav Ghosh. The novel is set in India in the 1830s, just prior to the Opium Wars, and was short listed for the Man Booker award.

Visitors are always welcome. For questions or directions, please contact Flournoy Rogers at 598-0733 or <fsrogers@wildblue.net>.

Easy Care Plants Garden Club Topic

The Sewanee Garden Club will hold its first meeting of the 2010–11 season on Monday, Sept. 27, at 1:30 p.m. in the home of Claudia Porter on 43 Carriage Lane, Sewanee. The speaker will be Matt Bradford of Bradford's Landscaping and Nursery in Winchester. The topic will be “Easy Care Plants for Seniors Who Love to Garden.”

The Sewanee Garden Club was established by Mrs. W.H. McKeller in 1929, and became an organized interest group of the Sewanee Woman's Club in 1930. The club generally meets on the fourth Monday of the month, September through May with the exception of January.

All individuals interested in flowers or gardening are welcome to attend the meetings. For information call Pixie Dozier at 598-5869 or e-mail <pixied@hughes.net>.

Alzheimer's Walk Sept. 25

The 17th annual Alzheimer's Association of Tullahoma Memory Walk will take place on Saturday, Sept. 25, in Frazier McEwen Park on Big Springs Ave., Tullahoma. Registration is at 9 a.m., and the walk begins at 9:30 a.m. Everyone is invited to walk the greenway or come to the park and enjoy the fun, food and music.

The grand prize again this year is a \$300 gift certificate from Jim Woodard of Woodard's Diamond Showroom. No registration fee is required to participate, but a donation of \$25 is encouraged. Each walker who raises \$100 or more will receive a limited edition 2010 Memory Walk T-shirt.

The Memory Walk is the Alzheimer's Association's major fund raising event, generating more than 65 percent of funds needed for the entire year. This year's goal is to raise \$86,000. As corporate donations have reached \$27,000, an additional \$58,000 is needed from walkers.

For more information call the Tullahoma Alzheimer's Association, (931) 455-3345, or go to the national website: <www.alz.org/>.

Atlanta Federal Reserve President to Speak in Sewanee

Dennis P. Lockhart, president and chief executive officer of the Federal Reserve Bank of Atlanta, will speak at 4:30 p.m. on Tuesday, Sept. 28, in Convocation Hall on the University campus. The public is invited to Lockhart's talk, “Sizing up the U.S. Economy and Monetary Policy.”

The Federal Reserve Bank of Atlanta is part of the central bank of the United States. The Federal Reserve System (“the Fed”) consists of 12 reserve banks located around the country and the board of governors in Washington, D.C. The Atlanta Fed and the other reserve banks play a part in monetary policy, bank supervision and regulation, and the operation of a nationwide payment system.

In its monetary policy role, the bank seeks to keep prices stable and economic growth at its maximum sustainable rate. The Federal Reserve bank presidents meet with the seven Fed governors every six weeks at the Federal Open Market Committee meeting, where key decisions are made about interest rates and the growth of the U.S. money supply.

The Federal Reserve Bank of Atlanta serves a district covering Alabama, Florida and Georgia, and parts of Louisiana, Mississippi and Tennessee.

In his role, Lockhart is responsible for all the bank's activities, including monetary policy and bank supervision and regulation. Prior to 2007, he served on the faculty of Georgetown University's School of Foreign Service, and chaired the master degree program's concentrations in international business-government relations and global commerce and finance. His career in finance includes positions as managing partner

Dennis P. Lockhart

at the private equity firm Zephyr Management, L.P., president of Heller International Group and chair of the Advisory Committee of the U.S. Export-Import Bank.

Lockhart earned a B.A. in political science and economics from Stanford University and an M.A. in international economics and American foreign policy from the Johns Hopkins University School of Advanced International Studies.

While on campus, Lockhart will meet informally with Sewanee students and will teach a class. His lecture is presented by the Babson Center for Global Commerce as part of the Bryan Viewpoints series, which presents noteworthy voices speaking on issues critical to global commerce. The series, named for J.F. (from Sewanee's class of 1965) and Peggy Bryan, brings leaders from business, policy, media, and government to the Sewanee campus to share their varied perspectives with students and the community.

Director Stanley Kubrick's final film dishes up a chillingly distant examination of carnal desire and obsession ignited by an argument over fidelity between Dr. Bill Hartford (Tom Cruise) and his wife (Nicole Kidman), which sends the physician reeling into the Manhattan night. He soon finds himself in a surreal succession of sexually charged encounters, capped off by a clandestine visit to an upper-crust orgy. (www.netflix.com)

Arts Center Stages Musical “13”

From Sept. 17 through Sept. 26, the Arts Center of Cannon County will present “13” on Fridays and Saturdays at 7:30 p.m. and on Sundays at 2 p.m.

With a high-energy rock score, “13,” a recent Broadway hit, is a musical for all ages. When his parents divorce, Evan Goldman has to move with his mother from New York City to Appleton, Ind. Having prepared for his bar mitzvah, Evan has to take an important part in a religious ceremony that celebrates his Jewish manhood—away from his father's side of the family and all of his old friends. Evan's new best friend, the nice girl next door, describes Appleton by singing “The Lamest Place in the World.” While Evan experiences culture shock in his own country, he discovers that “cool” sometimes can be found where he least expected it.

Tickets are \$12, with a \$2 discount for students, seniors and groups over 10, may be purchased by calling the Arts Center box office at (800) 235-9073 or online at <www.artscenterofcc.com>.

The Arts Center is located at 1424 John Bragg Hwy., west of Woodbury, a half-hour drive from Manchester.

The University's Department of Music presents visiting artists John McMurtery, flute, and Mark Volker, guitar, in a concert on Friday, Sept. 24, at 7:30 p.m., in the University Art Gallery on Georgia Ave.

Volker will also lead a guitar workshop at 4 p.m. in St. Luke's Chapel on Sept. 24. Guitarists of any level of experience are welcome to participate and should bring their instruments. The workshop and the concert are free and open to the public.

Volker and McMurtery began performing together in 2007 at the Belvedere Chamber Music Festival in Memphis. Since then, they have appeared in concerts featuring 20th-century music and new works by emerging composers. Their program in Sewanee includes Astor Piazzola's “Histoire du Tango,” Heitor Villa-Lobos' “Distribution of Flowers,” Toru Takemitsu's “Toward the Sea,” Robert Beaser's “Mountain Songs for Flute and Guitar” and Volker's own “Intertwined.”

McMurtery is a section flutist of the New York City Opera Orchestra and has appeared as soloist with the New York Symphonic Ensemble, the Artemis Chamber Ensemble, the Manhattan Chamber Orchestra and at the 2005 Lincoln Center Festival. As an advocate for contemporary music, he performs with the Memphis-based ensemble Luna Nova and the Society for Chromatic Art in New York. McMurtery graduated in 2005 from the Juilliard School with a doctorate in music arts. For information see <www.johnmcmurtery.com>.

Volker, also a member of Luna Nova, has developed a growing reputation as a guitarist and a versatile, award-winning composer. His music

has been performed and recorded by many groups, including the Contemporary Chamber Players, eighth blackbird, Pacifica String Quartet, Musica Moderna Poland, the New York New Music Ensemble, the Kiev Philharmonic, the Orquesta de Baja California, the Boston Brass and the Nashville Ballet. This year Centaur Records released “Elemental Forces,” a collection of Volker's recent works inspired by natural phenomena. He taught for several years at Colgate University and has joined the faculty of the Belmont University School of Music in Nashville as coordinator of composition activities. Listen to some of his compositions at <www.lunanova.org/audio.html>. For information on the concert or workshop, contact James Carlson at <jcarlson@sewanee.edu> or 598-1538.

Paul Taylor 2 Dance Company Performs in Sewanee Oct. 1

The acclaimed Paul Taylor 2 Dance Company is featured in the first event of Sewanee's 2010-11 Performing Arts Series. On Friday, Oct. 1, at 7:30 p.m. the modern dance troupe will perform in Guerry Auditorium.

A virtuoso dancer in the 1950s, Paul Taylor formed Taylor 2 in 1993, which brings many of his masterworks to smaller venues. The company's six professionals have a particular gift for Taylor's style, with a repertoire chosen to span the breadth of his work. Gia Kourlas of The New York Times has called Taylor 2 "a kind of a miracle...All of the dancers are considerable talents [who] unite fearlessness with skill."

Taylor has set dances to ragtime, reggae and rock music, to Tin Pan Alley and barbershop quartets, to Bach and Handel, and to plaintive loon calls. At age 80, Taylor continues to win acclaim for the vibrancy, relevance and power of his recent dances as well as his classics.

The Paul Taylor 2 performance is part of the University's Performing Arts Series, and is also part of the celebration for the installation of John M. McCardell Jr. as the University's 16th vice-chancellor and president. The series brings a wide array of the world's finest artists to Sewanee. General admission tickets are \$25/adult, \$20/seniors, and \$10/student. Children under 12 are admitted free. Season tickets for all six Performing Arts events are available. For information e-mail <performingarts@sewanee.edu> or visit <www.sewanee.edu>.

School Scoop

SES Commemorates Patriot Day

On Sept. 10, Sewanee Elementary School hosted an outdoor flag raising to commemorate "Patriot Day." Aubrey Black and Ariaht Tucker raised the United States flag and the Tennessee state flag. They then led the students and community dignitaries in the Pledge of Allegiance. Everyone joined in as the national anthem, "The Star Spangled Banner," was sung.

Genevieve Rogers shared her definition of a patriot, and Blake Collins gave his definition of a hero. Principal Mike Maxon then elaborated on why we appreciate them so much. He followed with a thank you to the veterans, police officers, firefighters and the emergency medical technicians who were in the audience.

The students raising the flag are (below, L-R) Aubrey Black and Ariaht Tucker, fifth-grade students at SES.

Jim Davidheiser entertains SES students with interpretations of Grimm's fairy tales during a recent Friday morning assembly.

Davidheisers Share Fairy Tales with SES Students

Sewanee Elementary School benefits greatly throughout the school year from the wealth of educational resources available in the community. Recently, Jim Davidheiser, University professor of German, and his wife, Marilyn, retired Franklin County High School teacher, gave a delightful fairy tale program during the SES Friday morning assembly.

The Davidheisers have just returned from a sabbatical in Germany

to research fairy tales for a forthcoming book. Jim Davidheiser was excited and enthusiastic in sharing one of the Grimm's fairy tales. He dressed up all in green as the frog prince and entertained the students with that delightful story. Marilyn Davidheiser was nearby assisting with sound effects. SES students and teachers are eager for the next fairy tale encounter with the Davidheisers.

SAS Faculty Inspire Lifelong Learning by Example

Several members of the St. Andrew's-Sewanee School faculty spent the summer acquiring new skills and experiences in their quest for lifelong learning. Many of these projects were supported, in part, by the financial help of the school's parents' council.

Humanities teacher **Tracy Randolph** attended a five-day writing workshop titled "Writing from the Heart," at the Omega Institute in Rhinebeck, N.Y. The instructor, Nancy Slonim Aronie, is a distinguished writer and commentator for NPR's All Things Considered and founder of the Chilmark Writing Workshop on Martha's Vineyard.

Adventure education teacher and athletic trainer **Reid Fisher** became a facilitator for Project Learning Tree (PLT), Project Wet, and Project WILD. PLT, a program of the American Forest Foundation, is an environmental education program. Project Wet is a similar program for water resources. University Announces Special Appointments

The University of the South has announced the Brown Foundation and Tennessee Williams Fellows for 2010–11. Brown Foundation Fellows are Norman Desbiens, M.D., and Marilyn Nelson. The Tennessee Williams Playwright-in-Residence is David Roby.

Norman Desbiens will be a visiting professor of biology and philosophy for the Easter term, 2011, in Sewanee. He has a B.A. from Providence College, a B.M.S. from Dartmouth Medical School, and a M.D. from Harvard Medical School. Previously, Desbiens was the chair of internal medicine at Erlanger Hospital and the Chattanooga branch of the University of Tennessee College of Medicine. Having filled a number of leadership roles in medical practice and oversight, he still serves as a medical consultant to Chattanooga's Program for All-Inclusive Care for the Elderly (PACE). An active researcher and inspiring teacher, he is the author of numerous peer-reviewed publications.

Bringing to his work special expertise in statistical analysis, Desbiens has made notable contributions to the study of how statistics can advance research endeavors in medicine and medical ethics. His abilities and intellectual interests are also broad, extending into biology, ethics, and the history and philosophy of medicine. He has pursued medical research on treatments and outcomes, has authored position essays on best physician practices related to end-of life issues, and has been a principal investigator for what has been called the largest, most significant study of how patients die in hospitals: "The Study to Understand Prognoses and Preferences for Outcomes and Risks of Treatments (SUPPORT)."

Among the special honors that Desbiens has received are his recognition as a Fellow of the American College of Physicians, his receipt on two occasions of the George Magnin Teaching Award, his receipt of a Gwen Sebold Research Fellowship, and his selection for a Distinguished Teaching Award from the University of Wisconsin.

During the Easter term, 2011, in Sewanee, he will offer an interdisciplinary course on the history and philosophy of medicine.

Marilyn R. Nelson will be a visiting professor of English for the Easter term, 2011, in Sewanee. She has a B.A. from the University of California, Davis, a M.A. from the University of Pennsylvania, and a Ph.D. from the University of Minnesota.

Nelson is a distinguished poet, a prolific writer and an esteemed educator. Often invited to give poetry readings and presentations, she is the author or translator of more than a dozen books, including poetry collections and children's books. She is the founder and director of Soul Mountain Retreat, a small writers' colony, current poet-in-residence at the Cathedral of St. John the Divine in New York, and former Poet Laureate of the State of Connecticut.

Nelson has thrice been named a finalist for the National Book Award—in 1991 for her collection "The Homeplace," in 1997 for "The Fields of Praise: New and Selected Poems," and, in 2001, for "Carver: A Life in Poems." Among the many honors Nelson has won for her work are a Guggenheim Fellowship, an Annisfield-Wolf Award, two Pushcart Prizes, the Boston Globe/Hornbook Award in 2001 and 2005, her recognition on two occasions as author of a Coretta Scott King Honor Book, a Fulbright Teaching Fellowship, two creative writing fellowships from the

National Endowment for the Arts, and a Contemplative Practices Fellowship from the American Council of Learned Societies.

At Sewanee, Nelson will co-teach with English professor Jennifer Michael a course on poetry and meditation. She will also present at least one poetry reading.

David Roby will be a visiting assistant professor of English in 2010–11. He has a B.F.A. in acting from the North Carolina School of the Arts and a M.F.A. from the Illinois State University.

A former student-participant and, subsequently, an instructor in the Sewanee Writers' Conference, Roby has developed an impressively varied career as an actor, director, instructor, playwright and screenwriter. He has published original plays, screenplays, lyrics and poems. Among several other honors, he received the 2006 Jean Kennedy Smith Playwriting Award, presented by the John F. Kennedy Center and VSA Arts, for his original full-length play, "Arts and Sciences." In 2008, Roby was awarded the John N. Wall Fellowship in Playwriting at the Sewanee Writers' Conference. He has served as a graduate professor in acting, oral interpretation, and experiencing theatre at Illinois State University and as artist-in-residence at Oklahoma City University.

Students, Use Caution

The Sewanee police department urges bicyclers on the streets and sidewalks to follow a few simple safety rules.

When biking on Sewanee sidewalks, bicyclers should slow down when passing pedestrians since some may not hear a warning bike bell and know to step to the right. Walkers should walk on the left-hand side of the road, traveling against the traffic. Bicyclers should travel in the right-hand lane, going with the flow of traffic. During the day, both walkers and bikers should wear clothing of bright, easily seen colors, and from dusk on wear light, reflective clothing. In any case, don't just assume drivers can see you. Be on the lookout for your own safety.

Soft Students, Faculty Begin iPad Pilot Program

On Aug. 20, every new first-year seminarian at the School of Theology and every member of the faculty received a University iPad. This launched a new collaborative experiment to explore how students and faculty can work together to make the iPad work optimally for teaching and learning.

The iPads were loaded with standard applications, including Blackboard Mobile that will enable use of Blackboard sites from the iPad. Other features include an e-reader, word processing, drawing and piano keyboard. This new tool will provide students with access to course reading, learning new music and collaborating on common documents. Teachers' annotations and students' own notes including highlights, sketches and other items that might be placed on the white board in the classroom will also be accessible. Following the overall learning curve will be exciting, but one of the goals of the pilot is to see what innovative uses can be created.

The iPads will remain the property of the University, at least for the time being. There will be a major evaluation at the end of the academic year to see how the program can be improved and expanded for the coming year.

Edward St. John photographs the St. Andrew's-Sewanee School community, an annual tradition for close to 40 years.

All-School Photo An Annual Tradition

The camera was manufactured in 1905, the same year St. Andrew's School was founded, and for close to 40 years, Edward St. John has been bringing it to the Mountain to chronicle the beginnings and endings of Sewanee's schools. Each year he takes panoramic shots of the entire school population at St. Andrew's-Sewanee School, and the freshman and senior classes at the University of the South.

The process for taking the photos is complicated. Get 300 people or more together on risers set at just the right curve and try to keep everyone in place while the camera's gears turn the camera from left to right to record the image on a 10-inch long piece of

film. At one time the Cirkut Camera was the only way to take this type of photo. Now photographers can do a series of digital shots and stitch them together with a photo editor, but the experience isn't the same as watching St. John don his head cover as he ducks behind his ancient camera.

St. John has spent most of his life in Coffee County, working as a schoolteacher and for 54 years as photographer. In his younger days he would haul his Cirkut Camera, and his inimitable wit, to more than 75 schools each year; now he is down to just 10. After recording more than 3,700 anniversaries and weddings, he has also retired from event photography.

Sewanee Named Team of the Week

Sewanee's offensive line has been named to D3football.com's National Team of the Week for games played on Sept. 4. McClain Still, Max Jones, Yates Marr, Hunter Findley and Atticus Frank make up the Tiger line, which is under the direction of offensive line coach Jake Wissing, who joined the Sewanee staff in March.

The Tigers earned 420 yards of total offense, including 277 rushing yards, and gained 19 first downs on the day. Sewanee only gained 626 rushing yards total during the 2009 season. The offensive line played a

penalty-free game and gave up only one sack, while leading the way for eight different players to carry the ball. The Tiger rushing attack was highlighted by a 65-yard touchdown run by freshman Chad Morehead, who finished the day with 80 rushing yards. The line also led the way for two Zeke Wilson rushing touchdowns in the second quarter.

The Team of the Week is selected from nominations across the country and is based on outstanding performances within Division III each week.

AYSO Sewanee Soccer Off to a Great Season

On Saturday, Sept. 11, soccer teams for U6 and U8 played their first games of this season! The season is off to a great start with high energy and fun with the volunteer soccer coaches and the players. Games will continue every Saturday through October. Come out to see the newly painted concession stand and the well-maintained soccer fields. Students and staff participating in the University's PRE orientation worked long and hard to make ball park and soccer fields look fantastic!!

Atkins Named Player of the Week

Sewanee junior Zac Atkins of Dallas, Texas, has been named the SCAC Defensive Player of the Week. Atkins is a 5'9", 185-lb linebacker for the Sewanee football team.

In a 33-14 season-opening win over Earlham College, Atkins helped the Tiger defensive effort by racking up seven tackles, including one for a loss, pulling in one interception and recovering a fumble.

Sewanee Fencing

Skip Aymett of Germantown, Tenn., Sewanee's premier fencer, placed third in the epee competition at the Blue Raider Open held at Middle Tennessee State University (MTSU) on Sept. 11. Aymett won easily over Stephen Fisher of Western Kentucky University and Stuart Bernstein of MTSU, 15-4. In the semifinals Aymett faced Dennis Kraft, Vanderbilt's new coach, whose thunderous charges and extraordinarily precise point control led to a 15-6 victory.

Tiger Sports Highlights

MEN'S SOCCER—The 19th Annual Kyle Rote Jr. Invitational took place Sept. 10-11, and the host Sewanee Tigers went 1-1 in the two-day tournament. Sewanee's showing was highlighted by the placement of three Tigers to the All-Tournament team, including sophomore Devon Ball, junior Will Morgan and freshman Brian Maloney. The Tigers topped Huntingdon College on Saturday, 4-1, but fell on Sunday to the University of the Ozarks, 1-0, in a hard-fought battle.

WOMEN'S SOCCER—The Sewanee women's soccer team lifted their season record to 2-1-0 after defeating Washington and Lee 1-0 on Saturday afternoon. The Tigers battled the Generals all afternoon, but junior Lilly Barnett's goal in the 39th minute proved to be the difference-

maker in the match. Barnett scored off a Bess Goodman corner kick for the only goal of the day

VOLLEYBALL—Freshman middle blocker Tarver Shimek (Towson, Md., Towson) was named to the All-Tournament team at Emory & Henry College after amassing 16 kills and 10 digs. Shimek put her best numbers up against Meredith, hitting .227 and providing 4 digs with no reception errors.

FIELD HOCKEY—The Sewanee Tigers' field hockey team lost two matches over the weekend, dropping their record to 1-3 overall. The Tigers fell to Kenyon on Saturday, Sept. 11, by a score of 3-1 and to Ohio Wesleyan on Sunday, 2-1.

Overtime with Coach Shack

By John Shackelford

The departure of one child necessitated a minor paint and remodel job in my daughter's room. As you begin to sift through the wreckage of what collects on a teenager's shelves, you are faced with what to do with all of the youth sport trophies that a family collects over the years. I enjoyed remembering a few of the great moments with the girls that some of these trophies brought back to memory. What began to amaze me is how many trophies are passed out these days for just being a participant in the Northeast Division of the Franklin County Regional Combo Egg Toss and Three-Legged Race. Everyone's a winner!

Don't get me wrong. I am all for encouraging every child to participate in youth sport activities. I am all for building self-esteem through success on the field, but somewhere we veered off-course and decided that a child might get their feelings hurt if their friend earns a trophy, and they come home empty-handed. I believe that participation should be its own reward. Sports are fun. They are way cooler than Xbox on the couch, and I don't need a trophy to make me feel good about it.

I remember watching my best friend bring home a state championship tennis trophy when we were just 12 years old. I got beat in the first round and came home carrying just my racket, but it didn't make me want to quit or give up. The experience made me realize that I had to work harder in order to do the same thing. That is a valuable lesson that sports can provide for us. Kids don't need a snack at every halftime and an award every time they play. Just enjoy playing the game.

As I sat in the Sewanee Hall of Fame dinner Friday night listening to the stories these great alums recounted, I didn't hear a lot of thanks being given for those who made life easier for them. I didn't get the feeling that Coach Shirley Majors was worried if one of his players had their feelings hurt if they got knocked down. On the contrary. When you get knocked down, you have to get back up and do it again. It's true. You don't get to win every game. You don't always get the job from the \$100,000 box. Sometimes your bank's investment strategy fails, and there is no bailout. The message we have to provide to these kids is that it's OK. Deal with the failure and get back up on your horse. Try again. Maybe you'll get the trophy next season, maybe not. Kids in the theatre have to deal with failure and rejection, as does a child trying out for the marching band. If you want to be good at something you need to walk through a little fire.

The trophies that usually survive these housecleanings are the ones that required a few stitches to earn. The ones that survive are usually the team photos that tie you to the best group of people you could have spent a summer with, or a winter with in a hundred gyms and backroads in 10 different counties. Please do go participate in the egg toss. Try not to trip in the three-legged race, and if you tie for 19th place, don't look for your trophy. Just go shake the other guy's hand and tell him you will see him next year.

SAS Girls' MS Soccer Victorious

The SAS Lady Mountain Lions' Middle School Team opened their home schedule on Sept. 6, hosting Westwood Middle School. The girls were up for the challenge. Dominating the entire match, SAS earned 11 shots from Erin Berner-Coe, Anna Fox, Anna Stapleton, Isabel Butler, Sam Weigand (all from Sewanee) and Cameron Azarbarzin of South Pittsburgh. Eva Miller of Sewanee helped control defense from the sweeper position.

In the second half, Azarbarzin hammered home a shot from the outside to put SAS up 1-0. In the closing minutes, however, Westwood came back and finished one of their own, leaving the match tied 1-1 until the final whistle. Abigail Owsley of Sewanee earned two saves on the evening.

SAS continued their upward streak as they hosted Cascade and Webb last week. On Sept. 7 against Cascade, the Lady Mountains Lions fell behind early in the first half. However, Weigand took the ball and nailed home the tying shot before halftime. Dominating from start to finish, the team finished off Cascade with a quick shot from the top of the box by Azarbarzin, earning their first victory of the season. Emory Babcock of Sewanee stepped in goal for the first time ever, keeping the net safe and earning five saves.

Against Webb, Weigand opened the game with two goals in the first five minutes. Owsley added a third off a beautiful cross from Emma Zeitler of Sewanee. On the defensive end, Kyra Wilson, Anne Russell Webb and Mason Goodson, all from Sewanee, held strong with Azarbarzin and Butler to keep Webb out of the danger zone. Babcock once more earned her glory in net, with five saves in the 3-1 victory.

W&L Defeats Sewanee Tigers in Football Action

The Sewanee Tigers fell into a hole early on Saturday and never managed to dig themselves out, falling to the Generals of Washington and Lee (W&L), 48-17. W&L amassed 543 yards of total offense on their way to the win, and the Tigers struggled to keep them down all day.

The Generals' rushing attack proved to be too much for the Tigers, as W&L amassed 464 yards on the ground and earning 26 first downs along the way. The Tigers collected 187 rushing yards and 11 first downs. Neither team passed much: the Tigers managed 45 yards on four of eight passing, while W&L came up with 79 yards on seven of 14 passing. Senior Geoff Marolda punted eight times for 297 yards. Defensively, safety Alfonza Knight paced the Tigers, coming up with 11 tackles, ten of them solo, two forced fumbles and one pass breakup.

Zac Atkins tallied eight tackles, forced a fumble, and recovered a fumble.

The Tigers fall to 1-1 on the season and will travel to Hampden-Sydney, Va., to take on the Tigers of Hampden-Sydney College at 1 p.m. on Sept. 18.

SAS Volleyball Team Marks One Win, Two Losses

The St. Andrew's-Sewanee varsity volleyball team was defeated by Berean Academy on Sept. 7, and St. Cecilia on Sept. 8. The Mountain Lions won against Tullahoma High School Sept. 13. The SAS record is 12-4, 1-2 on the season.

In the competition with Berean Academy on the road, SAS scores (listed second) were: 22-25, 25-14, 22-25, 25-12 and 9-15. Senior Elle Gilbert had a strong game with 20 kills, 11 digs and three blocks. Freshman Jenna Burris led the team in blocks, with five, and added 12 kills. Freshman Sam Stine led the team in assists with 17, while Emily Thomas added 13. Christiana True had a strong serving game and added five digs.

The Mountain Lions lost a district match to St. Cecilia: 25-15, 25-12, 21-25 and 25-18. Strong defensive games were turned in by Catelyn Hutcherson, Madison Culpepper and True. True recorded three aces to go along with her five digs. Gilbert had five kills, three digs and two blocks. Thomas had 10 assists.

Against Tullahoma the scores were 22-25, 25-20, 23-25, and 19-25. The Mountain Lions rallied around a strong serving game by Stine, Britany Nunley and True. Gilbert led SAS with 23 kills, seven blocks and 10 digs. Burris added 11 kills and seven blocks. Stine also had eight assists and Thomas had 11 assists. Coach Rob Zeitler said, "After losing the second game the players responded with determination to execute their offense and discipline in getting to their defensive positions. I am proud of their effort tonight."

SAS Girls' Varsity Soccer Drops Two

The SAS girls' varsity soccer team suffered two defeats on the road. Donelson Christian Academy defeated the Mountain Lions 4-1, and Warren County won 5-1. In both

matches, Allyson Ridley continued her scoring streak; she has now scored in six consecutive matches and leads the team with 10 goals.

Nature Notes

Anole Lizards Change Colors

On Labor Day **Jean and Harry Yeatman** were sitting on their porch admiring the view of Lost Cove when Jean said, "Look what is walking towards us on the deck board." It was a wonderful Anole Lizard in brownish color. Finally it ran down a post to the ground. We had not seen one of these lizards for several years. The next day Jean was watering the deck flowers and came to the Scarlet-Climber vine with its small red flowers, and the lizard appeared and ran into the green foliage of the vine. It, of course, changed its color to green on this plant, making it difficult to see. It is probably resting there now, feasting on insects. This is the "chameleon" sold at fairs to be kept as a pet, but it is a common inhabitant of the southeastern states. It laps up water from plant leaves when thirsty. The male anole lizards have an expandable flap of skin on their throat that is red in color. The female lays two or three eggs in the summer under moist debris that hatch into cute young in six weeks. True chameleons are ugly, big-headed, curled-tail lizards, but our pretty, slender lizard can change color like the true chameleon of Africa.

Sewanee Dog Control Policy

June 2001 Revision

Dogs have long been welcome members of the Sewanee community, and we have been fortunate to have, for the most part, well-behaved dogs. As the community has grown, and as legal requirements have changed, the Community Council and the University have revised the Dog Control Policy to meet these changes. This revised policy was effective June 1, 2001. As in the past, individuals are urged to notify a dog's owner of any complaints regarding a particular dog prior to involving the Sewanee Police Department.

A. All dogs must be under obvious and effective control of their owners at all times while on the Domain. Obvious and effective control normally means that an owner must be within immediate sight and sound of his or her dog at all times. The Sewanee Police Department will determine whether a dog is under its owner's control within the meaning of this policy. Any dog not under its owner's control is subject to pickup by the Sewanee Police Department, and the owner is subject to fine at the discretion of the Sewanee Police Department.

B. No dogs other than guide dogs are allowed in University buildings, and the Sewanee police will pick up and hold all dogs found in University buildings.

C. The police will also pick up and hold all dogs, whether or not under an owner's control, constituting a public hazard or nuisance. Examples include dogs snapping at, biting, or otherwise threatening walkers, joggers, bike riders, other animals, etc. Any person who is threatened or attacked should (1) inform the dog's owner, if known, and (2) notify the Sewanee police. The police will make a reasonable effort to notify the owner of any dog picked up.

D. Fees and Fines: An owner who is found not to have a dog under control is subject to a \$15 fine for a first offense, a \$50 fine for a second offense, and \$100 for a third and subsequent offenses. A fee of \$25 per day will be charged when a dog is picked up and taken to the Sewanee pound. A dog whose owner cannot be identified within 5 days from pickup will be sent to the Franklin County Pound. A dog picked up a third time within a calendar year will be taken immediately to the Franklin County Pound.

Owners of dogs judged by the Sewanee Police to be a public nuisance or hazard (see C above) will be subject to a \$100 fine for the first offense, and the owner must provide satisfactory evidence that the dog will be adequately secured at all times. A \$250 fine will be charged for the second offense, and the dog shall be removed from the Domain in the event of a third offense. Upon the recommendation of the Sewanee Police, a dog that has made a vicious mauling attack or has engaged in a second biting offense shall be removed from the Domain immediately.

Fees and fines not paid within thirty days will be deducted from an employee's pay or billed to a student's account. All others who fail to pay fees or fines will have their dogs permanently removed from the Domain.

E. Watchdogs kept by leaseholders must be securely fenced in at all times and adequate warning signs posted. The number of such dogs is limited to two.

F. Leaseholders raising dogs, other than a casual litter, may be required to obtain a special permit from the Sewanee Police for this purpose.

G. Pit Bulls are not allowed on the Domain.

H. This policy will be published each year in the MESSENGER, placed in student information packets, and given to new University renters and leaseholders.

From Bard to Verse

by Scott and Phoebe Bates

O generation of the thoroughly smug
and thoroughly uncomfortable,
I have seen fishermen picnicking in the sun,
I have seen them with untidy families,
I have seen their smiles full of teeth
and heard ungainly laughter.
And I am happier than you are,
And they were happier than I am;
And the fish swim in the lake and
do not even own clothing.
