The Fall Heritage Festival returns to Cowan September 21-23, filling the Cowan Railroad Museum Park with art, history, music, food, and tons of free activities for kids of all ages. The free community-driven event celebrates the region's traditions and history as well as showcasing the continuing talents, creativity and diversity of its residents. *This child's face says it all! The University Child Care Center wants to give a big thank you to the Sewanee baseball team for coming out to work on the playground to prep it for the new turf ground cover, and an even bigger thank you to the University Facilities Management for finishing up and laying all our new turf for our small playground. Thank you all for your help and support.*

## Object Idea Exchange Coming to Sewanee

The Isle of Printing will lead Sewanee in a community project centered around The Communication Station - Automated Exchange Interface, an experimental process for people to share and receive objects and ideas. Participants can interact, examine and share with their community in an efficient modern manner that explores our collective ability to communicate with one another as neighbors and citizens of the world.

The event begins on Friday, Sept. 28, and everyone is welcome. From noon to 1:30 p.m., the Isle of Printing will be in McClurg Dining Hall to begin the conversation, and from 4:30 to 6:30 p.m., they will join the festivities at

AngelFest in downtown Sewanee.

Consider bringing a gift, an object smaller than a shoebox. Participants can bring something they associate with the community of Sewanee or an object they would like the community of Sewanee to have.

Through the shared experience of these objects, the project aims to find pathways towards positive connections and a higher level of interpersonal communication between seemingly disparate groups.

Gifts and stories will shape the exhibition "Communication Station: Automated Exchange" in the University Art Gallery, opening Oct. 25.

## AngelFest to Feature Fun and Music

The eighth annual AngelFest will be Friday, Sept. 28, at the Angel Park and throughout downtown Sewanee. Joseph's Remodeling Solutions is sponsoring the family fun and children's activities from 4:30 to 7 p.m. Rain location is Cravens Hall.

There will also be an arts and crafts market and local farmers' market. Food and drink will be available for purchase from local businesses. University Avenue in downtown will be closed.

Musical guests include Jack-Wagon, and Jimmy Hall (Wet Willie) with Donna Hall Foster, Kenny Greenberg, Michael Rudder and Shaun Furman. Music starts at 7 p.m. Rain location is the American Legion Hall.

The Reverse Raffle drawing for up to \$5,000 will also be held at the event. Tickets, \$100, are available from local businesses and online at <www.sewaneevillage.com/park/>.

Proceeds benefit Housing Sewanee. The Sewanee Business Alliance along with other AngelFest sponsors offer this event free to the community. For more information go to <sewaneeangelfest.blogspot.com>.

## Grundy County Food Bank: Need without Shame

by Leslie Lytle, Messenger Staff Writer

Weekly, the Grundy County Food Bank (GCFB) provides free food to 60 families, averaging three to four family members. To qualify to receive food, a family must fall below a certain income level.

"SSI (Supplemental Security Income) and food stamp recipients are a shoo in," said Director of Operations Tim Glover.

But some people who qualify for food stamps, officially the Supplemental Nutrition Assistance Program (SNAP), don't apply for benefits and come to the food bank for help instead. These prospective clients undergo a thorough income vetting process just like at a government office. Why would people in need decline food stamps and seek help from the food bank?

"There's a stigma associated with food stamps," said Board President Jennifer Thompson. "Everyone knows your business. You need to show your SNAP/EBT card at the grocery. Here, clients see the same friendly familiar faces each visit. The food stamp program is government run. The food bank is people oriented."

The Grundy County Food Bank distribution mechanism goes a step further to bolster clients' independence and self-esteem by offering them a choice. Most food distribution and food bank operations provide clients with a pre-selected box of food. At the GCFB clients proceed from station to station, produce, meat, canned goods, bread, etc., choosing what they want within limits dictated by family size.

"When clients get to choose foods they like, they'll use them instead of throwing them away," Thompson pointed out.

"Some weeks there's no meat, though," said Glover, "or no bread."

"People want more fresh vegetables and canned goods," Thompson stressed. "The first 20 or so clients might get nice vegetables, but for the last 20 or 30 people, the good quality produce is gone."

The food bank relies on three primary sources for food: USDA free food picked up at the Chattanooga Food Bank hub; food purchased from the Chattanooga Food Bank; and free food from the Kimball WalMart in conjunction with the Feed America program.

The USDA allotment is need based. "We didn't get enough from the USDA this year," Glover said. The GCFB makes up the difference by using its meager \$50,000 annual budget to buy food.

While the food bank welcomes all donations, cash donations are preferred. A dollar spent at the Chattanooga Food Bank goes six times as far as a dollar spent at a local grocery by a well-meaning donor.

"We want to spend our money on food," Thompson said, but there are many other needs and expenses.

Most of the food received from WalMart is near expiration and perishable. The food bank's "old broken down" refrigerated truck travels 1,000 miles per month picking up food. Transporting food in a cooler in personal vehicle isn't allowed, according to Thompson.

Housed in a former grocery store at 861 Main St., in Tracy City, the GCFB has two walk-in freezers, eight free-standing freezers, and a walk-in cooler. The building, however, isn't sound. The roof leaks and the floor is rotting in places. The food bank has used the building rent-free for several years, "but the owner wants us to move on," Glover said.

## THANKS TO RALSTON LISTENING ROOM

### To the Editor:

I want to thank the Carlsons and, in particular, Issac Sligh, the Curator of Music at DuPont Library for expanding and publicizing the offerings at the Ralston Listening Room. Last week for example, they featured classical music (Mahler) and the music of Aretha Franklin.

Not only that, we are preparing to see "Hamilton," and Issac queued up the music so we could follow along with the score on our laptops and iPad. Now we are better prepared to experience this amazing offering.

We are grateful for this amazing treasure started by Professor

Ralston and the skilled technicians who manage this astounding collection.

*Stephen Burnett, Sewanee*

## THANK-YOU SEWANEE ELEMENTARY

### To the Editor:

Thank you all for the awesome food supply that you collected for CAC. Your efforts will help so many people. You did a great job and we appreciate all of your hard work! Way to go SES!

*Betty Carpenter, CAC Director*

## THANK-YOU SEWANEE ANGELS

### To the Editor:

I want to thank all the Sewanee angels who gathered at IONA Art Sanctuary between Sept. 11 and 16 to see my "portraits" and to hear gifted poets, writers, musicians, and thinkers share their work.

If you have never been to IONA, I urge you to watch for the dates in October and give yourself that gift.

Meanwhile, in celebration, I have put several dozen 8x10 prints that did not make the show on the desk in Thurmond Library. Please go by and take any photo that you or a friend would like to have. When I take the show down at the end of the month, I will add those 64 prints to the box.

*Trudy Cunningham, Sewanee*

## AN OPEN LETTER TO THE ADMINISTRATION

I read with interest your recent letter inviting me, as a descendant of Charles Massey Fairbanks, the first matriculant of the University of the South, to join in the celebration of the new EQB monument.

On behalf of my mother, as well as three brothers and three first cousins (all great-great-grandsons of George R. Fairbanks, the "Last of the Founders"), I must decline your well-intentioned offer.

Here's why.

It has now been over four years since our ancestral family home and revered icon of the campus, Rebel's Rest, burned down. Your archeological project is now complete, yet there has not been a single word from your administration to anyone in my family about what you plan to do next.

Your EQB Monument is a total travesty. The Kirby-Smith family, friends of our family for many generations, has an absolute right to that particular memory of their forbear.

It has also come to my attention that the University has been using the Fairbanks name to raise money for the school. We must ask that you stop using our family name for these purposes, at least until you provide us with the long-promised "inclusive and transparent options and recommendations" regarding Rebel's Rest. We are not the least bit happy that you chose to use the name without, at a bare minimum, contacting us about it.

As I write this on the sesquicentennial day, September 18th, I remain

Hopeful,

*Thomas Dudley Ham, Sewanee Academy '76, College '75-'76*

## LESSONS LEARNED

### To the Editor:

Dredging up events from over 150 years ago to create dissension and protest today seems totally counterproductive to healing and reconciliation.

History is history. We either learn from it and try not to make the same mistakes over again, or use it as a battering ram to reopen old wounds.

Vietnam was a very painful part of my life and the lives of so many others, but I say let the Vietnam

## KAVANAUGH'S NOMINATION SHOULD BE RESCINDED, AT LEAST POSTPONED

### To the Editor:

Republicans, ignoring the point of view of Brett Kavanaugh's sexual assault victim Christine Blasey Ford, are considering Kavanaugh's serious sexual assault on Ms. Ford (now Dr. Ford), solely from Kavanaugh's viewpoint and their own. They see it that this occurred years ago and "boys will be boys," so forget it. But his victim Ms. Ford cannot forget it. While both were in high school at a teen party, "Kavanaugh, stumbling drunkenly, forced her into a bedroom pinned her to a bed, got on top of her grinding his body on her, while clumsily attempting to take off her clothes. To stop her screams, he held his hand over her mouth. She managed to escape."

Republicans continue to support Kavanaugh because many of them share his attitude toward women. Dr. Ford continues to feel endangered that Kavanaugh could have inadvertently killed her. She and her husband have spent time in couple's therapy. Kavanaugh put that crime behind him; indeed, he denied it, but his victim continues to suffer an indefinite aftermath.

A Supreme Court appointment is for life. At a minimum a jurist should condemn sexual violence toward women, not themselves have a history of it. Kavanaugh evidences a lack of integrity and moral judgment to judge others.

For more than two decades, Myers has coordinated community outreach activities at the University of the South. Under his guidance, Sewanee's students have engaged in an enormous range of service projects around the world, including assisting with agricultural re-forestation and dental and medical relief in Haiti, serving food to thousands of needy individuals in collaboration with Holy Apostles Soup Kitchen in New York, and contributing to post-Katrina reconstruction and relief efforts in New Orleans.

In 1993, Myers co-founded Housing Sewanee Inc., a volunteer-driven housing nonprofit modeled after Habitat for Humanity. To date, Housing Sewanee has built 17 homes for low-income clients in the greater Sewanee area. In 2015, Myers received the Bonner Foundation's B-Loved Community Award, in recognition of his passion for the Foundation's core values: civic engagement, community building, diversity, international perspective, social justice, and spiritual exploration.

The SCA is the sponsoring organization for Cub Scout Pack 152, Sewanee Classifieds and the Sewanee Community Chest. ## All Saints’ Chapel

Growing in Grace continues Sunday, Sept. 23, at 6:30 p.m. in All Saints’ Chapel. Kai Koopman, office coordinator for the Office of Civic Engagement, will be sharing his story with us. This informal worship service is designed for students and community members, featuring student-led acoustic music, a different guest speaker each week, and Holy Communion. This semester, each of our speakers will meditate on the act of Breaking Ground. We will explore the idea that breaking ground—beginning something new or forging into unfamiliar territory—is a holy, if laborious, act. We want to believe that diving into a new venture, reconstructing a torn relationship, or starting a fresh phase of life will be easy, but when we encounter experiences and perspectives unlike our own, our instinct is to retreat to the familiar and forget the unknown. The Catechumenate continues this Wednesday, Sept. 26, at 7 p.m. in the Bairnwick Women’s Center. Catechumenate, from a Greek word meaning “learning and ex-

ploring,” is a place where we explore what it means to be a human being and what it means to be a person of faith in our community. This is a great place to meet new people and build relationships. Food, prayer, questions, and conversation power this process. This week we will be discussing holy ground as we explore the story of Moses.

Email Lay Chaplain Kayla Deep at <kayla.deep@sewanee.edu> for directions or more information.

## Celtic Spirituality Group

The Celtic Spirituality group will be starting a new six-session study this Fall. Everyone is invited. Meetings will be on the second and fourth Wednesdays of the month, beginning on Wednesday, Sept. 26, and continuing thorough Dec. 12.

The group will be reading and discussing the book “Walking the Edges: Living in the Presence of God” by David Adam. This is an excellent opportunity for folks who would like an introduction to living the Celtic Christian Way. The book is readily available on Amazon. Participants should read

the Introduction and Chapter One prior to the first session.

The meetings this fall will be held at St. Mary’s Retreat Center in Sewanee beginning at 6 p.m. and concluding around 7:30 p.m.

Contact Stephen Eichler at (423) 619-3328 or <stepheneichler@hotmail.com> for more information.

## Harrison Chapel

Everyone is invited to Friends and Family Day at Harrison Chapel Church, 254 Otter Falls Rd., in the Midway community of Sewanee. The service begins at 10:30 a.m., Sunday, Sept. 30. There will not be Sunday School that morning. Bro. Mike Rigsby will be bringing the word and we will have special singing by the church

singers. Lunch will follow service. Everyone is invited to attend.

## Otey Parish

This Sunday, the Lectionary Class will explore Sunday’s gospel, in the Claiborne Parish House, Adult Education Room. Children ages 3–11 are invited to meet their friends for Godly Play. Youth Ministry will be in Brooks Hall. Infants 6 weeks to children 4-years-old are invited to the nursery beginning at 8:30 a.m. There will be nursery for both services and the Sunday School Hour.

The Adult Forum—General Convention deputy the Rev. Leigh Preston and the Rev. Rob Lamborn will lead a session on this past summer’s General Convention of the

Episcopal Church. It will address the work of the convention in general, and a number of the specific areas of focus this year. Discussion will be encouraged and coffee and tea will be provided. All are welcome in St. Mark’s Hall at 9:45 a.m.

At 9:45 a.m., we will explore Episcopal/Anglican understandings of worship, the Bible, prayer and spirituality, ethics, church history, and more. While this course provides preparation for Confirmation, Reception from another denomination, or Reaffirmation of Baptismal Vows, the only requirement for participation is the desire to learn! Class meets in St. Paul’s on the Mountain in Claiborne Parish House.

population (approximately 25-30 deer per square mile) in a way that maximizes safety, minimizes impacts to the non-hunting members of our community, and maximizes student-led monitoring of the ecological and social impacts.

This year the largest change to the hunt is map-related. In previous years, there have been two maps; one for hunting while students are on campus, and another map for when students leave. While the rules for the two time periods remain largely unchanged, we have combined the two different maps to minimize confusion for the general public.

There are minor changes to the hunting hours. During the week, hunters must be out of the woods by 10 a.m., the same as on weekends. We have allowed limited hunting during both Homecoming and Family Weekends in zones away from heavy recreational activity. There will be no hunting on Breakfield Road during either weekend to ensure ample hiking opportunities for guests. As always, all trails and firelanes remain open to recreational use during the season and hunters maintain a 100-yard safety zone around all recreational trails.

As in previous years, there may be a surplus of animals available for local families. If you are interested in picking up a field-dressed deer for processing, please email <domain@sewanee.edu>. For more information on the University hunting program and specific rules and times, please visit <<http://sustain.sewanee.edu/domain/ecosystem-management/deer-hunting/>>.

Soon homeless, the nonprofit is investigating grant and funding options. "There are no grants for food," Thompson said.

Clients are exceedingly grateful, she insisted. "They ask how they can help. They wash windows or make a small cash donation of two or three dollars." Many clients are elderly and caring for grandchildren or great-grandchildren.

Locality limits donations from corporate sponsors, Thompson said. "There are no big groceries and big factories within a 50 mile radius. Corporations want to give back to the local area first."

It takes 200-volunteer hours per month to keep the food bank in operation. "People fill in as necessary," said volunteer bookkeeper Greg Magavero, whether mopping the floor, overseeing the selection stations, or supervising computer check-in of clients.

Given the limited resources, clients can only visit once a month with a family of four receiving 80-100 pounds of food—not nearly enough. Folks wanting to help

can mail cash donations to 861 Main St., Tracy City, TN 37387 or contribute online via the GCFB Facebook page or website <[grundyfoodbank.wordpress.com](http://grundyfoodbank.wordpress.com)>. The AmazonSmile program, another donation venue, contributes a percentage of each purchase to the food bank. The food bank also welcomes donations of fresh produce from local farmers. To volunteer, phone (931) 592-3631 or stop by for a visit during distribution hours, 8 a.m.-10 a.m. every Tuesday.

The food bank has several fundraisers coming up: a haunted house at the Tracy City location, every Friday and Saturday, Oct. 5–Nov. 3, 6 p.m.-10 p.m.; a concert with headliner Confederate Railroad at the Stage in Monteagle, 6 p.m., Oct. 5; and a hike for hunger later in the fall.

The food bank is the rare entity that would welcome being obsolete. Five years down the road, Thompson's wish list is for "food stocked floor to ceiling and fewer people lined up at the door because the need has decreased."

## Family Weekend at the University

This is Family Weekend at the University of the South. More than 750 families have pre-registered, bringing almost 2,700 visitors to Sewanee from Sept. 20–23.

As part of the weekend's events, the University will revive an old tradition and celebrate Foundation Day to observe the 150th anniversary of the matriculation of its first nine students, which occurred on Sept. 18, 1868. During the Foundation Day Convocation at 4:30 p.m., Friday, Vice-Chancellor John McCardell will give remarks observing the significant occasion, and 262 students will be inducted into the Order of the Gown.

Families of new OG members are expected to fill All Saints' Chapel.

Only they and the students receiving (or giving) gowns and will have tickets for admission to the Chapel. All others are invited to watch this special Convocation in Guerry Auditorium.

Other Family Weekend events include a Foundation Day party following Convocation; a ceremonial groundbreaking for the new Wellness Commons to be built on the current bookstore site; a golf tournament; tours, hikes, and bike rides; opportunities to meet with faculty members; presentations about student opportunities; and tailgate parties before the football game.

## Friends of Canon Gideon Microloan Awards Announced

The Friends of Canon Gideon are pleased to announce the winners of three \$500 microloans made available last fall to seniors or recent graduates of Hope Institute in Uganda. Steven Kizito, who graduated with a Certificate in Motor Vehicle Mechanics in 2017, received a loan to develop the motor vehicle and spare parts business that he started in his hometown of Kakiri.

Ampaire Patra, who earned a Certificate in Beauty and Cosmetology and passed National Exams with Distinction in 2017, received a loan to develop her beauty salon in Wakiso into a unisex business to expand her customer market.

The 2016 graduate Godfrey Odongo, currently employed as a chef with Grand Imperial Hotel in Kampala, is using his loan to expand his home bakery. Odongo received an oven from the USAID Orphans and Vulnerable Children program to produce cakes, doughnuts, and buns from his home kitchen. He is using the funds to buy larger supplies of ingredients and keep up with his expanding business.

Hope Institute advertised the microloan program on its weekly radio talk show, on social media, and by interviewing seniors and directly calling graduates. Staff members conducted field visits to the selected candidates' workplaces. A strong Business Consultancy firm in Kampala facilitated management training sessions to instruct the candidates in areas including location, marketing, branding, business records, business and family, and loan management and repayment.

The successful candidates signed a loan repayment agreement requiring them to start making monthly payments two months after receiving their funds, directly to a designated bank, and to bring the deposit slips to Hope Institute for verification. After six months, the repaid funds will be awarded to an additional candidate.

Business Loans Coordinator Arthur Mugenyi, Principal Ruth Mbalinda, and Hope Institute's many staff members who instituted this project express heartfelt gratitude to the Friends of Canon Gideon from Sewanee and beyond who raised the microloan funds in their fundraiser last November. For more information, contact Sally Hubbard at 598-5338 or <[sally@hubbard.net](mailto:sally@hubbard.net)>.

## Fr. Peter N'ganga to Preach at Christ Church

On Sunday, Sept. 23, Christ Church Monteagle will have a guest preacher whose ministry has included work with the homeless in Austin, Texas and work with the highest leaders of his home country of Kenya. "Fr. Peter N'ganga came to Texas in the early part of the new century, thinking he would be here a year or two," said Bishop Millsaps. "Anna, Fr. Peter's wife, was working on a Master's Degree at the University of Texas. Fr. Peter is both an attorney and a priest, but the only employment he could find was in a nursing home. Arden Courts allowed him to have services on Sunday afternoons. Most of the patients have dementia, but both the patients and family members visiting them realized that they were being exposed to a loving shepherd. At the same time, Austin was receiving many refugees from Burunda and other countries. Fr. Peter linked into a ministry to the homeless and connected with Whole Foods and other sources. He expanded existing ministries and started new ones. When I met him, I knew that this was a gift to me that I did not want to miss. Later Fr. Peter worked for the State of Texas, and yet kept his close contacts in Kenya. Now he is going home to minister in his home diocese and to plant a new work."

The Sunday service starts at 10:30 a.m. Lunch follows and guests are always welcome.

## DuBose Lectures Welcome Charles Marsh

This year's DuBose Lectures are the first in a series of lectures scheduled over the course of the next three years that will be devoted to the topic of racial reconciliation. The DuBose Lectures are an annual event hosted by the School of Theology at the University of the South. The lectures are made possible by the DuBose Fund, are free of charge, and open to the public.

Charles Marsh is the guest lecturer for the DuBose Lectures & Alumni Gathering, scheduled for Sept. 26-27. Marsh began considering the religious and moral paradoxes of his own southern Protestant upbringing. He was struck by the complex ways theological commitments and convictions came into dramatic conflict in the civil rights movement in the American South. His memoir, "The Last Days: A Son's Story of Sin and Segregation at the Dawn of a New South" (Basic Books, 2001), is a coming of age account of a minister's son in a small Mississippi town that was home to the Christian terrorist organization called the White Knights of the Ku Klux Klan.

Charles Marsh is professor of religious studies and director of the Project on Lived Theology at the University of Virginia. He is a graduate of Harvard Divinity School and the University of Virginia, where he earned his Ph.D. in 1989.

Shortly after publishing "Reclaiming Dietrich Bonhoeffer: The Promise of His Theology" (Oxford, 1994), Marsh began considering the religious and moral paradoxes of his own southern Protestant upbringing. The religious beliefs and social practices of ordinary people of faith illuminated a new way of writing theology for him, the first fruit being "God's Long Summer: Stories of Faith and Civil Rights" (Princeton, 1997), which won the 1998 Grawemeyer Award in Religion.

The culminating event of this fund raising effort will be the relay held at Hardee McGee track and field at The University of the South on Oct. 6. The American Cancer Society Relay for Life is the world's largest fundraising event for cancer and serves to fight every cancer in every community. If you are interested in helping us make a contribution to the fight against cancer you may participate in the following ways:

Make a donation to the Otey Parish team. All donations will go to the American Cancer Society.

Become a member of the Otey Parish team. Team members help to plan for the Relay event and seek donations from others in the community who want to help cancer victims or want to support those who have or have had cancer.

Participate in the walking relay that takes place as a part of the festivities occurring on Oct. 6, from 4-9 p.m.

The Relay is a symbol of our support for cancer victims and their families and friends. We are also acknowledging our support of the research that is being done to combat this disease.

If you want to join our effort to make a difference, please get in touch with Doug Seiders at <dseiders@sewanee.edu> (phone 931-636-0778) or Tom Phelps at <tpphelps52@gmail.com> (phone 931-581-9020). You may also make a donation to the Otey Parish team at <www.relayforlife.org/sewaneetn>.

## Goldenrod Gala's Adventure Auction Features Nature-themed Experiences

The second annual Goldenrod Gala — a “night out for Nature” and an important fundraiser for the Friends of South Cumberland State Park — will feature a “silent” version of its very popular Adventure Auction, offering unique, off trail nature expeditions to places rarely seen by the public, led by expert guides.

New this year will be the opportunity for supporters of the Friends, and the Park, to bid on all 12 items online, now through Oct. 4, at the Gala website, <GoldenrodGala.org/Adventure-Auction>. Day-of-event bidding will also take place during the Goldenrod Gala spectacular, which will be held on Oct. 6, at The Caverns music performance venue, just 10 minutes north of Monteagle.

This year's Gala will feature an artisan-style buffet dinner crafted by Ivy Wild Catering, as well as live music by the Grammy-nominated WannaBeatles. The Gala takes place in the dramatic new performance hall at The Caverns, which is also now home to the popular PBS television series “Bluegrass Underground.” Tickets for the Gala event are by advance reservation only, but will remain on sale through Sunday, Sept. 30, at <GoldenrodGala.org>.

Because of the tremendous support for the Adventure Auction at last year's Gala, the Friends of South Cumberland have transformed the auction into an activity in which the entire community can participate, whether you're planning to attend the Gala or not.

Online bidding will allow those who can't make the Gala event an opportunity to get in on some of the unique experiences being offered, while simultaneously helping the Park. Bids can be made from any online device, and bidders can elect to receive text notifications if and when they are out-bid; participants may bid as many times as they like. The highest online bid will be posted at the Oct. 6 Gala event, and if it is not topped by an in-person bid at the event, the high online bidder will win the item being offered.

For most items, the winning bidder can choose the date on which their group will schedule their Adventure. Most Adventures are planned well in advance, to allow bidders time to put together their groups. The number of participants varies for each Adventure, and each has a few requirements, about which bidders must be aware. Complete details about each Adventure can be found online, and online bids can be placed, at the <GoldenrodGala.org> website.

## FROM THE HERITAGE CENTER

by Barbara Mooney Myers

### The Early 1930s: Part I

*This story starts before I was even born, over 80 years ago. My dad started out his story a few years after he and Mom married. My oldest sister, Dorothy, was about 5 years old. My brother, Buford, was around 3 years old.*

“That year (1932) in Dayton, Ohio, where I had been working for GMC Auto Association, we were laid off from the job. The weather was damp and cold outside.

My wife, Josephine and I kept thinking if we should stay on here renting where we lived, or go back to Tennessee to try again. Finally my wife decided home was the place to be, there, near our families. We loaded up everything we had that could get into the car with us, and took it with us. We packed other things and put them with the furniture to be shipped by train to Coalmont.

We said goodbye to our friends and neighbors there in Dayton that day and set out for home. We hit Route 25 and headed south towards Lexington, Ky. There we hit Route 27 then on to Chattanooga. We spent the nights with an uncle and aunt and their family. They lived in Red Bank on the outskirts of town. While we were there I looked around for a job, but had no luck at all. I told my family, ‘Looks as though those coal mines await me on the mountain.’ So we said goodbye again, and set out for Coalmont.

We stopped to visit my sister Lillie (Mooney) Bone there in Coalmont. She married Samuel Bone. They had several children then at home. There we spent a couple of days and nights. I searched around for us a place to live. We had managed to save about \$500 while I worked at GMC Auto Association through their union there in Dayton, so we had a little to start out on. I found this little house and small farm owned by Ed Sweeton at Gruetli, only a few miles from Coalmont. I paid Ed a small down payment on the house and we waited for the train to arrive a few days later with our furniture.

A job was my next alternative. Jobs were hard to find. I wanted to settle down, get my family a home, and get us back to normal. Ed Sweeton and I cut timber to make broom handles. They sold at two cents a piece. The logs were pine and cut four and a half feet long at the saw mill. Each was cleaned of its knots. We hardly made anything from the pine trees. You found so many culls in them, so making money was difficult.

So finding a job that paid more was what I did after a few weeks of helping Ed. I went to the coal mines at Ross Creek. The mines at the time were run by Sewanee Fuel and Iron Company. They, too, like other larger mines, were busted, but were still running two or three days a week. Ed Sweeton came along with me to look for a job. We finally found the right entry where to go in and ask for a job. There we talked to George Tate and Barney Johnson. They had the 11th entry contracted on the mines.

Here in the mines I took a place to work. It was a small 18 inch, chest high opening, and digging coal would widen it a little at a time. It paid 75 cents a ton for the coal. After standing all day at a factory in Ohio, it

would be really different for a man to lay down on his side and dig a ton of coal. To support a family it took some hard digging to make 75 cents to \$1 a day. It took over 100 to 112 shovels full of coal to make a ton. And these were the largest shovels ever made. Each day I would try to dig 100 to 112 shovels myself. It was hard work. Making a dollar a day was about all you could do in a day. Those days in the 1930s were called ‘Hoover Days.’ Some even called them ‘Depression Days.’ Which ever it was the hardest times for a family.

I had to let the farm go for getting enough money for Ed was hard, and supporting my family took all I made to buy food, and live on from week to week. The house we had lived in set empty for a long time. I had moved my family to a two bedroom house a few miles distance from where we had lived. They had built the chimney on the wrong side of the house. When it rained, it rained down the chimney. We moved more there the last of January in 1932 near the Swiss Colony there in Gruetli. Like most mountain areas, it was cold and damp inside. It took a lot of wood and coal to keep a family warm through the long winter months. We lived around the woods, so there was plenty of firewood all around. One big log kept a good fire going all night. From here, I could walk to catch the miners’ bus to and from work. After arriving on the road, we still rode 5 miles to the mines. From there we’d ride another 3 mile trip back and forth into the mines. Here we’d begin our jobs day after days.

I’d leave home about 5 in the morning, long before daylight and arrive home way after dark every night. So being home with my family grew less and less for me, except on weekends. During these times a few of us had the right foods to eat. Mornings we sat down to a breakfast of only cornbread, white fat back fried, and water meal gravy. We drank a lot of chicory coffee then, for it lasted longer. At lunch or supper, we had dried cooked beans, broiled or fried potatoes or ‘taters’ as most of us called them, and a pan or skillet or cornbread. No butter for use unless we could afford to buy it, or owned a cow.

That spring, my neighbor, Bill Jones came up, brought his mules and plowed us up a space for a garden. My wife and I took advantage of this by getting seed potatoes from her uncle there. We managed to buy the other seed on credit from the local grocer to plant. We sure filled our empty jars and tummies that season with fresh, home grown vegetables. My wife canned up corn, beans, tomatoes, beet pickles and home made relishes. When ripe blackberries and blue berries, or as we called them ‘huckleberries’ and apples were in, we took advantage of them too. We had blackberry or huckleberry cobbler for dessert or fried, or even baked apple pies as well. We fixed lots of dried apples to last most

James Mooney and Josephine Dove Mooney

of the winter, canned jams, jellies, and fruits. This may be lasted a few months before we’d see our shelves and jars get empty again.

That summer I got my 1928 Whippet car out to drive. I had set it up on blocks in a wood shed. The tires I had stored to prevent them from dry rotting. I got the battery recharged, and put the tires on. We had only one place in Coalmont that recharged batteries. After getting this accomplished, I needed a new license for the car. They were now \$7.50. I couldn’t get the car started, so I let it roll downhill, and it finally started. I let it run for a while to recharge the battery.

I took my wife and children for a ride through the town of Gruetli. Last we stopped at her aunt and uncle Barbara and Abe Hargis’ home there in the Colony. My wife always enjoyed her visits there so much. They had a lovely home.

Last time I had my family a distance from home was on March 13, 1932, when my brother Gritt died in Sewanee. It was such a cold bleary day to bury someone. My uncle John Mooney, from Sewanee, came and got me and the family and took us to Mama and Papa’s house. They lived on the other side of Sewanee at this time. We almost froze to death on the back of the truck of Uncle John’s.

Later we caught the train back home and rode it as far as Coalmont, then walked a few miles home from the depot. I remember carrying our son Buford that day. My son, Buford, looked up at me saying ‘Uncle Gritt out to have waited until some other to day to die, Daddy.’ I told him, ‘Son, death is like being born, we can’t stop either of them. That’s God’s decision.’ By May that year we were shocked, for my wife was expecting again by June.”

Barbara Mooney Myers writes stories from her life experiences on the mountain. These stories reach into her genealogy that traces itself on her father’s side through the mountain lore of the Mooneys and on her mother’s side through the mountain lore of the Doves. She reflects upon her heritage and writes her stories mostly from her home in Tracy City. Two days a week she is found chronicling material at the Heritage Center library and research center.

Readers are invited to visit the Heritage Center, Monday through Friday, 10 a.m.–4 p.m., and Saturday, 10 a.m.–2 p.m.

## Tigers Don't Leave Tracks! Recycle Program

Tigers Don't Leave Tracks!—aimed at educating students about sustainability and helping them reduce their use of single-use plastics, continues at Sewanee Elementary.

Show your support by continuing to bring your reusable bags to local businesses. Mooney's, The Lemon Fair, Village Wine and Spirits, and Monteagle Wine and Spirits are all making donations to the school every time you bring your own bag.

The Piggly Wiggly is hosting a draw in support of the project. When you bring your own bags to The Pig, write the name of a teacher or a class on the back of your receipt (grade 2, Mrs. Camp's class, Principal's Choice, etc.) and put it in the Tigers Don't Leave Tracks! jar at the front of the store. Those receipts will be collected periodically and entered in prize draws. The winning classes will receive sturdy Klean Kanteen water bottles for everyone. Together, we can give reusable water bottles to all the children in the school and help them in their efforts.

Thank you for supporting Tigers Don't Leave Tracks! and Sewanee Elementary.

David B. Coe

## Coe to Speak at Friends of the Library

Friends of the Library of Sewanee: The University of the South, invites you to attend a lecture by David B. Coe on "Imagination as Mirror: What Speculative Fiction Can Teach Us About Our World." The Friends meeting will be held in the Torian Room of Jessie Ball duPont Library at 4:30 p.m., Tuesday, Oct. 2.

Whether we grew up on Lord of the Rings, or Narnia, or Harry Potter, works of fantasy have long entertained us and fired our imaginations. But at its best, speculative fiction is more than escapism and literary dalliance. Rather, fantasy stories can act as mirrors held up to our own world, allowing us to approach social, cultural, and political issues in innovative ways.

Coe is the award-winning author of 20 novels and as many short stories. As D.B. Jackson <www.DBJackson-Author.com>, he is best known for the "Thief-taker Chronicles," a series set in pre-Revolutionary Boston that combines urban fantasy, mystery, and historical fiction. As David B. Coe <www.DavidBCoe.com>, he writes epic fantasy, urban fantasy, media tie-ins, and just about anything else. He is currently working on a new fantasy trilogy for Angry Robot and a tie-in project with the History Channel. His books have been translated into a dozen languages.

David's newest book, "Time's Children" will be released on Oct. 2. A reception and book-signing will follow the talk.

Shelby Bottom Duo

## Joe Hill Road Show Coming to Sewanee

The Shelby Bottom Duo (Michael August and Nell Levin) will perform their educational and entertaining "Joe Hill Road Show: A Musical History of Joe Hill and the Early Labor Movement" at 4:30 p.m., Monday, Oct. 1, in Convocation Hall. The performance/lecture is free and open to the public.

The Shelby Bottom Duo has been described as "Woody Guthrie meets Robert Johnson and Scott Joplin" (The Examiner).

A Swedish immigrant, Joe Hill was a member of the international labor group, the Industrial Workers of the World (IWW or Wobblies), active in the decade leading up to World War I.

In 1914, Joe Hill was convicted of two murders he most likely did not commit. He was executed at age 36 by a firing squad in Salt Lake City in 1915, despite protests from around the globe, including the Swedish ambassador, Helen Keller, and President Woodrow Wilson. More than 30,000 people attended his funeral in Chicago. Six hundred packages of his ashes were distributed worldwide and in every state in the union, except Utah, in accordance with his wishes. He subsequently became a labor icon, famous for his advice – "don't mourn, organize!"

As a songwriter, Joe Hill is considered a precursor of Woody Guthrie, Pete Seeger, and Bob Dylan. Joan Baez famously sang "I Dreamed I Saw Joe Hill Last Night" at the Woodstock Festival in 1969.

The Shelby Bottom Duo will perform Joe Hill's songs and talk about Hill's life, early labor struggles in the United States, and the influence of the IWW's innovative organizing strategies on movements today.

The performance is sponsored by the Department of History, the University Lectures Committee, the Tennessee Arts Commission, and the Departments of Music and Politics.

## State Museum Set to Open in Early October

The Tennessee State Museum is scheduled to open to the public on Thursday, Oct. 4, at its new location on the corner of Rosa Parks Blvd. and Jefferson Street at Bicentennial Capitol Mall State Park. Grand opening events will take place throughout the weekend.

The Museum hosted its final event in its former location in the James K. Polk building in early May. Throughout the summer, artifacts and exhibitions are being installed in the new location.

Additional information about grand opening events and activities will be announced in the coming weeks. For more information about the new Tennessee State Museum, visit <tnmuseum2018.org/>.

## New Exhibit at the Archives

The University Archives and Special Collections has a new exhibit opening this Friday, Sept. 21. The exhibit, "Under the Microscope: An Exploration of Sewanee's Scientific Past," was curated by the students from Introduction to Museum Studies in Easter 2018.

The exhibit will run from 21 Sept. 21 through Jan. 22, 2019. Normal exhibit hours are Monday-Friday, from 1-5 p.m.

The opening reception is Thursday, Sept. 27, at 5:30 p.m. Alison Miller will speak on "Engaging Exhibitions: Museum Studies at the University of the South."

## Zwahlen Is New Assistant University Organist

Sewanee welcomes Zachary Zwahlen as the new assistant university organist.

Raised in Las Vegas, Nev., he began piano lessons at the age of five and organ lessons at age 12. During his teens, Zwahlen became very involved in musical events—performing and accompanying musical selections for church services, accompanying high school and church choirs, and playing piano in pit orchestras for musical theater productions. Zwahlen was homeschooled during middle and high school, graduating at the age of 15. He then attended the Community College of Southern Nevada, earning an AA degree in

piano, following which he earned a bachelor's degree and a MM in Organ from Brigham Young University in Provo, Utah, studying with Douglas Bush.

Since 2013, Zwahlen has been enrolled in the doctoral program in organ performance at the Eastman School of Music, where he has studied with Nathan Laube and currently studies with David Higgs. Zwahlen has received the Gerald Barnes Award for Excellence in Pipe Organ (2014) and the Dr. James B. Cochran Organ Prize (2017), and in 2016 he was a finalist in the AGO National Young Artists Competition in Organ Performance.

## Sewanee Welcomes Kallen Esperian as Artist in Residence

The Department of Music at the University of the South welcomes Kallen Esperian as Artist in Residence for vocal studies for the 2018-2019 academic year.

Opera singer Kallen Esperian, quite simply, is one of the greatest singers in the world. As a measure of her stature, she is the only one of "The Three Sopranos" who has performed individually with each one of the "Three Tenors" in concerts and in opera houses around the world.

Esperian catapulted to the world stage as a winner of the Luciano Pavarotti International Voice Competition in her early 20s, becoming one of the leading sopranos of our

time. She has paired many times with the greatest male opera vocalists of our era: Luciano Pavarotti, Placido Domingo, and Jose Carreras, both in opera performances and in concert.

Esperian's career has seen her in leading roles at every major opera house in the world, including the Metropolitan Opera, Milan's La Scala, the Vienna Staatsoper, the Royal Opera House at Covent Garden, Munich's Bayerische Staatsoper, the Lyric Opera of Chicago, the San Francisco Opera, Opera National de Paris, Teatro Comunale di Bologna, Los Angeles Opera and the Washington National Opera.

Children will be able to retrieve their work on Oct. 26, 27 and 28 between 2:30 and 5 p.m.

**Guidelines:** All artwork should be smaller than 11 inches by 14 inches, and should be intended to hang on the wall.

Use plastic lids and caps saved from recycled containers for part (or all) of the design. (There is plenty of time, so participants are encouraged to use lids and caps they would otherwise throw away. They can also trade and share with

## ANGEL WITH AN ATTITUDE

by Virginia Craighill

**Dear Angel,**

Family Weekend seems very early this year, and I'm not sure I'm mentally prepared for my family members to meet my professors and to mix with my college friends, nor am I really into the crowds that will descend upon Sewanee. How can I keep my parents in line?

*Signed,*

*Student Seeking Independence*

**Dear Independent,**

If you're 18, you are independent, according to the wisdom of FERPA. Remind your family that, even though they might pay your tuition and your parking tickets, they can't ask your professors what your grade is, which may come as some relief. As a legal adult yourself, you may have to set that standard of behavior for your parents. Be forewarned that sometimes parents act more like Vikings arriving to plunder and pillage our peaceful village than rational authority figures. However, since Sewanee's Village is still only a fantastical vision in the Village Planner's mind, they will have to wreak havoc on the Monteagle Assembly instead. If you don't like crowds, you'd be well advised not to go to the Assembly at night during FW where Viking hordes and liquor zombies (first-years seeking free alcohol) abound.

And try to keep your parents from putting down a cash deposit on a second home in Sewanee. It's tempting for them to want to share your four (or five) year college experience in idyllic Arcadia, but that experience will be much better for you if mom and/or dad are not trying to help you through your CalcII homework, running Shakespeare lines with you over breakfast at 'Clurg, or dancing to Gucci Mane with your friends at KA. If you feel uncomfortable about having your family here this weekend, please dissuade them from purchasing any prime campus real estate. Of course they love you, but help them understand that 1) you need your space and 2) faculty and staff need places to live to. If they need to drop some cash while they're here, take them to the sale at Mountain Outfitters, or push them through the doors of the Advancement office. The good people there will make sure they get a building with their name on it.

*Angel*

**Dear Angel,**

Convocation seems awfully early this year. Is there a reason we're having it in September instead of October?

*Signed,*

*Calendar Girl*

**Dear Dated,**

Advent Convocation has historically been held on Founder's Day in October, which has recently been on the same weekend as Family Weekend. The consequence of all these events occurring simultaneously was massive overcrowding in All Saints to the point where you could find professional scalpers selling tickets for seats on University Avenue.

Family Weekend is now this weekend, and it coincides with Foundation Day (FD), which has nothing to do with women's undergarments, and should not be confused with Founder's Day (FD2), which will be celebrated on Oct. 12. FD will honor the 150th anniversary of the matriculation of the first nine students in 1868 because that's a holiday everyone has on their Google calendars. At FD, students will be gowned in All Saints, and their families can hear all their names read aloud but won't have to listen to Honorary Degree speeches (FD2), thus lessening the chance that audience members will fall into comas.

Note that Foundation Day is also a Sesquicentennial. Sewanee loves the word Sesquicentennial so much that we tend to celebrate the 150th anniversary of everything that ever happened at Sewanee, from various and sundry foundings (the first and second foundings of the University, the day Leonidas Polk found his Banner password, the day Bishop Otey found a parking space close to his office, etc.) to matriculation to the 150th anniversary of the first pointless committee meeting. Sewanee's been celebrating Sesquicentennials for about 10 years now and will continue to have them until it's time to switch over to Bicentennials.

*Enjoy!*  
*Angel*

## Vega String Quartet to Perform at SAS

As part of the school's Upper School and Boarding Family Weekend, St. Andrew's-Sewanee School welcomes the public to a free concert by The Vega String Quartet on Friday, Sept. 28, at 8 p.m. in the school's beautiful McCrory Hall for the Performing Arts.

The quartet will perform the music of Ludwig van Beethoven, including the Allegro moderato from the Trio in Bb Major, Op. 97, "Archduke" and the String Quartet in Bb Major, Op. 130.

The Vega String Quartet, Quartet-in-Residence at Emory University, is cultivating a new generation of chamber music lovers through dynamic performances and innovative community engagement. The New York Times raved that "[the Quartet's] playing had a kind of clean intoxication to it, pulling the listener along...the musicians took real risks in their music making" and the L.A. Times praised their "triumphant L.A. debut."

They perform nationally and internationally, most recently in Baltimore, Chicago, Nashville, Sacramento, Berlin, San Miguel, and the Brahmsaal in Vienna's Musikverein. The Quartet's major performing projects at Emory have included the complete cycle of Beethoven quartets, as well as pairing Bach's complete works for solo violin, viola and cello with the six Bartók quartets. They have also developed a series of "Jazz Meets Classics" programs, bringing the two genres together.

The Vega Quartet has won numerous international awards, including at the Bordeaux String Quartet Competition, as well as top prizes from the Coleman Chamber Ensemble Competition, the Carmel Chamber Music Competition, and the National Society of Arts and Letters String Quartet Competition.

## 'Cabaret' at Tennessee Williams

Sewanee's Department of Theatre & Dance and the Department of Music are joining forces to present the classic musical "Cabaret."

It tells the story of Cliff Bradshaw, an American writer thrust into the sexually liberated nightclub society of Berlin in 1931.

As he becomes involved with the irrepressible cabaret singer Sally Bowles and the unconventional residents of his boarding house, the Nazis are rising to power just out of sight.

It's an unforgettable night in the theatre, exuberant and chilling. Based on "Goodbye to Berlin" by Christopher Isherwood and the play "I am a Camera" by John van Druten, it features a score by John Kander and Fred Ebb, and a book by Joe Masteroff.

The show will run Oct. 26-28, and Nov. 1-3 in the Tennessee Williams Center.

Tickets can be acquired through EventBrite. Visit <sewanee.edu/academics/theatre> for more information.

## Gallery Show, Community Screening

The University Art Gallery proudly presents Vesna Pavlović's "Fabrics of Socialism," on view through Oct. 14.

Offering "a psychological portrait of an era burdened with photographic representation of socialist propaganda," Pavlović invites visitors to consider the role of photography in the fabrication and remembrance of communal identity.

On Sunday, Oct. 14, Pavlović, professor Woody Register and students from History 328: Slavery, Race and the University, will host a Community Screening Event in Convocation Hall.

This community screening will be dedicated to the presentation and interpretation of materials from the Lovell Family Papers housed in University Archives and Special Collections. The event will begin at 4 p.m. and is free and open to the public.

# Bowling Green Christian Edges SAS in Football

The St. Andrews-Sewanee football team fell 20-17 in a clash with Bowling Green Christian Academy on Sept. 15.

The Mountain Lions (0-3) scored first when Gabriel Stevens sprinted 63 yards for a touchdown with 1:39 left in the first quarter. Stevens kicked the point after and the hosts led 7-0.

The visitors dented the scoreboard in the second quarter with a one-yard plunge at the 4:31 mark. The point after touchdown (PAT) was good and the two teams went to the locker room knotted at 7-7.

SAS scored first in the third when Stevens connected on a 37-yard field goal with 7:11 left in the quarter. Bowling Green countered at the 2:35 mark with a 15-yard touchdown dash and the visitors led 14-10 after three.

Bowling Green extended its lead

to 20-10 with a 61-yard scamper to paydirt with 4:57 left in the game. The PAT kick failed. The visitors tried to put the game away but big senior defensive lineman Jalen Tillman scooped up a fumble and rumbled 41 yards to the end zone. Stevens PAT got the Mountain Lions as close as they would be at 20-17.

Stevens led the Mountain Lions offensively with 119 rushing yards on 21 carries. SAS senior Ben Matthews added 76 yards on eight carries and freshman Deandre Tate caught three passes for 74 yards.

Defensively, Tate made 16 tackles to lead the charge. Junior Cailan McLean and Matthews had seven stops each. Seniors Larson Heitzenrater and Jarett Willis had six tackles each. Tillman had the fumble recovery, while freshman Baylor Metcalf had an interception.

The SAS offense runs a play during preseason practice in August. The team piled up 214 rushing yards on Sept. 15. Photo by St. Andrew's-Sewanee

## Mountain Lions Varsity Soccer Falls at Silverdale

On Sept. 13, the St. Andrew's-Sewanee varsity girls' soccer team travelled to Silverdale Baptist Academy to play their first division game of the season.

Though they fell 4-0 to bring their overall record to 2-4, the Mountain Lions fought hard against a strong opponent, and showed growth and improvement both offensively and defensively.

After conceding a couple of early goals to the Seahawks' speedy forwards, SAS made adjustments in coverage, and defenders Riley Burnette, Sarah Grace Burns, Lucy Carroll and Sophia Carlos helped blunt the attack as SAS took control for extended stretches of play.

Though they could not capitalize on several scoring opportunities in the second half, their determination, unity and support drew sincere praise from opposing fans and players alike.

The Mountain Lion varsity girls continue to serve as excellent representatives of the school and the athletic program. Coach Harrison Camp is extremely pleased with the work effort and heart they show each time they take the field, and with their balanced attack—Iliana Pate, Jenna Black, Abi Cassel, Kate Butler, Cate Bachman, Sophia Hartman and Sarah Beth Hobby have all scored goals so far this season—they are poised for even greater improvement as the team continues divisional play.

## SAS Middle School Soccer Goes 1-1-1

The St. Andrew's-Sewanee middle school girls' soccer team lost 2-0 to visiting Cascade Middle School in a hard fought battle on Sept. 12.

Two days later the team welcomed Fayetteville City Middle School and earned a 1-0 victory. The game-winning goal came in the last 10 minutes of the match when eighth grader Lucy Cassell split Cascade's defense off a free kick and found classmate Ava Carlos who, with great poise, slotted the shot home past Cascade's keeper.

Throughout the match SAS captain Madison King worked hard at the center midfield position to control the game.

On Sept. 18, the Mountain Lions played another neck and neck match at Huntland that ended in a 0-0 draw.

Strong physical play was seen from Melanie Val and Sara Knight on the back line with Reagan Vaughan pushing hard up top.

We will never hack your cell phone records, run celebrity gossip or bring embarrassment to the British Prime Minister.

# Men's Soccer Team Shuts Out Fisk

The Sewanee men's soccer team earned a 5-0 victory over Fisk (0-3) in a non-conference matchup on Sept. 17 at Puett Field.

The Tigers (4-2) netted the first goal of the game in the fifth minute off of Zach Zimmerman thanks to an Alpo Sipilä corner kick.

In the 26th minute, Ben Vaeth found Severin Velasco's pass to make it 2-0. Three-plus minutes later, Velasco found Evan Poole for his third goal of the year.

Late in the first half, Poole scored his fourth goal off a Zach Shopovick assist.

Shopovick netted the fifth goal of the match off a touch from William Porter.

Poole netted two goals on the two shots that he took.

Zimmerman, Vaeth and Shopovick each recorded a goal for the victors.

Evan Stuber (1-0) saved one shot in full time to earn his first win.

Darras completed 71 percent of his passes in Sewanee's 28-20 win over Austin College to open conference play on Sept. 15.

The junior went 17-of-24 with 212 yards and scored three touchdowns. Darras leads the SAA in pass completions (68) and completion percentage (61.8).

## Sewanee Defeats Austin College on the Gridiron

The Sewanee football team captured a Southern Athletic Association victory in its conference opener, downing the Kangaroos of Austin College, 28-20, on Sept. 15.

The host Tigers (2-1) came out slow in the opening quarter, only recording 19 total yards of offense. Despite that, the defense, which spent 10:54 out on the turf, only allowed 77 yards of offense by the Roos (0-3).

The Tigers led 14-7 at halftime. Down 17-14 in the third, Sewanee responded. The Tigers used a six-play, 68-yard drive, capped off by a Drew Maddox 34-yard touchdown reception to give the Tigers the lead back, 21-17, with 7:54 left in the quarter.

On the next possession, Sewanee's Walker Weatherly picked off a Colt Collins' pass. The Tigers, with 6:20 left in the third, nearly used the remaining time left in the quarter to pad the lead.

On fourth and goal, running back Sam Everette went around the defense and scored six points. Following a Michael Jacobs' successful point-after-attempt, the Tigers extended the lead to the largest of the game, 28-17. The Sewanee defense held and Austin was only able to add a field goal in the fourth quarter.

Sewanee quarterback Alex Darras went 17-of-24 for 212 yards and three scores. He added 35 yards on the ground. Malik Santiago put together 90 rushing yards on 16 carries, while Zach Milan added 81 yards on 18 carries.

Conoly Koontz led the Tigers with seven tackles, one for a loss. William Phillips recorded two interceptions.

DIGESTIVE ISSUES

The health of our digestive system is the picture of our overall health. The immune system is a picture of gut health and it can either make or break us. Unfortunately, in this day and time with overconsumption of unhealthy foods, obesity, stress, etc., digestive issues are very common. When these problems are not dealt with properly, they can escalate into some very serious health issues such as colon cancer, colitis, ulcers, constipation, gastritis, abdominal pain, and other conditions.

Obviously healthy lifestyle choices with diet, exercise, and plenty of pure water can help combat these issues. Regular chiropractic care is an excellent complement to healthy lifestyle in maintaining a disease free digestive system. The detection and removal of subluxations of the spine restores function to the digestive organs by freeing up nerves around those organs from irritation and stress caused by the subluxation. Subluxations are misalignments of the spine. All regions of the spine and nervous system have an effect on digestion since digestion begins with the mouth and ends with the anus. However, subluxations in certain regions of the spine affect certain organs, depending upon where the nerves extend from the spinal cord to the organs. For example, abdominal pain can be related to irritated nerves in the thoracic area of the spine. Studies and reports have shown that chiropractic care is very effective with conditions such as colitis, dyspepsia (chronic stomachache), duodenal ulcers, gastritis, heartburn, esophagus disorders, constipation, etc. Surveys have shown that chiropractic is commonly utilized by parents for their infants and children that suffer from colic, constipation, and other digestive problems.

Chiropractic is not all about back pain. That is why I encourage all my patients to obtain regular chiropractic care to consistently rid the spine of subluxations so that organs can function efficiently. Happy, healthy nerves that are free of stress make for a happy, healthy digestive system. Please feel free to call me or schedule a consultation to learn more about how chiropractic can help your family stay healthy. ### Violets Are 'Blooming'

In digging up weedy violets in the garden, as I have been doing lately, you might notice greenish "buds" or capsules at the base of the leaves, as in the photo. These are the cleistogamous flowers of the violets, from the Greek "kleistos," meaning "hidden." They are the violets' back-up system of reproduction, since the flowers bloom so early in the spring that few pollinators are active. These flowers never actually bloom, since they don't need to attract insect pollinators because they self-pollinate, as Mary Priestley explains in her new book, "Sewanee Wildflowers in Watercolor." They do produce fruits, and in the photo, if you look closely, a couple of open capsules full of tiny seeds are visible. As the capsules dry, the seeds are thrown out to a distance beyond the original plant, giving them a better start in life.

### Two More Spiders

Two more types of spiders and their webs are worth looking for this time of year. The delightfully named bowl and doily spider, a sheet web spinner, may be found in a meadow or on a listing old wire fence. The bowl is built above a flatter doily, which catches debris and helps camouflage the web. The spider hangs upside down beneath the bowl, which provides protection from above, while the doily protects from below. Another form of camouflage is used by Cyclosa, an orb-weaver. She makes a line of brownish balls of egg sacs and debris in the center of the web, then positions herself in the line, looking like another brownish ball. I saw one of these in a shrub outside the dental offices in Sewanee.

mobile device. Tennessee's online voter registration system  
offers a convenient way for people to easily register to vote  
or change their address if they move. The system allows  
U.S. citizens with a driver's license or photo ID issued by the  
Tennessee Department of Safety and Homeland Security  
to register online.

You can also download a Tennessee voter registration  
application and submit it to your county election  
commission.

Tennesseans must still register online or use a paper form  
at least 30 days before an election to vote.

You can also check your status or learn more about the  
registration process.

Go to <<http://www.govotetn.com>> for more information.

*Tennessee ranks at the bottom in the nation for voter turnout.  
Tennessee ranks 40th in the nation for voter registration. More than  
838,000 Tennesseans are not registered to vote, and 60 percent are  
under the age of 45!*

## Autumn arrives Sept. 22, 2018

Season of mists and mellow fruitfulness,  
Close bosom-friend of the maturing sun;  
Conspiring with him how to load and bless  
With fruit the vines that round the thatch-eaves run;  
To bend with apples the mossed cottage-trees,  
And fill all fruit with ripeness to the core;  
To swell the gourd, and plump the hazel shells  
With sweet kernel; to set budding ore,  
And still more, later flowers for the bees,  
Until they think warm days will never cease,  
For Summer has o'er-brimmed their clammy cell.

Who hath not seen thee oft amid thy store?  
Sometimes whoever seeks abroad may find  
Thee sitting careless on a granary floor,  
Thy hair soft-lifted by the winnowing wind;  
Or on a half-reaped furrow sound asleep,  
Drowsed with the fume of poppies, while thy hook  
Spares the next swath and all its twined flowers;  
And sometimes like a gleaner thou dost keep  
Steady thy laden head across a brook;  
Or by a cider-press, with patient look,  
Thou watchest the last oozyings, hours by hours.

Where are the songs of Spring? Ay, where are they?  
Think not of them, thou hast thy music too--  
While barred clouds bloom the soft-dying day,  
And touch the stubble-plains with rosy hue;  
Or sinking as the light wind lives or dies;  
And full-grown lambs loud bleat from hilly bourn;  
Hedge-croquets sing; and now with treble soft  
The redbreast whistles from a garden-croft,  
And gathering swallows twitter in the skies.
