AngelFest Tonight

The eighth annual Angel Fest will be Friday, Sept. 28, at the Angel Park and throughout downtown Sewanee. Joseph's Remodeling Solutions is sponsoring the family fun and children's activities from 4:30 to 7 p.m. Rain location is Cravens Hall.

There will also be an arts and crafts market and local farmers' market. Food and drink will be available for purchase from local businesses. University Avenue in downtown will be closed.

Musical guests include Jimmy Hall (Wet Willie) with Donna Hall Foster, Kenny Greenberg, Michael Rudder and Shaun Furman. Music starts at 7 p.m. Rain location is the American Legion Hall.

The Reverse Raffle drawing for up to \$5,000 will also be held at the event. Tickets, \$100, are available from local businesses and online at <www.sewaneevillage.com/park/>. They can also be purchased during AngelFest. Proceeds benefit Housing Sewanee.

The Sewanee Business Alliance along with other AngelFest sponsors offer this event free to the community. For more information go to <sewaneangelfest.blogspot.com>.

Fourth Annual Oktoberfest

On Sept. 30 at 5 p.m., you can fall into good spirits and great company with Otey Parish's fourth annual Oktoberfest.

The menu includes German brats steamed in beer on a hoagie bun, warm German potato salad, sauerkraut with caraway, and beer. For the kids, there will be hot dogs. You can also dance to polka music. There is no charge, but donations are accepted.

Please feel free to dress to impress in your best fall/Halloween getup or lederhosen. Bring your kids and their friends too for fun with music, dancing, games and some pumpkin decorating for all ages. RSVP by calling Frieda Hawkins at (931) 598-5926 or <oteyparish@gmail.com>. Parishioners, please bring desserts.

Trustee Community Relations Meeting

The Trustee Community Relations Committee will be in Sewanee on Wednesday, Oct. 10, at which time the Community Council will update the Trustees on topics of interest and concern to our community. If you have topics that you would like the Council to consider, please contact a Council member by Monday, Oct. 1.

Community members are invited to join the Trustees and Council members for a reception at 5 p.m., Wednesday, Oct. 10, at Octo π Pizza and Wine Bar.

Monteagle to Demolish Condemned Church

by Leslie Lytle
Messenger Staff Writer

At the Sept. 24 meeting, the Monteagle City Council voted to demolish a condemned Layne Avenue church and put a lien on the property to recover the cost. In March, Codes Enforcement Officer Earl Geary advised the council the city could pursue this course of action. Geary placed a condemned sign on the structure over a year ago.

The county had previously sought bids on demolition of the church, but only received one response. Three bids are required. The possibility the structure contained asbestos made potential contractors reluctant to bid on the project.

"They don't want to spend the money investigating the cost of demolition and not get the bid," said Mayor David Sampley.

Alderman Kenneth Gipson made a motion the city "contact the environmental people to determine if there's asbestos and if not to have the city tear it down and put a lien on the property to recover costs."

The council unanimously approved the motion.

SUD Reviews Water Tank Lease

by Leslie Lytle
Messenger Staff Writer

Discussion at the Sept. 25 meeting of the Sewanee Utility District Board of Commissioners brought attention to insurance concerns, delaying approval of the lease agreement that would allow Franklin County to install three communication antennae and a microwave dish on the SUD farm tank. These would help to facilitate county-wide communication for law enforcement and emergency responders. In other business, the board received an update on the waterline replacement project and issued a call for candidates to run for SUD commissioner in the January election.

SUD Board President Charlie Smith questioned whether the lease agreement should name SUD as additional insured on the required insurance policies held by the county and independent contractors hired by the county.

"If I was personally entering into this contract, I would want to be named as additional insured so I would know if the policy was cancelled," Smith said. "As additional insured, SUD would receive notice from the carrier."

Jim Woodard of Woodard's Diamond Showcase, is one of the first to donate to this year's Community Chest drive. He is a small business owner, with his store located at Northgate Mall in Tullahoma. Jim has more than 38 years in the jewelry business. He is community minded, and is known for his involvement in numerous charitable boards and organizations. Jim feels like he is part of the community through the friendship of his many customers on the Mountain, and regular attendance at All Saints'. Jim presented the check to Sewanee Civic Association Vice President Brandon Barry, center, and Stratton Barry. Stratton attends the Sewanee Children's Center, a recipient of Community Chest Funds.

Community Chest Receives \$160,300 in Funding Requests

It has been said that happiness has no price tag, but the Sewanee Civic Association (SCA) continues to put a dollar amount on their goal of improving the quality of life for all residents of the Cumberland Plateau. The Sewanee Community Chest supports local organizations that have requested basic needs funding for quality of life, community aid, children's programs, and those beyond Sewanee that serve the entire community. With the entire community's support, Community Chest funding will continue to provide aid where it matters most: elder care, food, books, housing, scholarships, spay/neuter programs for animals, recreational spaces and funding for the local elementary school.

"The amount of money requested this year, \$160,300, shows that the need to support local organizations and initiatives is great," said SCA president Theresa Shackelford.

Since 1943, the SCA has organized the Sewanee Community Chest, which raised needed funds the town could not raise in taxes because it was unincorporated, in order to make municipal improvements. In the last decade, the Community Chest has provided more than \$1 million to organizations in Franklin, Marion and Grundy counties. Past recipients of Sewanee Community Chest funds include the Mountain Goat Trail Alliance, the Sewanee Elementary School Parent Organization, Sewanee's Fourth of July Celebration, and South Cumberland Farmers' Market, among many others.

The 29 nonprofits seeking funding this year include many Plateau mainstays, as well as several newer organizations. The Reach Out and Read program at Sewanee Pediatrics and Adolescent Medicine, launched in 2016, provides infants, toddlers and preschoolers with new books and early literacy guidance during well-child visits. The program has requested a Sewanee Community Chest grant in 2018-19 to cover their book costs for the year ahead.

Blue Monarch, a residential recovery program located in Monteagle, has benefited from Sewanee Community Chest grants for multiple years. Blue Monarch staff member Deanna Barnes shared that last year's grant enabled the nonprofit to conduct key outreach, including their Parenting Sober Program and GED tutoring.

The Sewanee Community Chest encourages all of you who benefit from life in the community to give generously. The Sewanee Community Chest is a 501(c)(3) organization. Donations can be made by payroll deductions, credit, debit, or PayPal, either one-time or recurring. Checks may be mailed to Sewanee Community Chest, P.O. Box 99, Sewanee, TN 37375. For more information, go to <www.sewaneecivic.org>.

Fire on the Mountain Chili Cook-off and Car Show

The sixth annual Fire on the Mountain Chili Cook-off and Car Show will be on Saturday, Sept. 29, at Hannah Pickett Park. The Park is located at 16 Dixie Lee Ave., behind Monteagle City Hall.

The Tracy City Street Rodders will host a Car Show with more than 100 cars participating. The car show is from 10 a.m.-2 p.m. and is free to the public. There is a fee to enter a car in the Car Show. Contact Fred Baggenstoss (931) 235-1760 for more information on the car show.

The Chili Cook-off will be open for tasting at noon. The public can sample all the entrant's chili for \$5. Chili Cook-off teams will represent some of the mountain's finest restaurants, businesses and community groups.

There are two categories of awards for the chili contest. The first award is "Judged Best Chili" and the second is "The People's Choice." The chili can be made on-site or brought to the event. Each first place will receive \$250 and a trophy. There is still room for you to enter and use your secret recipe.

There will be local arts and craft vendors, as well as food and drink for sale. The car show will have a DJ that will be providing music and prizes throughout the day. Proceeds will go to support the local charities and the South Cumberland Chamber of Commerce.

For more information go to <www.southcumberlandchamber.com> or call (931) 924-5353.

RE: KAVANAUGH'S NOMINATION

To the Editor:

Ms. Walter's letter (Sept. 21, 2018 issue) reflects the main stream media's pundits re this whole episode. The implied premise is Kavanaugh is guilty as charged by Dr. Ford.

This is exactly opposite of our concept of justice in our Constitution and the processes flowing from it. The unspoken and unadmitted reality is this is basically a partisan left bias procedure against the present majority in Congress and the White House, who made the nomination. Dr. Ford's accusations should not be taken as true without more. The "more" that Dr. Ford is demanding, is a further investigation of Judge Kavanaugh, not a

further investigation of the facts surrounding her allegation, which is all it is at present and nothing more. She has no supporting facts other than the pure allegation. I hope this is not a further development of the "me too" movement, where a mere accusation counts as probable conviction. As a lawyer, I could cite a substantial number of cases where allegations are false.

Judge Kavanaugh has no hesitation about testifying in the open before the Judiciary Committee. Dr. Ford has insisted on all sorts of restrictions on any process subjecting her allegation to serious scrutiny. This does not bode well for Dr. Ford's credibility. I would consider this a travesty on our republic's principles if this nomination failed based on this implied premise.

*George Goodwine
Monteagle*

KAVANAUGH'S NOMINATION

To the Editor:

"Kavanaugh's sexual assault victim," his "serious sexual assault," "his victim," he "put that crime behind him." These are quotes from a recent letter convicting Justice Kavanaugh with neither evidence nor due process.

At the time of this writing, we have a cascading series of claims being made (all denied by the witnesses named by the accusers), but with full, necessarily lengthy investigations demanded. The timing is highly suspect and one of the claims was actively hidden during the hearings. Decades after the alleged crimes, it's almost as if the delay of Justice Kavanaugh's confirmation is far more important

than actual justice.

Why must these women be believed immediately with no proof whatsoever, but others not so much? Politics. The Supreme Court has veered so far from its intended purpose that any Originalist nominee must be stopped. If the Constitution, intentionally hard to modify, must be followed, then "rights" cannot be invented from thin air and the States will be able to vary one from another. Since the Constitution expressly limits the power of the central government, those who want to control all aspects of our lives must achieve it through an activist judiciary.

The extreme actions from the left during this confirmation process will seem tame if Justice Ginsberg, who believes in a "living Constitution" (i.e., modifiable via the courts), retires and has an Originalist replacement named.

The Sewanee Woman's Club (SWC) will hold its October meeting on Monday, Oct. 8, at noon at the Dubose Conference Center in Monteagle. This month's program will be a panel discussion of Food and Hunger Issues on the Mountain. Participants will include representatives from local feeding programs, including Otey Memorial Parish and Morton Memorial Methodist Church.

The price of lunch is \$14 and the reservation deadline is today (Friday), Sept. 28. To make a reservation, call Janet Miller Schmidt at (504) 858-5221 or email Glyn Melnyk at <g.ruppemelnyk2015@gmail.com>. Lunch for this meeting is stuffed pasta shells (vegetarian friendly) with marinara sauce, Waldorf salad, French bread/butter, and peach cobbler with vanilla ice cream.

The Sewanee Woman's Club hosts luncheon meetings on the second Monday of each month, through May, except January. There is an optional social time at 11:30 a.m. Childcare is available upon request.

Thirst for Knowledge

Please join community members for "Thirst for Knowledge," a monthly event featuring diverse experts discussing a wide range of topics in a casual environment. On Wednesday, Oct. 3, Stephanie McCarter will present "Translating Ovid in the Age of #MeToo" with moderator Nicky Hamilton. The talk will begin at 7 p.m. at the Blue Chair Café.

The #MeToo movement has revealed alarming truths about the pervasiveness of sexual violence. But to what extent can and should this new awareness change the way we understand the past?

Classicist Stephanie McCarter examines how translators have misrepresented sexual violence in Ovid's *Metamorphoses*, one of the most enduring epic poems from Roman antiquity, and discusses how her new translation will handle this difficult theme in a more responsible way for our contemporary world.

Thirst for Knowledge is sponsored by the Sewanee Civic Association and the Office of Civic Engagement. For more information or to nominate a speaker or moderator, contact <thirstysewanee@gmail.com>.

Myers to Speak at Civic Association Meeting Oct. 4

The Sewanee Civic Association (SCA) will meet at 5:30 p.m., Thursday, Oct. 4, at St. Mark's Hall, Otey Parish.

Social time with wine begins at 5:30 p.m., followed by dinner, a brief business meeting, and a program. The dinner and meeting are free and open to the public. This year, free children's activities will be available. Please RSVP by Friday, Sept. 28, to <sewanee@civic@gmail.com>.

Dixon Myers, associate director in the Office of Civic Engagement will present the program on "Making a Difference in Sewanee."

For more than two decades, Myers has coordinated community outreach activities at the University of the South. Under his guidance, Sewanee's students have engaged in an enormous range of service projects around the world, including assisting with agricultural re-forestation and dental and medical relief in Haiti, serving food to thousands of needy individuals in collaboration with Holy Apostles Soup Kitchen in New York, and contributing to post-Katrina reconstruction and relief efforts in New Orleans.

In 1993, Myers co-founded Housing Sewanee Inc., a volunteer-driven housing nonprofit modeled after Habitat for Humanity. To date, Housing Sewanee has built 17 homes for low-income clients in the greater Sewanee area. In 2015, Myers received the Bonner Foundation's B-Loved Community Award, in recognition of his passion for the Foundation's core values: civic engagement, community building, diversity, international perspective, social justice, and spiritual exploration.

He will speak about the power and potential of volunteerism in Sewanee, including the difference between community service and community engagement.

This year, the SCA is celebrating 110 years of civic opportunities in the community. The association brings together community members for social and service opportunities. The SCA is the sponsoring organization for Cub Scout Pack 152, Sewanee Classifieds and the Sewanee Community Chest. Any adult who resides in the area and shares concerns of the community is invited to participate.

For more information, go to <www.sewanee.org>.

Domain Forum Today

The Domain Forum will be at 4:30 p.m., today (Friday), Sept. 28, at the Blue Chair Café. CRE Assistant Director Andrew Thompson will read his piece "Ecological Grief and Grace," in the forthcoming Sewanee Theological Review, which reflects on recent logging on the domain. He and Domain Manager Nate Wilson will discuss the dialogue that led to that piece, and the questions raised about how we talk about ecological change.

All Saints’ Chapel

Choral Evensong will be sung Sunday, Sept. 30, at 4 p.m. in All Saints’ Chapel. This will be the first service of Evensong for the Advent semester with the University Choir. The choir will sing pieces by Hogan, Nardone, Harris and Friedell. The choir will be conducted by Geoffrey Ward, university organist and choirmaster and accompanied by Zachary Zwahlen, assistant university organist.

Growing in Grace continues Sunday at 6:30 p.m. in All Saints’ Chapel. Kayla Deep, university lay chaplain, will be sharing her story with us. This informal worship service is designed for students and community members, featuring student-led acoustic music, a different guest speaker each week, and Holy Communion. This semester, each of our speakers will meditate on the act of Breaking Ground. We will explore the idea that breaking ground—beginning something new or forging into unfamiliar territory—is a holy, if laborious, act. We want to believe that diving into a new venture, reconstructing a torn relationship, or starting a fresh phase of life will be easy, but when we encounter experiences and perspectives unlike our own, our instinct is to retreat to the familiar and forget the unknown. This semester, we will explore how the vulnerability of newness molds us into the resilient and accepting being God created us to be. We hope to see you there—bring a friend!

The Catechumenate continues Wednesday, Oct. 3, with dinner at 6:30 p.m. in the Bairnwick Women’s Center. Catechumenate, from a Greek word meaning “learning and exploring,” is a place where we explore what it means to be a human being and what it means to be a person of faith in our community. This is a great place to meet new people and build relationships. Food, prayer, questions, and conversation power this process. This week we will be discussing the Ten Commandments and the impact they have on our lives today.

Email Lay Chaplain Kayla Deep at <kayla.deep@sewanee.edu> for directions or more information.

Harrison Chapel

Everyone is invited to Friends and Family Day at Harrison Chapel Church, 254 Otter Falls Rd., in the Midway community of Sewanee. The service begins at 10:30 a.m., Sunday, Sept. 30. There will not be Sunday School that morning. Bro. Mike Rigsby will be bringing the word and we will have special singing by the church singers. Lunch will follow service. Everyone is invited to attend.

Otey Parish

This Sunday, the Lectionary Class will explore Sunday’s gospel, in the Claiborne Parish House, Adult Education Room. Children ages 3–11 are invited to meet their friends for Godly Play. Youth Min-

istry will be in Brooks Hall. Infants 6 weeks to children 4-years-old are invited to the nursery beginning at 8:30 a.m. There will be nursery for both services and the Sunday School Hour.

Amy Bentley Lamborn’s presentation at the Adult Forum at Otey Parish on Sunday, Sept. 30, will focus on Christian theology as a critical, and often systematic, reflection about God. At its best, theology articulates faith in God from the deepest contexts of our lives, including the most particular of our lived, subjective experience. Theology attends to our past, our present, and our future. It is ultimately concerned with human flourishing in light of who we

understand God to be.

The Adult Forum meets in St. Mark’s Hall of Otey Parish on Sundays from 9:45 to 10:45 a.m. Coffee and tea are provided. All are welcome!

The Contemplative Outreach of Middle Tennessee annual Gathering is Saturday, Oct. 6, 8 a.m.–12:30 p.m. The host church this year is Franklin First United Methodist Church, Franklin, (main) campus at 120 Aldersgate Way, off Mack Hatcher. This year’s keynote speaker will be Mary Anne Best, whose topic will be “The Four Consents--A Journey Into the Fullness of Life.” Mary Anne leads Centering Prayer retreats and is a principal writer of Contemplative

Outreach Ltd.’s online courses and Contemplative Life Program, in addition to editing and coordinating new publications of Thomas Keating.

The registration fee is \$25. Please visit <www.centeringprayermidtn.com> to register.

Trinity Episcopal Church

Join us for a Blessing of the Animals and celebration of St. Francis of Assisi. Come with your animal companions to the parish hall at Trinity Episcopal Church, Winchester, at 5 p.m., Sunday, Oct. 7, where we will offer a pet blessing. Light snacks (for humans and pets) will be provided.

Contemplative Spirituality and Sexuality Workshop

The Beecken Center of the School of Theology is partnering with Westina Matthews, adjunct professor for the Center for Christian Spirituality at General Theological Seminary, and the Rev. Tommie Watkins, rector-elect of St. Andrew’s Episcopal Church in Birmingham, Ala., to bring their Contemplative Spirituality and Sexuality workshop to St. Mary’s Sewanee on Oct. 4. The workshop will explore healthy, safe, and respectful practices for discussing faith, sexuality, and sexual identity in church settings, youth groups, and spiritual guidance ministries. Spiritual directors, clergy, and lay leaders will explore holy listening, contemplative spiritual direction, and inclusive practices, all with the goal of creating welcoming communities irrespective of gender, ethnicity, sexuality, class, age, or culture.

For more information and to register, visit <beeckencenter.sewanee.edu/events/contemplative-spirituality-2018>.

SUD (from page 1) — consult with SUD's attorney about adding an "additional insured" requirement to the lease.

SUD Commissioner Paul Evans took issue with the county's lease document being poorly written and SUD needing to "spend time and money to improve it."

"We need to make sure we have our interests covered," Smith said.

Updating the board on progress in replacing old cast-iron waterlines in central Sewanee, Beavers said the Florida Avenue section was completed and the contractors were "headed up South Carolina Avenue." He estimated the project was one-fourth to one-third finished, giving January as the projected completion date.

Plans call for sanitizing and testing each section as it's completed, according to Beavers. Residences will then be connected to the new line, but water will continue to flow in both systems until the entire project is finished. Beavers expressed concern that shutting off sections of the old line could cause problems in the remaining line due to "changes in the pressure profile," since the new line is larger diameter pipe.

Evans asked if SUD faced possible liability issues from leaving the old line in the ground.

"There's so much cast-iron pipe with lead joints in the country it would be very expensive to dig it all up," Beavers said, and "if it was dug up, it would be reburied."

Beavers predicted in the future lead service connections would not be allowed. "The important thing for us is to totally disconnect the lines."

Two commissioner seats will come open for election in January, an at-large seat now held by Randall Henley and the single Marion County seat now held by Ronnie Hoosier. Individuals interested in seeking election should contact Beavers at (931) 598-5611. Regulations require three candidates for each seat. Both Henley and Hoosier will seek reelection.

The board approved the revised South Cumberland Regional Drought Plan drafted by Beavers on behalf of the four Plateau water utilities. The plan provides for co-operation among the utilities in the event of a drought.

Reporting on inspection of commercial accounts to determine if the customer needs to install a backflow prevention device, Beavers said the inspection was almost one-third complete. So far two customers were determined to need backflow prevention devices. Beavers recommended looking next at residential accounts "for small things that are potentially a bigger backflow hazard." He cited rainwater collection, irrigation, and hydronic heat exchange systems where foreign fluids and contaminants could enter the drinking water supply.

Turning to the need to select an auditor by Dec. 31, Beavers pointed out the firm SUD used last year changed hands. "They haven't done any outreach to us," Beavers said. On Smith's recommendation, Beavers will invite a representative from the firm to the next meeting scheduled for Oct. 23.

Rotaract Club Relay for Life

by Bailey Basham, Messenger Staff Writer

The American Cancer Society estimates that roughly one in three people will be diagnosed with cancer. About four years ago, Will Murphy's sister was that one. She was only 28 at the time. She went through treatment and is now healthy again, but Murphy described it as an eye-opening experience.

Murphy, who is involved with the Monteagle-Sewanee Rotaract Club, is part of the student-led team at the University that has planned Sewanee's first Relay for Life for Oct. 6. A fundraiser for the American Cancer Society, the Relay for Life is an event honoring those who have passed from or are battling cancer, cancer survivors and their caregivers.

"The experience with my sister really brought fighting against cancer to the forefront of my philanthropic activities... and when we voted last December on our largest service project for this year, we realized that most people in the club had been affected by cancer. We knew we wanted to do something big to bring the university and the community as a whole together to fight back against cancer, so since January, we've been mobilizing and meeting in committees and putting things together," he said.

Money raised from the Relay for Life will go directly toward cancer research. To date, the relay has raised over \$5 billion to support the work of the American Cancer Society. And for Murphy, after almost a year of planning, he is excited to see the event come to fruition.

"We've raised almost \$14,000 so far in pledges, and we have an additional \$600 through the University. We've sold T-shirts to make more money, and we have around \$1,200 from that. Our final goal is \$20,000," Murphy said. "During the event, people will be selling food and doing raffles as well, so we're very confident that we're going to reach our goal and be able to donate \$20,000 to a really good cause."

Bill Davis, who has been involved with the Monteagle-Sewanee Rotary for the last 10 years, has been overseeing the Rotaract's planning of the Relay for Life. With 36 teams and almost 150 registered participants, he said they expect more than 500 people to attend the event.

"The walk itself is an opportunity for people to come out and be a part of recognizing the survivors and the caregivers, and the Luminaria event following will be an opportunity to remember those that have been lost to cancer," he said. "One of these days, we're going to find a way to cure cancer, and right now, the more money we throw at it, the more likely we'll find opportunities to care for people going through it now and in the future."

The event will be on Oct. 6, beginning at 4 p.m. at the Hardee McGee track and field at The University of the South. For more information about the event or to donate, visit <relayforlife.org/sewaneetn>.

University to Open New Building Lots to Employees

The University of the South is taking action on several recommendations from the Housing Study Group report from last spring. As Provost Nancy Berner reported at the time, the report contained numerous recommendations, and it was clear that additional housing on the University Domain is needed and desired. The report recommended that the University "create new leaseholds," "fund private mortgage insurance for potential buyers or builders," and that "the committee involved with the Village Action Plan redirect its primary focus... to providing more affordable and adequate downtown housing for current University employees."

The University is addressing all three of these recommendations.

First, the University is making 13 new leasehold sites available for full-time employees to build single-family homes as their primary residences. These new lots are located on the Domain and vary in size from 0.25 to 1 acre.

Houses on these lots will be subject to unique fees and restrictions. Further information is available from Sallie Green, superintendent of leases, at sallie.green@sewanee.edu or 598-1998.

In order to manage the anticipated initial period of heightened interest, the University will proceed in stages for eligible employees interested in these lots. Details about the process and timing have been sent to University employees

via email.

After six months (April 1, 2019), if any of these new lots remain unclaimed by an eligible employee, they will be open for deposit and building by non-employees to build single-family homes as their primary residences.

In addition to the 13 new lots, the University also has three lots open in Parson's Green and one open in Wiggins Creek. These lots are subject to their original fees and restrictions.

As well as opening the new lots, the University will offer a financial assistance program for employees who are first-time homeowners.

Finally, in addition to adding home sites for employees to build houses, the Sewanee Village development project is seeking proposals from builders and developers to build homes in the Village. The sites available for developer-built housing are in addition to the 13 new leasehold sites that are being made available.

This effort is an attempt to provide several different housing types, including townhouses; apartments and apartment houses; smaller homes clustered in a cottage court; and duplex homes, both side-by-side and stacked. Developers who are interested in building homes for sale in the marketplace are encouraged to contact Frank Gladu, special assistant to the vice-chancellor, at <fxgladu@sewanee.edu> or (931) 598-3397, for an RFP with more details.

Monteagle (from page 1)

The council also approved paving Chickory Lane located in the vicinity of the water plant. Sampley said the city would only be charged for materials, cost \$13,009, since Marion County would do the work. The city's budget allocates funds to pay for the project.

Revisiting the need to replace the roof on the Monteagle Community Center, which houses May Justus Memorial Library, the council decided to rebid the project.

Asked about internal damage, library Director Karen Tittle said the sheetrock was buckled in places and there were several long cracks in the wall.

The previous call for bids to replace the roof only received two responses. The rebid request will include addressing internal damage in addition to replacing the 25-year-old roof.

Reporting on citations issued since the August council meeting, Police Chief Virgil McNeese said the department made two arrests for criminal activity.

"An individual wearing a ski mask, a long-sleeve shirt and camouflage pants entered the liquor store and demanded money from the clerk," McNeese said. The suspect fled the scene on foot. An investigation coupled with a video recording of the theft resulted in leads and a warrant for the suspect's arrest. The suspect is in custody. McNeese said, "It's possible others are involved." The investigation is still open.

Commenting on the second criminal arrest, McNeese said it resulted from a routine traffic stop. "The officer requested consent to search and located drugs in the vehicle and \$3,000 cash."

Reserve Goldenrod Gala Tickets by Sept. 30

Seat reservations close at midnight on Sunday, Sept. 30, for the second annual Goldenrod Gala—a "night out for Nature" and the principal fundraiser for the Friends of South Cumberland State Park.

Admission is by advance seat reservation only. Seats can be reserved online at <GoldenrodGala.org> or by sending a check to the Friends of South Cumberland, P.O. Box 816, Sewanee, TN 37375. A donation of \$200 reserves each seat.

In addition, online early bidding continues until midnight on Thursday, Oct. 4, at <GoldenrodGala.org> for the Adventure Auction, offering a dozen opportunities to experience unique places in and around South Cumberland State Park. Highlights of the unique experiences available for bidding include Nature Underground: Cave Life of The Caverns; Native American Rock Art Archaeology Adventure; Group Rock Climbing Workshop at Denny Cove; Beersheba Springs Historic Walking Tour Weekend; Children's Nature Adventure Party, and much more. See the website for complete information.

Day-of-event bidding will also take place during the Goldenrod Gala, which will be held at 6 p.m. on Saturday, Oct. 6, at The Caverns music performance venue. This year's gala will feature an artisan-style buffet dinner crafted by Ivy Wild Catering, as well as live music by the Grammy-nominated WannaBeatles.

Coe to Speak at Friends of the Library

Friends of the Library of Sewanee: The University of the South, invites you to attend a lecture by David B. Coe on "Imagination as Mirror: What Speculative Fiction Can Teach Us About Our World." The Friends meeting will be held in the Torian Room of Jessie Ball duPont Library at 4:30 p.m., Tuesday, Oct. 2.

Whether we grew up on Lord of the Rings, or Narnia, or Harry Potter, works of fantasy have long entertained us and fired our imaginations. But at its best, speculative fiction is more than escapism and literary dalliance. Rather, fantasy stories can act as mirrors held up to our own world, allowing us to approach social, cultural, and political issues in innovative ways.

Coe is the award-winning author of 20 novels and as many short stories. As D.B. Jackson <www.DBJackson-Author.com>, he is best known for the "Thieftaker Chronicles," a series set in pre-Revolutionary Boston that combines urban fantasy, mystery, and historical fiction. As David B. Coe <www.DavidBCoe.com>, he writes epic fantasy, urban fantasy, media tie-ins, and just about anything else. He is currently working on a new fantasy trilogy for Angry Robot and a tie-in project with the History Channel. His books have been translated into a dozen languages.

David's newest book, "Time's Children" will be released on Oct. 2. A reception and book-signing will follow the talk.

Ebey Lecture

At 5 p.m., Friday, Sept. 28, at the McGriff Alumni House, "Symmetries@Sewanee" will showcase the mathematical artwork of Frank Farris. All are welcome to enjoy the artwork and refreshments as well as the chance to meet Farris.

Frank A. Farris of Santa Clara University will present the 2018-19 Ebey Lecture at 7 p.m., Monday, Oct. 1, in Gailor Auditorium. In "Creating Symmetry: Making Art with Waves," he will discuss his new waveform technique for creating images from ordinary photographs. Although the focus will be on the art, the audience will enjoy a glimpse into the beautiful world of mathematics responsible for creating the mind-blowing images. Farris is professor and chair of the Department of Mathematics at Santa Clara University and former editor of "Mathematics Magazine." The presentation is free and open to the public.

The Ebey Lecture is made possible by the generosity of Sherwood Ebey, professor emeritus.

Village Development Seeks Proposals

The Sewanee Village Development project is seeking proposals from builders and developers to build homes in the Village. This effort is an attempt to provide several housing types including; townhouses, apartments and apartment houses, smaller homes clustered in a cottage court and duplex homes.

Interested builders/developers can obtain the Request for Proposal (RFP) on the Sewanee Village website at <www.sewanee.edu/village> and click on RFP. Any questions can also be directed to Frank X. Gladu, special assistant to the vice-chancellor at <fxgladu@sewanee.edu> or (931) 598-3397.

Leigh Anna Summers is another proud homeowner through the Housing Sewanee program. She put several sweat equity hours into the home and also into the new construction of a home at Sherwood Springs. The community is invited to attend the house blessing for the family at 5 p.m., Monday, Oct. 22, at 71 Otter Falls Rd. Special thanks goes to George Horton, Joe and Claudia Porter, Rob Matlock, Mickey Suarez, Jimbo Faxon and Bob Burns for all their volunteer hours. Pictured at their new home are son, Cameron and daughter, Jeri Lynn.

SAS Welcomes Families for Upper School Weekend

St. Andrew's-Sewanee School welcomes the families of its 178 Upper School and boarding students to attend Family Weekend, Friday Sept. 28 through Sunday, Sept. 30. The weekend is an opportunity for both day and boarding families to get a glimpse of the SAS classroom experience, meet with teachers, advisors, house heads and coaches, and connect with other families.

Friday's highlights include a home football game and cross country meet with dinner at the field, a parents' reception at Ayres House, and an all-Beethoven concert by the Vega Quartet at 8 p.m. On Saturday, the day begins early with a Q & A session with Dean of Students Laura Clay and Academic Dean Kelley Black, an all-parent meeting followed by a class walk-through, faculty office hours, and a college counseling session for parents of juniors and seniors. Saturday evening entertainment includes Creative Expression at 7:30 p.m. with a very special surprise performance. The event is an evening version of the student assembly that encourages the community to share arts performances. The weekend concludes with a Sunday Eucharist and brunch. The Eucharist, which begins at 10:30 a.m., will feature student musicians. Past parent, the Rev. Annwn Myers will be the celebrant and Head of School Karl Sjolund will be preaching. The athletic events, Vega Quartet concert, Creative Expression, and Sunday Eucharist are open to the public.

The complete schedule is available at <www.sasweb.org/calendar>.

Patterson Named National Merit Semifinalist

St. Andrew’s-Sewanee School (SAS) senior Sophia Patterson was recently named a Semifinalist in the 2019 National Merit® Scholarship Program (NMSP). Sophia is one of approximately 16,000 semifinalists in the 64th annual National Merit Scholarship Program. These academically talented high school seniors have an opportunity to continue in the competition for some 7,500 National Merit Scholarships worth more than \$31 million that will be offered next spring.

To be considered for a Merit Scholarship® award, semifinalists must fulfill several requirements to advance to the Finalist level of the competition. Over 90 percent of the semifinalists are expected to attain finalist standing, and about half of the finalists will win a National Merit Scholarship, earning the Merit Scholar® title.

Sophia is a High Honors student and has been the recipient of multiple academic awards in Latin, math, and English over her career at SAS. She is a cross country and track athlete and multi-year recipient of the Cross Country Coaches’ Award. She has also served in multiple leadership roles and is currently a Proctor and a member of the Honor Council, two of the school’s most respected leadership positions. In addition to taking a rigorous course load at SAS, Sophia is currently enrolled in Intermediate French and Calculus II at the University of the South through a special arrangement that allows SAS juniors and seniors to take college courses for free and for credit at the university. Sophia is the daughter of Neil Patterson, a computer lab assistant in the Franklin County Schools, and Amy Patterson, a professor at the University of the South.

SAS senior Sophia Patterson has been named a National Merit Semifinalist. She is shown here receiving one of many academic awards during the school’s 2018 Honors Day ceremony.

SES Book Fair

Sewanee Elementary School will be hosting a Scholastic Book Fair next week, Oct. 1-4, during school hours. All proceeds from the fair go toward purchasing new books and literary materials for the school library. Community members are welcome to shop in person or online. The online link is available from the school’s website. The Book Fair will also be open during Parent/Teacher Conferences on Tuesday, Oct. 2, from 3:30-6 p.m.

Frame Gallery Asks for Children’s ‘Upcycled’ Artwork

Ever wonder what to do with all the plastic caps and lids you take off containers before recycling? Have any great ideas about creative reuse?

In coordination with Tigers Don’t Leave Tracks! and the Sewanee Parents Organization, the Frame Gallery is inviting local children to contribute “upcycled” artwork made from leftover plastic lids and caps for a public exhibition Oct. 1 through Oct. 27.

The gallery will celebrate the exhibition, and our shared efforts to reduce, reuse and recycle with a public reception Wednesday, Oct. 3, from 4:30 to 6 p.m.

Area children are invited to submit artwork to Harriet Runkle at the Frame Gallery on Friday, Sept. 28, between 3 and 5 p.m., or on Saturday, Sept. 29, between 10 a.m. and 2 p.m.

The Frame Gallery is open Tuesday through Friday from 10 a.m. to 5 p.m., and on Saturday from 10 a.m. to 2 p.m.

Children will be able to retrieve their work on Oct. 26, 27 and 28 between 2:30 and 5 p.m.

Guidelines: All artwork should be smaller than 11 inches by 14 inches, and should be intended to hang on the wall.

Use plastic lids and caps saved from recycled containers for part (or all) of the design. (There is plenty of time, so participants are encouraged to use lids and caps they would otherwise throw away. They can also trade and share with friends or pick up extras from the Frame Gallery).

Backgrounds may be foam trays saved from groceries, a leftover piece of cardboard, or a scrap of matte board (picked up from the Frame Gallery).

Participants may also add other recycled bits and pieces and paint the design.

Artwork should be labeled on the back with name, age and phone number.

Object Idea Exchange Coming to Sewanee

The Isle of Printing will lead Sewanee in a community project centered around The Communication Station - Automated Exchange Interface, an experimental process for people to share and receive objects and ideas. Participants can interact, examine and share with their community in an efficient modern manner that explores our collective ability to communicate with one another as neighbors and citizens of the world.

The event begins today (Friday), Sept. 28, and everyone is welcome. From noon to 1:30 p.m., the Isle of Printing will be in McClurg Dining Hall to begin the conversation, and from 4:30 to 6:30 p.m., they will join the festivities at

AngelFest in downtown Sewanee.

Consider bringing a gift, an object smaller than a shoebox. Participants can bring something they associate with the community of Sewanee or an object they would like the community of Sewanee to have.

Through the shared experience of these objects, the project aims to find pathways towards positive connections and a higher level of interpersonal communication between seemingly disparate groups.

Gifts and stories will shape the exhibition "Communication Station: Automated Exchange" in the University Art Gallery, opening Oct. 25.

Ralston Listening Events

The William Ralston Listening Library, a state of the art listening room on the second floor of the Jessie Ball duPont Library, is hosting several upcoming events.

Monday, Oct. 1, 3–4 p.m., J.S. Bach's "Christ lag in Todesbanden" cantata; 5–6 p.m., Brazilian/Portuguese Bossa Nova hour;

Tuesday, Oct. 2, 3–4 p.m., Leon Russell's "Carney";

Wednesday, Oct. 3, 3:30–4:30 p.m., Beethoven's String Quartet Op. 132; 5–6 p.m., Fleetwood Mac and soft rock;

Thursday, Oct. 4, 7–9 p.m., Contemporary Jazz.

All events are free and the community is welcome.

'Joe Hill Road Show,' Oct. 1

The Shelby Bottom Duo (Michael August and Nell Levin) will perform their educational and entertaining "Joe Hill Road Show: A Musical History of Joe Hill and the Early Labor Movement" at 4:30 p.m., Monday, Oct. 1, in Convocation Hall. The performance/lecture is free and open to the public.

The Shelby Bottom Duo has been described as "Woody Guthrie meets Robert Johnson and Scott Joplin" (The Examiner).

A Swedish immigrant, Joe Hill was a member of the international labor group, the Industrial Workers of the World (IWW or Wobblies), active in the decade leading up to World War I.

In 1914, Joe Hill was convicted of two murders he most likely did not commit. He was executed at age 36 by a firing squad in Salt Lake City in 1915, despite protests from around the globe, including the Swedish ambassador, Helen Keller, and President Woodrow Wilson. More than 30,000 people attended his funeral in Chicago. Six hundred packages of his ashes were distributed worldwide and in every state in the union, except Utah, in accordance with his wishes. He subsequently became a labor icon, famous for his advice – "don't mourn, organize!"

As a songwriter, Joe Hill is considered a precursor of Woody Guthrie, Pete Seeger, and Bob Dylan. Joan Baez famously sang "I Dreamed I Saw Joe Hill Last Night" at the Woodstock Festival in 1969.

The Shelby Bottom Duo will perform Joe Hill's songs and talk about Hill's life, early labor struggles in the United States, and the influence of the IWW's innovative organizing strategies on movements today.

The performance is sponsored by the Department of History, the University Lectures Committee, the Tennessee Arts Commission, and the Departments of Music and Politics.

Pictorial History Book of Grundy County to be Published

The Grundy County Historical Society voted recently to sponsor the writing and publishing of a coffee table style pictorial history book to celebrate Grundy County's 175th anniversary in 2019.

The primary content of the book will be historic photographs submitted for free by Grundy County families and residents, past and present. All walks of life in Grundy County will be included: farming, industry, historic homes and buildings, organizations, schools, churches, families, businesses, etc.

The hardbound book will be published by Acclaim Press, a publisher in Sikeston, Mo., that has published more than 100 county history books nationwide, both pictorial and family history. The company will assist the Historical Society and county residents throughout the project.

Later this month, brochures on how to submit your photos and order books will be distributed through the entire county. Books will sell for \$44.95, and the only way to ensure you get your copy is to order during the pre-sale period before the price goes up.

For more information, contact the Grundy County Historical Society at (931) 592-6008, or email at <History@Blomand.net>, or stop by their office at 465 Railroad Ave., in Tracy City. We look forward to all of you contributing photos for the book.

Gallery Show, Community Screening

The University Art Gallery proudly presents Vesna Pavlović's "Fabrics of Socialism," on view through Oct. 14.

Offering "a psychological portrait of an era burdened with photographic representation of socialist propaganda," Pavlović invites visitors to consider the role of photography in the fabrication and remembrance of communal identity.

On Sunday, Oct. 14, Pavlović, professor Woody Register and students from History 328: Slavery, Race and the University, will host a Community Screening Event in Convocation Hall.

This community screening will be dedicated to the presentation and interpretation of materials from the Lovell Family Papers housed in University Archives and Special Collections. The event will begin at 4 p.m. and is free and open to the public.

VILLAGEREPORT

by Frank X. Gladu

Earlier this month I attended a conference of the National Town Builders Association (NTBA). I joined this organization about a year ago and this was my second time attending. It is an association made up largely of developers, planners and architects. They all have one thing in common, creating spaces for people to live, work and play, creating what are called TND's "Traditional Neighborhood Developments." The opportunity to be exposed to their projects and to see how they approach them is both informative and an eye opener. It has given me a chance to see how projects like our Village development take shape including how a particular project is conceptualized, leading to planning and the challenges of development. Most projects take a very long time to materialize from the planning to the actual physical building phase. In most cases, projects span decades and seem always to have sections or phases that are yet to be completed. As I take this information and apply it to our project in Sewanee, it helps me put things into perspective. We are in the early stages of our development project. The first serious plan for the path we are presently on occurred in 2012. Six years, two studies and an implementation plan later, we are ready to begin to see things happening with the project.

The new bookstore is about to break ground and the efforts related to the creation of housing are gaining some significant momentum. The University has identified several home sites that will be announced soon. These sites will create opportunities for the building of houses in Sewanee. In addition to these home sites, the Sewanee Village Development project will be seeking proposals from builders and developers to build homes in the Village. This effort is an attempt to provide a variety of housing types including; townhouses, apartments and apartment houses, smaller homes clustered in a cottage court and duplex homes both side by side and stacked homes. These housing types may help provide homes that are in the missing middle of the market. These potential homes in the Village will be dependent on developers who are interested in building these homes to sell in the market place. They will also provide a vital aspect to the success of the Village, more people living downtown.

The Village update meeting this month will be held on Tuesday, Oct. 9. There will be two times offered, 10 a.m. and again at 5:30 p.m. at the Blue Chair. The meeting will feature the home sites that the University will be releasing and the University's Superintendent of Leases and Community Relations, Sallie Green, will be leading this month's meeting. She is heading up the coordination of these home sites. She will be available to present the sites and address questions related to how the process will work.

Looking forward to seeing you there!
Frank

MAKING MEANING

Mixed Media Artwork Inspired by Poetry

As individuals who create, the question is not *how* to do artwork but what to do artwork about or *why* do artwork at all. We are wired as human beings to search for meaning in our lives and so also in our artwork. Join Lendon Noe for a weekend of exploring poetry and writing, and then finding ways to translate your response into art. Participants will look at favorite poets and find not only inspiration, but motivation ideas and imagery and a depth of meaning that they might not have found on our own.

DRAWING CLOSER TO GOD

Writing an Archangel Icon

Icon writing is a rich spiritual practice, a meeting place between the divine and the human. Part of the icon's symbolism is transmitted through the step-by-step technique used to create it, including style, materials, stance, and actions.

Join Martha Keeble for this exploration of visual prayer using a traditional Byzantine image of an archangel to draw closer to God.

Both these retreats are Nov. 16-18.

SAS Middle School Soccer Team Advances in Tournament

The St. Andrew's-Sewanee middle school soccer team defeated Huntland Middle School, 2-1, on Sept. 24 to advance to the semifinals of the Central Tennessee Conference Tournament.

Huntland was the first to strike, catching SAS off guard in the first three minutes of the match. Then with 10 minutes remaining in the first half, eighth-grade captain Madison King broke through the Hornets' defense and hammered home a goal.

The teams were evenly matched, but the Mountain Lions' hard work paid off when eighth-grade captain Ava Carlos scored the game-winning goal with 10 minutes remaining in the match. Goalkeeper Libby Neubauer also played well and recorded five saves.

"For the past five seasons, Huntland has knocked us out of the tournament, so this was a sweet victory for our team," said coach Margot Burns. "I am proud of how we came back after giving up an early goal and am excited for our season to continue!"

The Mountain Lions will take on Community Middle School in the semifinals of the conference tournament on Saturday, Sept. 29, in Unionville at 6 p.m.

PILATES FOR GOLFERS

Classes start 5 p.m., Monday, Oct. 1, Fowler Center

Want to take a few strokes off your game? Hit the ball farther and more accurately with less injury risk? Pilates for golfers centers around the center line of movement in the body much like a golf swing. The core strength that is gained through Pilates aids in hip rotation, range of motion, and spinal stability. Increases in stability and rotation

lead to a more powerful and accurate swing!

Classes will meet Mondays at 5 pm in the 2nd floor dance studio at Fowler. Classes are \$12 per single class or \$10 per class if purchased in monthly blocks.

SAS Varsity Soccer Continues to Improve

The St. Andrew's-Sewanee School girls' varsity soccer team had a big week of competition and came through with two impressive victories in their three games.

On Sept. 18, the Mountain Lions hosted Huntland, a team that has held a narrow advantage against SAS in recent seasons. The Lions dominated play, winning 4-1 behind a hat trick from Sarah Beth Hobby and a late score by Kate Butler, with assists from Sarah Grace Burns and Jenna Black. The solid play of Sophia Carlos along the back line also stood out.

On Sept. 20, SAS travelled to Murfreesboro to play Middle Tennessee Christian School. The teams were closely matched, but the Mountain Lions' hard work at winning loose balls and creating and exploiting space with an improved passing attack was the difference in the contest.

Abi Cassell and Sophia Hartman were particularly effective in maintaining control of the middle of the field. Burns scored her first goal of the season on a left-footed shot off a corner kick, and Butler followed with another late score to put the game out of reach, 2-1. Black assisted both goals.

On Sept. 22, the team trekked to Boyd Buchanan for a divisional game and a likely preview of the divisional tournament's opening round. Though the Lions fell short, 5-1, they honed their offensive and defensive tactics in the contest.

After Boyd got out to an early lead, the Mountain Lions continued to fight, and were rewarded for their grit in the final minutes when Hobby mounted a late attack and was fouled in the box. Burns buried the penalty kick to give SAS a well-deserved goal to close out a challenging match.

SAS Volleyball Falls to Notre Dame

The St. Andrew's-Sewanee School varsity volleyball team lost on Sept. 24 to visiting Notre Dame-High School, 25-20, 25-21, 25-19.

SAS's Meredith Foster had a strong game at the net, recording three kills and two aces; Kendale James had five assists; Zoe Wallace posted six digs; Morgan Phares had two aces; Justine Rogers added two blocks; and Katie Finn Hurst had three digs and one ace.

Cowan 5K and Fun Walk

"The Run for Your Lives" 5K and 2-Mile Fun Walk will be Saturday, Oct. 27, in Cowan.

Proceeds go to the annual Cowan Christmas Parade and Market.

Mountain Aquatic Club Competes at Baylor School

The Mountain Aquatic Club (MAC) swam in the Fall Kickoff Classic at Baylor School in Chattanooga on Sept. 21-22.

Seven MAC swimmers competed with more than 300 other

swimmers from Tennessee and Georgia. The seven swam a total of 64 events, setting personal best times in more than 90 percent of their swims. This was their first meet of the season.

The team took home 47 top 10 places. Sam Frazier and Anara Summers had 19 first place swims between them in the eight and under age groups. Will Roberts had two third place finishes, while Sarah-Russell Roberson, Loulie Frazier and Sawyer Barry each had two fifth place finishes in their respective age groups.

Sam Frazier qualified in the 50-yard butterfly for the Southeastern Championships to be held in Huntsville in March.

MAC has 29 swimmers and the team will be in action Nov. 3, at the Greater Pumpkin Meet in Tullahoma.

Tigers Shut Out at Emory

The Sewanee men's soccer team suffered a 4-0 loss at No. 6-ranked Emory University on Sept. 25.

Emory (8-0) scored three goals in the first half, finding the back of the net in the 18th, 25th and 42nd minutes.

Leading 3-0 at the half, the Eagles added a 54th-minute goal.

Despite the clean sheet by the home team, Sewanee (4-4) took eight shots in the match.

Zach Shopovick led Sewanee with two shots, one on goal. James Murray (3-4) saved four shots in nearly 70 minutes, 28 seconds of play.

Caffrey Nabs Another SAA Award

For the second time this season, Sewanee forward Ceara Caffrey has been selected as the Southern Athletic Association Field Hockey Offensive Player of the Week.

The junior recorded her second four-goal performance of her career in an 8-2 win over Converse on Sept. 22.

On Sept. 23 against Bridgewater, the Scituate, Mass., native scored two goals, including the game-winner to help extend Sewanee's winning streak to six games.

In the latest NCAA statistics, Caffrey leads the nation in goals per game (2.14) and points per game (4.29).

Sewanee's Rally Comes Up Short, 21-14

The Sewanee football team, trailing 14-0 at the half, rallied but couldn't quite get there, losing to Millsaps, 21-14, on Sept. 22.

The Majors' defense held the home team in check for the first 30 minutes of the contest, allowing the Tigers (2-2) just 59 total yards of offense compared to Millsaps' 276.

The Majors (4-0) opened the scoring with a 15-yard TD catch with 5:22 left in the first quarter that capped a 14-play, 74-yard drive.

In the second, the Majors struck again with a one-yard rushing TD by Tyler Muse. In the third quarter, the Tigers finally broke the shutout with a 37-yard touchdown reception by Drew Maddox.

Down 21-7 in the fourth, Sewanee's Brinley Rhys recovered a Tre' Blakes' fumble on a punt return, which set up a 10-yard Alex Darras to Colin May TD pass with 6:20 to go.

The Tigers advanced the ball to the Millsaps' 29 in the waning seconds but two incompletions ended the contest.

Darras finished the day 22-of-38 for 195 yards and two scores. The Tigers' Zach Milan ran for 48 yards on 10 carries. Maddox caught four passes for 64 yards and a score. Wesley Porter recorded 11 solo tackles for the contest, while Conoly Koontz added eight, one for a five-yard loss.

Mountain Goat Mud Run to Benefit Mountain Goat Trail

The first Mountain Goat Mud Run, sponsored by Tenacity Adventure Fitness and the Mountain Goat Trail Alliance, will be in Tracy City on Saturday, Oct. 20.

The Mountain Goat Mud Run is a three-mile obstacle course mud run with 15 natural obstacles on the side and top of a mountain on Cove Creek Farm in Tracy City. The event opens at 2 p.m. and continues until after sunset when there will be a bonfire, live music beginning at 5 p.m., and a pig roast to celebrate the fall harvest. Local vendors will be present.

All proceeds from the run go to the Mountain Goat Trail Alliance. For more information or to register, visit <mountaingoattrail.org/race>.

Tiger Volleyball Team Spikes Rhodes

The Sewanee volleyball team took down Rhodes College, 3-1, in Southern Athletic Association play on Sept. 23 in Juhan Gymnasium.

The Tigers (12-3) came out swinging in the first two sets, out-attacking their opponent, 32-14. Sewanee posted a .253 attack percentage in the first two sets while holding the Lynx to just a .060 percentage. Sewanee won the first two sets, 25-19, 25-23.

Rhodes (8-5) avoided the shut-out with a 25-22 win in the third set, however, it did not come easily for the Lynx. Trailing 13-7, the Tigers rallied to take the lead, 20-19.

The visitors took six of the final eight points to win the set, 25-22.

Sewanee responded with a strong fourth set to take the match, 25-18.

Sewanee's Destiny Stewart led all attackers with 18 kills on a .255 attack percentage. She also added a double-double with 10 digs.

Sydney White posted her third straight double-double with 10 kills and 11 digs. Peyton Parent dug out 19 attacks, while Constance Connolly added 51 assists and 19 digs.

The Tigers' Ellie Pedersen re-

corded 11 kills and assisted blocks, and Lilly Reilly posted 14 digs and nine kills.

Pedersen Garners SAA Player of the Week Honor

The Southern Athletic Association (SAA) announced on Sept. 24 that Sewanee middle blocker Ellie Pedersen earned the SAA Volleyball Player of the Week honor.

In three matches, the Franklin, Tenn., native dropped 37 kills for an attack percentage of .455. In 68 total attacks, the freshman committed just five errors. She finished with 43.5 points.

Pedersen leads the team in attack percentage with a .296 clip, good for fourth-best in the conference.

HEARING HEALTH NEWS

by Debbie Gamache,
M.S. CCC-A Audiologist

UP CLOSE AND PERSONAL

Today's hearing aids are custom digital devices that require personalized service to be fine tuned uniquely to each individual. With this in mind, there is every reason to seek the services of an experienced audiologist who can conduct a medical diagnostic hearing evaluation and counsel you on appropriate choices. Individual patterns of hearing loss are different and the optimal model of hearing aid for one person may be less than ideal for someone else. An audiologist is also trained to ask questions that will produce responses to help identify life style and situational needs.

A mutual trusting relationship between the audiologist and you is the foundation upon which successful hearing instrument usage is based. At Debbie Gamache's The Hearing Center LLC, you will find an experienced audiologist who is ready to help you start on the road to better hearing. We are located at 705 NW Atlantic St. Suite B, Tullahoma. Call today for an appointment at 393-2051. You can visit our website at www.thehearingcenterllc.com.

Michaelmas Daisies

Many of us have Michaelmas daisies blooming in our gardens now, having started blooming earlier in the month, but what is Michaelmas? The word Michaelmas is a shortened form of “Michael’s Mass” and refers to a feast on some Western Christian liturgical calendars, variously celebrated as the “Feast of St. Michael and All Angels,” the “Feast of Saints Michael, Gabriel, and Raphael, Archangels,” or the “Feast of the Archangels.” The feast is celebrated on Sept. 29, which is this Saturday. Because it occurs near the autumnal equinox, with the shorter days and the end of the harvest, there are many traditions associated with this day. St. Michael was seen as a warrior against darkness, so his protection was sought as nights grew longer. The flower itself was also seen fighting against the increasing darkness, since it blooms so late and lasts into the fall. Giving the flower was also seen as a sign of farewell. In the British Isles, a goose, fattened in the fields after the harvest, was eaten to ensure enough to live on through the year, or a special bread was baked from the grains of the harvest.

Sewanee Arboretum Tour

Saturday, Oct. 6, 2 p.m., with Yolande Gottfried—In 2013, the diversity of Sewanee’s trees was documented and the campus recognized by the Tennessee Urban Forestry Council as a certified arboretum. More than 120 different species of trees on campus were identified and labeled. The size of this collection qualified the university as a “Level 4” arboretum, the state’s most rigorous category. This is a chance to become familiar with a sampling of these trees. Meet at the corner of University and Georgia Avenues (at the flashing light) near the arboretum kiosk for this easy one-hour walk.

Pets of the Week

Meet Susie Q. & Louie

“Oh, Susie Q., well say that you’ll be mine baby all the time.” Almost 12 weeks old, sweet little Susie Q. is a cool cat indeed. This easygoing Calico loves to lounge around and strike amusing poses. She enjoys other kitties and will slip right into your lifestyle and your heart. She is spayed, microchipped and up-to-date on her shots.

Louie is a bit shy at first, but once he knows you, he will be right by your side. He is about a year old, sports a coat of black and brown, and as you can see by the twinkle in his eye, is looking for fun! Louie is neutered, microchipped and current on his shots. Come fall in love with long, low, Louie.

Sewanee Deer Hunt

The 2018 hunting season in Sewanee runs discontinuously until Jan. 11, 2019. This year marks the 16th year of organized hunting on the Domain after a resolution passed by the University trustees in 2001 requested that the deer herd be controlled.

Since that beginning, the program has continually evolved in response to herd populations, community input, and ever-expanding datasets on the impacts of the herd on the ecological and human community.

The current hunt is organized around the 2016 White tailed deer management plan, <http://www.sewanee.edu/media/offices/domain-management/White_tail_deer_management_plan_Final_1_26_2016.pdf>. This document outlines both the population and habitat goals, and the steps involved to reach those goals. In general, our goal is to bring the population down to what the Tennessee Wildlife Resources Agency feels is a sustainable population (approximately 25-30 deer per square mile) in a way that maximizes safety, minimizes impacts to the non-hunting members of our community, and maximizes student-led monitoring of the ecological and social impacts.

This year the largest change to the hunt is map-related. In previous years, there have been two maps; one for hunting while students are on campus, and another map for when students leave. While the rules for the two time periods remain largely unchanged, we have combined the two different maps to minimize confusion for the general public.

There are minor changes to the hunting hours. During the week, hunters must be out of the woods by 10 a.m., the same as on weekends. We have allowed limited hunting during Homecoming Weekend in zones away from heavy recreational activity. There will be no hunting on Breakfield Road during that weekend to ensure ample hiking opportunities for guests. As always, all trails and firelanes remain open to recreational use during the season and hunters maintain a 100-yard safety zone around all recreational trails.

As in previous years, there may be a surplus of animals available for local families. If you are interested in picking up a field-dressed deer for processing, please email <domain@sewanee.edu>. For more information on the University hunting program and specific rules and times, please visit <<http://sustain.sewanee.edu/domain/ecosystem-management/deer-hunting/>>.
