Shenanigans owner Bill Elder stands in front of the new hood in the renovated kitchen. It is dubbed "The Maserati."

Shenanigans: 2nd Annual April Fool Fest Kicks Off Anniversary Year

by Beth Riner, Messenger Staff Writer

Shenanigans, the grande dame of Sewanee Village, turns 50 this September, but anniversary festivities kick off early with the second annual April Fool Fest and Crawfish Boil on Saturday, April 6.

Festivities run from 4 p.m. to midnight with food, drink, games, and live music. All ages are welcome. Tickets are available at <<https://www.eventbrite.com/e/april-fool-fest-2024-tickets-856206004207?aff=erepanelorg>>.

A \$45 full-day pass includes a Cajun boil crawfish meal plus veggies and trimmings as well as a wristband for all the bands, upstairs and down. Music-only passes are also available. Advance tickets are highly encouraged because they went fast last time.

"It's a big anniversary year for us," said Bill Elder, who's owned Shenanigans for the past decade. "This is probably the most historical building outside of the University that is still standing — this one and Ken Taylor's. I'm told since Rebel's Rest burned; this is the oldest standing wood building in Sewanee."

"There are three big, big things for our 50th — one is the kitchen buildout, two is The Back Room at Shenanigans, and three will be our anniversary celebration sometime in September," said Elder, who's dated the anniversary back to Sept. 14, 1974.

"There is a newspaper article that we have framed from 1974 from The Sewanee Purple that says Shenan-wich Hits the Mountain," Elder explained.

In his 10 years with Shenanigans, Elder has strived to create a place that could provide people careers and a chance to spread

their wings.

"That's one reason why I wanted to do all these different things — a big new kitchen that we can run catering out of, I did the upstairs so that we could have a music venue, we've got the food truck: all of this was an attempt to build a place to work where we can be serious about working here and know that there's opportunity. That was always a big thing for me and continues to be."

Elder said his staff of about 30 is slowly growing into the new kitchen.

"I've always had this saying — and I still say it every day — I don't tell Shenanigans what to do — she tells me. With this new kitchen, me and Shenanigans are in a bit of a tug of war. I think the old girl is reluctantly coming around, but we absolutely had to increase our efficiency here," he said.

The impetus for the bigger kitchen came during the pandemic.

"When Covid happened, we had to get a lot of people outside, which had us getting all this patio furniture, all the deck furniture," he said. "We wanted people eating outside, so we could continue to be a business and, more importantly, so that we could continue to serve the community — to feed this mountain spicy turkey melts."

As Covid restrictions eased, Elder realized they'd substantially increased their capacity.

"If we were full in here, full out there, and full upstairs, then that's three times what we were used to doing, and that little kitchen could not keep up," he said.

Nonfood Supply Drive to Benefit the CAC

The Sewanee Civic Association is inviting individuals, local groups and businesses to help collect donations of nonfood items for the Community Action Committee (CAC). This collection will augment the services provided by the CAC food pantry. Supplemental Nutrition Assistance Program benefits cannot be used to purchase any nonfood items, which includes pet food, cleaning supplies, paper products, household supplies, detergent, menstrual products, diapers, or other personal care items.

This is where you can help. Collect nonfood items April 8–12, and then deliver from 1–3 p.m., Friday, April 12, to the CAC at 216 University Ave., Sewanee. Individuals may also take their nonfood donations between April 8–12, to donation bins around campus at the SPO and duPont Library, and Taylor's Mercantile in Sewanee. You may also take donations to the CAC, Monday through Friday, 9–11 a.m.

There is an Amazon wish list from the Sewanee Community Chest for those who want to order nonfood items. These will be delivered to the CAC. The Amazon link is <<https://a.co/f6TXKX4>>.

The CAC will oversee the distribution of the donations to those in need. The CAC is an outreach ministry of the Parish of St. Mark and St. Paul, with generous support from the Sewanee Community Chest, other organizations and individuals across the Mountain. For more than 50 years, the CAC has provided food, financial assistance, and educational support for persons in the greater Sewanee community.

This is part of the Sewanee Civic Association Treasures for the Chest initiative, a campaign to help promote community-wide service of giving time, support and donations. This event is sponsored by the Community Action Committee, the Office of Civic Engagement, the Sewanee Civic Association, and the Sewanee Community Chest.

MARC Volunteers Needed for Cornbread Festival 2024

This is MARC's third year having a booth in Cornbread Alley at the National Cornbread Festival in South Pittsburg. This year it will be Saturday and Sunday, April 27 and 28, 2024. This is one of MARC's two fundraisers and thanks to volunteers we have made almost \$2,000.00 each year to help spay or neuter animals in our area. It has also helped treat dogs with heart worms and pay for orthopedic surgeries after stray dogs or cats have been injured.

MARC is asking you to volunteer to help staff MARC's booth at the Festival. Volunteers will be serving a cornbread recipe to attendees who pay to sample all the different recipes (made off-site) being served by various nonprofit groups participating in Cornbread Alley and to vote on the one they like the best. All of the nonprofit groups equally divide up the money collected from the patrons paying to get into Cornbread Alley.

The MARC volunteer shifts are on Saturday, April 27, 5:30-9:30 a.m., 9:30 a.m. to 1:30 p.m., and 1:30-5:30 p.m. On Sunday, April 28, 7:30-11:30 a.m., and 11:30 a.m. to 4 p.m., plus clean up.

If you are interested in volunteering for the MARC booth at the Cornbread Festival please text Sue Scruggs at (423) 619-3845.

Church News

Choral Evensong

Choral Evensong, featuring the University Choir Alumni, will be at 5 p.m., Saturday, April 6, 2024, at All Saints' Chapel. There will be music by Ayleward, Gardner and Stanford.

University Eucharist

The University Choir and Alumni will sing at 11 a.m., Sunday, April 7, 2024, at All Saints' Chapel. Music by Friedell and Parry. This service will feature music for brass and organ and a combined choir of over 100 singers.

Christ Church

The Forty Days of Eastertide has begun and Christ Church Montecagle is celebrating them. This year the Orthodox Easter is on May 5, and when that comes around we will have a special notice. In the meantime the Scriptures read in almost all churches which keep a full liturgical year will be accounts in the Gospels of the encounters that the Apostles had with the Risen Lord. The richness of hymnody also shines forth in this Season. The solemnity of Lent is over and joy of Easter has begun.

The service of Holy Communion begins at 10:45 a.m. CDT. Our Wednesday noon services continue and we will have another look at The Feast of the Annunciation, which was transferred this year because March 25 fell in Holy Week.

Morton Memorial United Methodist Church

Like many churches, Morton Memorial UMC will celebrate an old Easter custom begun by the early Greek Christians — "Bright Sunday" or "Holy Humor Sunday" celebrations on the Sunday after Easter, April 7, this year. This time following Easter is especially appropriate as "days of joy and laughter" with activities to celebrate Jesus' resurrection.

Children are welcome at Morton and are given an opportunity to interact with our pastor during worship. All God's Children this week will focus on the concept of joy, with items that often bring smiles to faces! Following worship, children who are five and older will have time together with Ms. Margaret in Children's Church.

This Sunday our worship service will also include the gift of Holy

Communion. It's a time of sharing in the mystery of the life, death and resurrection of our Savior and is offered to all persons regardless of age or church affiliation. All are invited, even if it's the first time a person has visited Morton Memorial. It's an open table, meaning you do not have to be a baptized believer or a member of any church to receive.

Be with us on April 7 as we extend our celebration of the Easter season with Holy Humor! Come for the music, the prayers and the celebration of worship of God this and every Sunday.

Morton welcomes all, regardless of where they may be in their faith journeys. To learn more, accept this invitation to worship with us. If you are unable to attend and want to sample worship at Morton, the service is live streamed on Morton's Facebook page and available there in the week following the service.

St. James Episcopal

St. James, located at 898 Midway Rd., is a thriving, growing, and warmly welcoming church. Our weekly service, Holy Eucharist Rite II is on Sundays at 9 a.m. followed by a time for fellowship. These services are also live streamed on our Facebook page. The Men's Breakfast will be on Saturday, April 6, at 9 a.m.

St. Mark and St. Paul

Holy Eucharists are at 8:30 a.m. and 11 a.m. The 11 a.m. service will be livestreamed on our Facebook page and remains available there afterward.

Nursery services: Infants and toddlers through three year olds are invited to gather downstairs in Claiborne Hall.

Godly Play for Children: Two Montessori-based classes meet 9:45-10:45 a.m. in the Godly Play rooms.

Youth Sunday School is on temporary hiatus.

Wyatt Prunty, the Founding Director of the Sewanee Writers' Conference and the Tennessee Williams Fellowship program, will talk about "Faith and Imagination" in Sunday's Adult Forum at St. Mark and St. Paul. The event, part of the parish's "Creating in God's Image" series, will be in Kennerly Hall from 9:45-10:45 a.m.

Prunty is the author of nine collections of poetry and he served

as editor of the essay collection Sewanee Writers on Writing. He has also been the general editor of the Sewanee Writers' Series and currently serves as editor of The Johns Hopkins Poetry and Fiction Series. His most recent critical work is "Fallen from the Symbolic World": Precedents for the New Formalism.

Bishop John Bauerschmidt will be making his yearly visit to St. Mark & St. Paul on Sunday, April 14.

Unitarian Universalist

The service begins Sunday at 10 a.m., followed by refreshments and a discussion period. The church is located at 3536 New Manchester Hwy., Tullahoma. For more information call (931) 455-8626, or visit the church's website at <www.tullahomauu.org>.

Shenanigans (continued from page 1)

Elder asked the University for permission to expand the kitchen — like everything else on the Domain, Shenanigans is on a leasehold.

"They were awesome," he said. "They wanted Shenanigans to be able to evolve naturally, grow to meet the needs of the community, and grow the business community in the Village in such a way that more people were coming down here."

Elder said that once the University gave its approval, he was pretty much locked into expanding the kitchen.

"They kind of called my hand," he laughed. He began looking for a replacement hood.

He said all of their kitchen operations have changed since the expansion.

"It's a full-on, legitimate commercial kitchen that can do anything," he said, admitting it was bittersweet to see the old kitchen go.

"I remember the day we tore that thing down that I was just so sad," he recalled. "Part of the charm and grit of Shenanigans is that we were able to pull things off in a laid back environment. That went along with the vibe here — it's Shenanigans. It's quirky and not necessarily going to win a James Beard award, but we're going to provide a great vibe, a great meal, and lots of smiles and comfort to people."

"I grew up coming here, and I was an absolute fixture," he said. "I remember being a kid here, I

remember being a college kid here, and, no matter what the quality of stuff was throughout the years, it was still Shenanigans — you could walk in, you could breathe it in, and you could feel the vibe and smile."

"I view Shenanigans as the perennial cornerstone of the hangout vibe in Sewanee — this big blue building on 41 that everyone stops at and says, 'oh my god, I've got to go there.' And when you walk in, we totally deliver that mom-and-pop homegrown, non-corporate vibe every time."

Something new that Elder is excited to bring to Shenanigans soon is a back bar with a speak-easy vibe. He and his staff started working on it when frozen pipes burst, forcing a temporary three-month shutdown. That space had previously housed an art gallery and later, overflow seating.

"We thought it could be a cool back bar with proper cocktails — it's going to have a separate entrance," he said, noting capacity will be about 25 to 30. About five of his current employees are training to bartend. Elder looks for The Back Room at Shenanigans to open mid-to-late April.

Plans are already underway for a huge Shenanigans-style anniversary celebration this upcoming September, and Elder couldn't be more enthused about the celebration and the quirky place that he's loved for most of his life.

"I just pinch myself every day being the current steward of Shenanigans," he said with a grin.

'The Sun Sets Midafternoon'

The Carlos Gallery is pleased to present "The Sun Sets Midafternoon," a by Jessica Hays. The exhibit will be on display through May 3.

Wildfires are raging across the western United States, burning up increasingly large swaths of land every year. While fire is a natural part of many ecosystems, the increasing presence of larger, faster, and hotter fires is a reminder of the rapidly changing environment. In this work, Hays integrates photographs, moving images, and textual works. "The Sun Sets Midafternoon" examines the immediate aftermath of megafires on surrounding communities and what the experience of local fires are like, interweaving narratives of ecological devastation, collective trauma, and climate grief.

"The Sun Sets Midafternoon" began after Hays experienced the devastation of a wildfire in her hometown. This work explores solastalgia, understood as being the emotional and existential distress caused by negative environmental change, and generally felt by people with lived experience closely related to the land.

In the work, there is a tension between the land and how it is integral to our identity, our livelihoods, and our wellbeing, and the sudden, uncontrollable change in which wildfires present. The experience of a wildfire is all consuming. It crowds out your vision. The pillar of smoke cannot be mistaken as anything else. Communities face collective trauma as they wait for news about the spread and containment of fire, constantly refreshing web pages and data bases. Although these are localized examples of wildland fire and the trauma that follows, collectively, the scale of these events is unfathomable. The day to day struggles of normal life continue as fires rage, setting lives in a scene of gray oppression. Cycling endlessly from active fires to aftermath, the images reference the ever worsening pattern of climate driven fires.

Jessica Hays concurrently received a BA in Film and Photography and a BA in Environmental Studies at Montana State University, and an MFA in Photography at Columbia College, Chicago. She is currently a Visiting Lecturer in Photography and Media Art at the University of Tennessee, Chattanooga.

Grimm to Present Ebey Lecture

The Department of Mathematics and Computer Science is sponsoring the 2023-2024 Sherwood Ebey Lecture, honoring Sewanee Mathematics Professor Emeritus Sherwood Ebey.

Cindy Grimm will lecture on "Why an AI can give great chess advice but a robot can't pick up a chess piece under the couch," at 7 p.m., Thursday, April 11, in Naylor Auditorium, Gailor Hall.

The first part of this talk is about large language models (i.e., ChatGPT). How do they work? How are they made? Why do they fail the way they do? We'll open up the lid on these complex models using easy to understand analogies and examples. In the second part we'll transition to robotics — physical devices that use artificial intelligence to move around in the world and manipulate objects. What makes this so hard? Why don't I have a robot to pick stuff up? We'll use examples from everyday apps — like Maps, SnapChat and Zoom — to show why picking up a chess piece is harder than playing chess for AI.

Cindy Grimm works in the area of robotic grasping and manipulation for agriculture, as well as ethics, law and policy related to robotics. Her previous projects include: modeling the developing heart, understanding how the shape of bat ears influences their sonar patterns, art-based rendering, 3D sketching, and interfaces for 3D medical image segmentation. She received her PhD from Brown University in 1995 in the area of surface modeling, spent two years working at Microsoft Research on facial animation, then 10 years as faculty in Computer Science at Washington University in St. Louis. She is now in the Mechanical Engineering department at Oregon State University.

SAS Varsity Tennis Teams Capture Wins in Opening Week

On March 27, the SAS boys' and girls' varsity tennis teams opened their seasons on the road against Notre Dame High School. The boys' team battled in close matches at No. 1 singles (Elijah Stark) and No. 2 singles (Grayson Cleveland) but came up just short. The doubles matchups were very even with Cleveland and Andrew Galloway dropping a tight match at No. 2 and Stark and Will Hernandez prevailing at No. 1 in an exciting, back and forth match that ended with a score of 9-8 (7-5). The SAS boys' team fell to Notre Dame 1-6. However, they bounced back the very next day in their home opener against Warren County High School with a dominating 7-0 victory. Stark, Cleveland, Hernandez, Galloway, and Bryce Archambault all enjoyed wins. In addition, freshman Brody Scales won a singles exhibition match.

The SAS girls' team came out the victor in a nail-biter match against Notre Dame. Carlota Diez Rosety and Vie Virkhaus led the way in singles at No. 1 and No. 2, respectively. However, SAS lost tense matches at No. 3 (Keziah Ingeli) 8-9 (5-7) and at No. 4 (Ketiah Inganji) 6-8, and Keely Kendrick at No. 5 was unable to get the win. Down 2-3 going into doubles, the No. 1 duo of Diez Rosety/Virkhaus quickly evened the match 3-3 with strong play. With the match on the line, the twins duo of Ingeli/Inganji demonstrated steady, smart, and gutsy play to capture the victory 8-5 and the team win 4-3. The next day the SAS girls found themselves in a similar situation against Warren County High School but were unable to convert the win this time. SAS again saw wins from Diez Rosety and Virkhaus in both singles and doubles. Despite strong, consistent play, the SAS girls ultimately fell 3-4 against a determined Warren County team.

The SAS teams host Franklin County High School on April 8 and Collegedale Academy on April 10. The boys' and girls' teams are both 1-1 on the season.

Tigers Top Vikings on the Road

Zach Crain recorded a hat trick and Will Kennedy collected the game-winning goal as the Tigers defeated Berry in men's lacrosse action on March 30, in Rome, Ga.

A Berry turnover led to the Tigers' first goal from Devon Root with an assist from Charles Moran. Berry tied the score at one all with 4:09 left in the period.

Crain tallied a last-minute goal to give the Tigers the lead going into the second with two seconds on the clock.

Crain collected Sewanee's third goal as the Tigers won possession off a caused turnover and ground ball from Jack Selner.

However, the Vikings registered three unanswered goals to end the second and go into half-time up 4-3. Berry continued their streak, collecting two more unanswered

goals to open the third period.

Niko Maheras tallied a man-down goal to start chipping at Berry's lead with an assist from Root.

JM DuPree got the Tigers within one with 2:39 left in the third period off an assist from Will Kennedy.

Drew Perun won the faceoff to start the final period to give the Tigers the ball and Crain was able to connect to tie the score at six all with an assist from Moran.

Phelps Thomas gave the Tigers the lead with 11:54 left to play.

With 6:55 on the clock, Berry tied the score at seven all.

Kennedy collected his first career goal, for the win, with an assist from Maheras. The Tigers' win over Berry moves them to 3-0 in the conference.

Perun went 13-of-19 from the x, and picked up three ground balls. Alec Jazaeri led the Tigers with three caused turnovers and three ground balls and Jack Selner followed with two of each as well. Five other Tigers registered a caused turnover.

SAS MS Tennis Victorious

On March 27, the St. Andrew's-Sewanee middle school tennis teams hosted Warren County Middle School. The boys' team delivered a brilliant performance, securing a resounding 7-0 victory in official matches, sweeping both the singles and doubles contests. Led by No. 1 seed Martin Brodsky, who dominated with a commanding 6-0 victory, and No. 2 seed Flynn Allen, who showcased skillful play with a 6-1 win, the boys' singles lineup set the tone for the match. In doubles, the teams of Martin Brodsky and Jaxon Rudder, Flynn Allen and Mason Rudder, and Logan Close and Asher Cavar displayed great coordination and teamwork, clinching victories with scores of 6-2, 6-0, and 6-4, respectively.

The SAS girls' team engaged in a tight battle, ultimately emerging victorious with a 4-3 win against Warren County Middle School. Impressive performances from No. 1 seed Catherine Barnett, No. 2 seed Ella Matthews, and No. 3 seed Addy Knight secured crucial points for the team in singles matches with scores of 6-2, 6-3 and 6-0, respectively. In doubles, the pairing of Catherine Barnett and Ella Matthews continued their winning streak with a solid 6-3 victory, clinching the win for the team.

On April 1, the teams traveled to Shelbyville to face a formidable opponent in Harris Middle School. The boys' team demonstrated resilience, securing a 7-2 victory on the day. Notable wins in singles matches came from No. 2 Flynn Allen, No. 3 Mason Rudder, No. 4 Jaxon Rudder, and No. 6 Asher Cavar. The team continued their winning streak by sweeping the doubles contests.

The girls' team faced a tough challenge against Harris Middle School, coming up short with a 2-7 loss in tightly contested matches. No. 2 Ella Matthews and No. 3 Addy Knight showcased impressive performances, securing wins in singles matches and demonstrating resilience in the face of strong opposition, with scores of 6-2 and 7-5, respectively.

With a combined record of 5-1, the Mountain Lions are poised for continued success as they prepare to host Westwood Middle School on Thursday, April 11, at 4 p.m.

Spring Firsts

Michele Freeman and **Pixie Dozier** report seeing first Hummingbird on Easter Sunday! **Mary Davis** saw one a day earlier. She notes that she expects them when the red buckeyes start to bloom and she put her feeders out to find one showing up almost immediately. Those red blooms with a long tube leading to nectar are hummingbird favorites. They also like columbines — we had two on ours on Tuesday; males, which arrive first. **Freddy Tucker** reports that he has seen the first hummingbird of the season on April 1. He's got his feeders out!

Deb Tucker writes, "The dogs and I discovered Virginia pennywort at the creek! I had never seen it before, and realize how blind we can be to the beauty all around us." She points out that it is a "mycoheterotroph," meaning that, in this case, it gets most of its food from parasitism on a fungus. It also has green leaves, so it does photosynthesize to some extent.

David Rowe reported black morels on March 15. He further reports, "Last year was a bust. These blacks always come up first and after they did the weather turned to drought, so the morels didn't produce last year. I'm hoping this year will be a plethora of Yellow morels, here soon. Usually goes till last week April if conditions stay positive." He did find yellow morels by March 25.

Camber

Cooper

MARC's Mountain Adoptables

Meet Camber & Cooper

Camber is as loving as they get! A constant companion who never misses a cuddle. She loves to help type emails, do the dishes, and keeps your bath towel warm while you're in the shower. She does good with other kitties and is fairly dog savvy! Camber is around one year old, medium size, and is white with gray/brown tabby markings. She is a beauty just waiting to meet you and to be part of your family.

Cooper is so handsome with his brown/tan body and dark brown muzzle, ears, tail, and lower legs. He is around three to four months old, weighs about 30 pounds and really likes to be loved on and to love on his people even giving puppy kisses. Cooper is very friendly with all size dogs and pays no attention to cats. His foster mom says he is very smart. You will fall in love when you meet him. Don't wait.

If you would like to learn more about Camber and Cooper, please fill out an Adoption Application at this link <<https://form.jotform.com/240344297703052>> and/or contact Sue Scruggs, cell phone (423) 619-3845. These pets are fostering on the Sewanee-Monteagle Mountain and are easy to meet. All MARC animals ready for adoption are spayed or neutered and up-to-date on their vaccines and preventatives.

MARC - Marion Animal Resource Connection is a 501(c)(3) non-profit animal welfare organization. It is not a shelter and relies on foster homes to save animals. MARC also provides low cost and free spay/neuter procedures for animals and is available for teaching humane care of animals in schools and to community organizations.

Sewanee Herbarium Events

Shakerag Hollow Sunday, April 7, at 1:30 p.m., with Mary Priestley, leader. Meet at the Green's View parking lot for a walk among the abundant and diverse wildflowers in this partly old-growth forest. Two miles, moderate to strenuous, with one fairly challenging incline.

Turkey Hollow Trail at St. Mary's Sewanee Conference Center Sunday, April 14, at 1:30 p.m., with Yolande Gottfried, leader. There is a short somewhat steep section going down below the bluff and another coming up, plus a rocky section. But this is still an easier trail than Shakerag Hollow and boasts a wide variety of wildflowers. Meet in the parking lot in front of the main building for this moderate one-hour walk. Facilities available at the conference center.

Gardening

They always called it Magic and indeed it seemed like it in the months that followed—the wonderful months—the radiant months—the amazing ones. Oh! the things which happened in that garden! If you have never had a garden, you cannot understand, and if you have had a garden you will know that it would take a whole book to describe all that came to pass there. At first it seemed that green things would never cease pushing their way through the earth, in the grass, in the beds, even in the crevices of the walls. Then the green things began to show buds and the buds began to unfurl and show color, every shade of blue, every shade of purple, every tint and hue of crimson....

The seeds Dickon and Mary had planted grew as if fairies had tended them. Satiny poppies of all tints danced in the breeze by the score, gaily defying flowers which had lived in the garden for years and which it might be confessed seemed rather to wonder how such new people had got there. And the roses—the roses! Rising out of the grass, tangled round the sundial, wreathing the tree trunks and hanging from their branches, climbing up the walls and spreading over them with long garlands falling in cascades—they came alive day by day, hour by hour. Fair fresh leaves, and buds—and buds—tiny at first but swelling and working Magic until they burst and uncurled into cups of scent delicately spilling themselves over their brims and filling the garden air.

--Francis Hodgson Burnett, *The Secret Garden*
